## **Sex Criminals #4: Sex Police** Matt Fraction (Writer) , Chip Zdarsky (Illustrator)

She can seemingly control time and space with her...parts. She's as relentless a manhunter as law enforcement ever created. And by day she's no one you'd particularly notice, with her quiet suburban life and pleasant-enough job, but when the temporal dimension is used to break society's laws they call...HER. Jon and Suzie get in too deep way too fast as one little sexy fun party crime begets another and the villains of the piece descend. Turns out Jon and Suzie aren't the only ones after all...

### **FrumpBurger says**

So I just started reading comics like two weeks ago, and this one is...it's just great!! It's smart, funny, and full of penis.

---

### **Emily Dones says**

I won't be continuing with this series it gets boring very quick

---

### **Meg says**

The letters section in the back makes me laugh as hard (if not harder) as the actual book itself.

---

### **Daniel says**

This issue does nothing to move the story along. At least the third in the series introduced the police and kinda left you guessing what was going to happen. This issue didn't do anything. I'll keep reading them, but I hope they get better soon.

### **Bradley says**

What is she, a sex-vigilante? Sure, we see some sort of shimmering orgasmopooolice department, but it doesn't make any sense since all the members have to hold down crappy day jobs. Where's the perks in the poooolice?

Our antagonists are funny. And sad. And par for course with our protagonists. Well, at least I walked into this one knowing it was a comedy!

On the other hand, I have to say I probably wouldn't have read it other than for the Hugo Nomination for 2015 for graphic novels. Boy I'm glad I did!

### **Kirsten says**

I love this series. No, I really love this series. Because asides from having a really unique concept it gets sex right, it gets *female sexuality* right and it's written by a dude. That's all I really got to say on this issue, I'll

probably go back to the first issue and do an overall review or maybe I won't.

Seriously though guys. This is a comic series about people who have ORGASMS THAT CAN STOP TIME. Why aren't you reading this yet?

### **Ali Adiby says**

Boring issue. Hopefully the next one's better.

---

### **Ashley Reid says**

I'm still laughing at "Dungeons and Dipshits" I think I may annoy my cousin with that one, he hates when people take the piss out of that game.

Still loving this series. I swear it gets weirder with every comic.

Also as much as I love it, I still have no idea what the hell i'm reading

---

### **Jenny Lynn says**

I should have just bought all the issues they had out at the comic store when I bought 2-4. Oh well, I can go pick up the rest tomorrow. :) Such a hilariously weird comic.

---

### **Callie Rose Tyler says**

Ugh. All the reasons I enjoyed the first issue are missing, there is nothing heartwarming or clever or interesting. The humor has gone from witty to cheap and bawdy as the writer just keeps making the same penis jokes over and over again. It might be for mature audiences but to me it screams juvenile.

---

### **Michelle says**

The complexities build!

---

### **Amanda says**

So. Good.

---

**Krista M says**

If you aren't reading this series, you should be.

---

**Sam Quixote says**

The intro to the comic will have you blasting milk from your nose, while the main comic brings us up to speed on the criminal part of the title. Amazing, amazing, amazing, I love everything about this series - fantastic art, writing, and it's funny as hell. It's Sex Criminals, duh! Go read it! Full review here!

5 Shocking-Stars! ?????

What?! I cant believe the person who sold out Suzie and Jon! Im not telling who because it blew my mind. And i want it to blow yours. Now they are stuck in some really deep sh!t and i don't know what they're going to do.
