**Scales And A Tail** Stormy Glenn

[Siren Classic ManLove: Erotic Alternative Paranormal Romance, M/M, shape-shifters]

The paranormal world is in chaos. The elders are tired of their younger people playing the field, causing trouble, and fighting with each other. Everyone who attends the UPAC Conference now has twenty-four hours to claim a mate of a different species. If they don't, they will never have a mate. The spell is cast. There is no escaping the Midnight Matings.

Beauregard Stratford is a bunny shifter. Simple enough, right? Unfortunately, he is the only white bunny shifter in existence. He also is cursed with violet eyes, hyperactivity, a strong weakness for anything shiny, and a penchant for leaving bubble gum everywhere.

When he finds himself mated to Sebastian Drakus, a dragon shifter and prince of his kind, Beauregard can't seem to make himself behave no matter how hard he tries. He wants to be good, to make Sebastian proud of him, really he does, but things just keep happening to him...bubble gum mishaps, getting drunk, not to mention the fact that he is a true bunny and constantly horny. Nothing seems to go right. Can he convince Sebastian he's worth the trouble, or will the dragon prince wash his hands of the whole bunny fiasco?

Susan says

Spoilery review.

2.5 stars

I feel angry. That is what book-angst does to me.

I stayed up late to finish this and now have a headache.

I thought this would be another fluffy mpreg shifter read. My guilty pleasure. But instead I got a stupid misunderstanding.

This is what happens:

*“You’ve all taken a toast with me. As such, you are now bound by the covenants we put before you.”  
“Each of you has twenty-four hours to find and claim your mate,” Elder Lucas said. “If you fail to claim a mate in twenty-four hours, and bring him or her before this council to be recognized, you will not have a mate. You will go feral inside of a week.”*

Sebastian is a dragon shifter. The dragon prince to be exact. And he is not looking for a mate. But when he saves a man from a forced mating, he decides to take him as a mate. It turns out the man’s name is Beauregard and he is a bunny shifter.

It was really cute, a dragon and a bunny shifter. And I loved how Sebastian kept calling Beauregard bunny.

So far everything was fine. They were mated and headed to Sebastian’s castle to live happily ever after. And there was lots of hot sex, which was good.

But then Sebastian acts like a total ass when Beauregard tells him he is pregnant. Sebastian walks away, tells his servants to move Beauregard into a smaller room and doesn’t talk to his mate for several weeks. Beauregard is heartbroken and has no idea what’s going on. Turns out Sebastian was convinced Beauregard cheated on him because no way that baby could have been his, since they’d only known each other for two weeks. Of course the stupid stupid man didn’t take into account the fact that bunny pregnancies last 40 days instead of 40 weeks.

What bothered me the most was that Sebastian really treated Beauregard like shit. He didn’t talk to him and he banned him to a small room in the castle. Poor Beauregard went through his entire pregnancy alone and miserable.

It took a long time for Beauregard to forgive Sebastian. But if I were him, I would have dumped his ass.

If this sort of thing doesn’t bother you, this is actually a pretty good mpreg shifter story.

It just made me very angry.

## **Bitchie says**

I'm very surprised to say that I enjoyed this as much as I did! I mean, sure, this wasn't exactly highbrow literature, but sometimes you just need silly, and this was silly and cute. It had some tropes that I don't usually enjoy much, but they worked well for me here.

---

## **Terra Noah says**

Reviewed for Gayrotic Reviews.

I liked the story and the characters, but I had a big problem with the writing and editing. There were numerous repetitions in the text, both things we'd already been told before (sometimes twice), and words repetitions. In one place, for example, six paragraphs in a row start with "Sebastian". There were also a lot of typos that bothered me. I don't mind some, but I get annoyed when there are too many. The writing itself also bothered me. It was very "telling" with very little "showing". This is my first read by Stormy Glenn, but I'm hoping this isn't the best example of her writing style. I'm surprised Siren Publishing didn't do a better job of editing. This is also my first Siren Publishing read.

There were problems with the characters, but they weren't as big as the writing. The Wolf shifter at the beginning - the one chasing Beauregard - sounds so simple minded with his limited vocab. He kept repeating the same lines over and over. It wasn't the effects of the spell, because Sebastian was thinking clearly enough. Appart from that, I did like how Sebastian and Beauregard met and the mating ceremony was hillarious.

The interactions between the main characters were sweet most of the time. I kept waiting to see that first kiss though, but it never happened. I felt it was missing. It also bothered me how Sebastian kept calling Beauregard "bunny" in almost every sentence he uttered. It was cute at first and would have been fine, if it hadn't been so often.

I'm not a big fan of easy acceptances, and there were quite a few in this story. I felt that Beauregard should have been more bothered that Sebastian had slept around before their mating, since Beauregard was raised with high values of waiting before being mated. Beauregard just shrugged it off. I also felt that Sebastian was too quick to realize that he'd been a scum to Beauregard toward the end. It was like someone pushed a button and Sebastian suddenly saw the light. I wish he'd come to the realization more gradually.

Despite the problems I had with the writing and story, I did enjoy it. It was cute, funny, and heartwrenching. I liked the part where Sebastian was in the dog house. I would have given this book two stars if Beauregard had accepted Sebastian too easily (I half expected he would, but was glad that he didn't). The pace was also decent and I never got bored.

[  
Like the first one there is the thwarted love interes

---

**Breann says**

Big 'ol dragon with a cute little bunny? Yeah, this was cute. But that's about it.

There's some fighting and discrimination happening among shifter kind, so the genius idea was to force shifters to marry outside of their own kind.

So...

Sebastian the Dragon

marries

Beauregard the Rabbit

Cute premise, big bag marries cute and tiny, but it could easily go from cute to silly. And it did. A lot.

Beauregard was an ornery little bunny so it was a lot of fun seeing him get into trouble and his dragon all riled up. I really liked these two together. They were very sweet and, not to mention, super-hot. I loved how Sebastian took care of his bunny and went all alpha, sexy male on him.

But then something dumb would happen, like apples make rabbits drunk. What? \*eyeroll\* Or Beauregard would smell Sebastian's arousal and all hot and horny (which is fine) but he'd be all cave man about it, "Need now. Have it now." Literally, that's what he would say. \*eyeroll\* Or a huge misunderstanding that takes 25% of the book for NO REASON. \*eyeroll\*

Minus all the stupid, this could have been really good.

**Rissa (an M/M kinda Girl!!) says**

Don't expect in depth life changing plot lines when it comes to this series. It's meant to be fun and I think that the authors have some crazy bet going on who can come up with the most crazy shifter combination!

Beauregard = super cute bunny shifter  
(who had my favorite quote in the whole book)

***“I can lick my own balls.”***  
***Sebastian’s mouth dropped open. “You can what?”***  
***“I’m a rabbit.” Beauregard smirked and wiggled his eyebrows.”***

Sebastian = big sexy dragon shifter  
(kind of an asshole at first)

As always these books start out with a forced mating and then it turns out that 'it was meant to be'!

Love it or Hate it...you can't beat licking your own balls!

---

## **Camille Adams says**

This was silly, so very ridiculously silly...and yet it made me smile throughout so three stars.

Chick with a dick to the extreme, confusing and crazy mpregnancy, weird woman-less world, every mill and boons trope thrown in to maximum effect, substantial editing errors, plus some shifting to top it off and you have the Pulitzer Prize equivalent of pulp with which to pass time on the train.

---

## **Honey says**

The premise of this series is rather disturbing. I find it hard to believe that the idea of forcibly making the paranormal community mate by putting something in their drinks and giving them 24h to find a mate is the idea of a mature, intelligent Council of Elders. Maybe because it sounds too close to rape aided by the use of date rape drugs?

Beauregard is saved from this fate by Sebastian. Thinking the best solution is to just mate each other; they do so and make their way to Sebastian’s castle, where they end up really falling for the other. Sebastian isn’t the big, bad dragon he wants Beauregard to believe he is, at least not with his mate. He was gruff but loving and totally unready for being mated to a hyperactive white bunny shifter. For his part Bunny was lovely. Cute and bouncy, he was an adorable character who just wanted to be loved. I liked the rabbit shifters’ traditions and their mating rituals but never really understood why Beauregard was shunned by his own kind, which was a little frustrating.

Stormy Glenn relied on the usual massive misunderstanding to add tension towards the end. But it was fun reading about Sebastian grovelling when he pulled his head out of his ass :) And their babies were just so cute! I wish we could get a story on each of them when they grow up!

## **Candice says**

### **6th read 10-5-18**

I can not get enough of this book! I love it so much.

### **5th Reading August 2017**

I love my Beauregard. He's the best. I can't get over how much I love this book. This might be my most re-read.

### **4th Reading on 1-25-15**

Well, I read this book 4 times in a year and I have to say it never gets old. I still love Beauregard. I love this book so much I bought it in paperback, as well, just so it can sit on my shelf :) This 4th time around I read the paperback and it was weird sitting with an actual book and not my Kindle in my hand. HA! I hardly read them anymore.

### **3rd Reading on 11-2014**

### **2nd Reading on 4-20-14**

### **First Read on 1-27-14**

Holy Sheep! This story gutted me for some reason. My heart **BROKE** for Beauregard. I wanted to castrate Sebastian and that's all there is to it. This is how I felt with Sebastian and Beauregard:

Sebastian is a spoiled brat and Beauregard is as sweet and cute as can be. Hot damn, I loved him.

I will say though that the groveling was spot on. Perfect. I loved how Sebastian knew he was in the wrong, but Beauregard was still hurt so he wouldn't accept it. It felt **REAL** to me. Unlike the whole "oh I am sorry" "you're forgiven, let's have sex" thing we are used to in make-ups. Or should I say I am used to cause it seems like only a "sorry" is needed anymore and all is forgotten.

I laughed so hard in this one, but yet, I cried so hard I thought I would die. My heart couldn't take it. I am not sure why this got to me so much, but I am not complaining.

---

### **Eve Recinella (Between The Bookends) says**

I love Stormy Glenn, so I knew I was in for a treat! This was really good, a rabbit shifter and a dragon shifter. My heart broke for Beau at one point, and I don't think I would have ever forgave my mate for what Sebastian did.

One thing that is going to start to get annoying is if they all begin with the same counsel scene, which I suspect they do!

---

### **Serena Yates says**

The concept of the 'forced matings', including all the consequences if people don't obey these totally arbitrary (as far as I can see even after the second book) rules was still a bit ridiculous.

What made this book more enjoyable than the first was the characters. Beauregard, the bunny, made me

laugh out loud several times. Yes, he may have been a bit over the top, but I still liked him. With Sebastian the dragon being so different, it made for a very entertaining read. I loved the twist about the white bunny shifter's physiology as well, it was a total surprise, but a very good one.

A very funny, entertaining read, once you manage to suspend your disbelief around the forced mating idea.

---

### Leaundra says

Beauregard and Sebastian were so sweet together. They were perfect for each other. Don't want to give anything away even in the spoiler section so you have to read it:-)

---

### Fatimama says

This was really cute, I liked the misunderstanding, angst, and grovel. Seb was really a dumbass but I liked how it was resolved.

---

### Mandy\*reads obsessively\* says

3.5\*

This was a reread, after a conversation on the greatness of mpreg books with Jenni Lea and teaching Gina what mpreg actually is, I decided it needed to be celebrated by rereading this one.

It's still so cute, I mean a bubblegum chewing ( only watermelon please) toenail painting, cute green bunny purse wearing bunny shifter, Beauregard being unwittingly and not quite willingly mated to the prince of dragons.

So yes, great set-up.

Beauregard was honest to his mate from the onset : **“However, I am still a rabbit. That being said, and considering we are now mated, you should know that rabbits are clichés. As the saying goes, we fuck like bunnies. Carrots are an aphrodisiac, and if you piss me off, I will leave pellets in your shoes.”**

I have to admit, I really really wished he had left those pellets in Sebastian's shoes.

Sebastian, Prince of the dragons and full of himself and ass that not only screws Beauregard, he sort of screws him over.

I was so mad at him a lot of the times and yes he grovels, but it's never enough for me. ( you can never have enough groveling)

But still, it's cute, silly fun and I totally have flashes to the movie Shrek right there at the end.

---

### Fani \*loves angst\* says

2.5 stars

I actually believe I felt a few braincells dying while reading this:) Still, bunny tails and smoke brathing dragons aside, it was not bad, in fact I actually enjoyed it. Which makes me ashamed I must admit, but there you have it.
