## **The Best Revenge** Tacie Graves

Sex with a handsome stranger seems like the perfect revenge after Mina Hemingway walks in on her fiancé redefining the term "personal assistant." Marco Genovese has come to Miami from Italy to expand his resort empire. What happens when Mina decides the handsome billionaire is exactly what she needs to get back at her ex? Marco will have to decide either to play by her rules, or turn the tables and teach her that the best revenge is more than a one-night stand!

This is an erotic short story of approximately 8,500 words. For mature audiences only.

Their story is continued in Making Mina: Strings Attached

Pages: 31

First in the Making Mina erotic romance shorts revolving around the shy, frigid Mina Hemingway encountering the smoldering Marco.

### My Take

What is this with the shorties? Yes, this is good. And I'm torn between ragging on about Graves putting out this tiny little taste. And then she has two more shorties—"Strings Attached" (63 pages for \$2.99) and "Compromising Positions" (69 pages for \$2.99); or you can save and buy all three for a mere \$4.99. WTF??

A whopping 163 pages for the bargain price of \$4.99. If Graves put this together as ONE short story and then sold it for \$0.99 or even up to \$3.99, I'd say jump on it. It's well worth it. But it just chaps me when I feel as though I'm being screwed. I suspect I feel this way because of the come-on with this initial short. It's like freely giving a friend a bit of heroin, and then making them pay for it once you've got them hooked.

That rant over, it is impressive how much heat and menace Graves manages to create in a mere thirty-one pages. Trust me, even without having read the next two shorties, if you read this one, you'll want to read the next two, so save some money and just buy the collection. Or skip it entirely.

### The Story

Mina has just been resoundingly dumped. Oh, in some ways she's grateful. In other ways, she'd love to figure out a way to smack him back!

And Marco Genovese is just the man to heat Mina up.

### The Characters

**Mina Hemingway** is a frigid woman, who's been engaged to Ethan for the past four years.

**Ethan Masters** is a lying, cheating scum who happens to design golf courses.

**Marco Genovese** is a wealthy Italian who is being pursued by golf course designers eager to engage his business.

### The Cover

The cover is a metaphor for Marco's intentions in black, grays, white, and flesh with a red-violet spark in the text with Mina in a backless evening dress with a be-suited Marco cupping her ass.

The title is what Mina wants, *The Best Revenge*.

Jan 2014 Erotica/Romance/Smut Review Challenge - to catch up on my backlog.

This would've gotten 4 stars if not for the fact that it was so very short. I understand authors trying to do serial novels to draw more money from their audience, but this was so brief as to be ridiculous. Still, the scene held good tension and the chemistry between the two was believable.

What was this? The first two chapters of a story??

Strange...

so, this was a short, short (did i mention short?) sexy chick lit story, with an amusing female character and a somewhat alpha italian male. lol

Another such a short story that is a ploy to get someone to pay for the second story of a series. Just as I started reading the book .. which was good by the way (Oh wait! Did I really state I read a book?) more like a few chapters of a book! I think that the author has great potential just wish there was more to this work in order for me to have something to actually rate and to like. I loved Mina and her character! I loved all of the other characters in this story and I am only going to rate this story low because I wish that all the works were together for one price instead of a teaser that wasn't more than a few pages!

Making Mina.....

Short and simple and to the point...

Yes...that about sums it up.

Since the book is so short....You don't really get to see the depth in the characters but whatever you see....it's entertaining enough...

Looking forward to the sequel...

Saucy little fantasy!!! This was an incredibly short story... Just over 800 pages on my kindle I had this finished within a couple hours. This was an awesome start to the story. Mina is just your average good trying to make a life. Only her architect fiance changes all that when she finds him with his young assistance in a very compromising position. Now she has a plan drowned her sorrows in liquor with a fantasy of finding a sexy strange that will help her dish out some much deserved revenge. Revenge comes in the form of a sexy billionaire named Marco. Marco just happens to also be a past acquaintance through her husband. Having caught her eye previously it comes as a complete shock that he had noticed her as well. As I said this was very short, and it only leaves room for the a very abrupt and intriguing encounter. Though, the brief glimpse at this story will have reader anxious for more. This is just the start for Marco and Mina, and have to see more!~BookWhisperer Reviewer Jo~

was a decent read but wish there was more to it. I knows it was a novella going into it but just left me wanting more. And yet I don't feel inclined enough to pay another \$2.99 to see where the next few chapters go.

Revenge sex in stories are pretty damn sexy when written well. Thankfully, Tacie Graves is up to the challenge. However, I am not really sure why this novella was classified as erotica. Don't get me wrong. The sex scene was plenty steamy but when I see a story classified as erotica, I expect more "imaginative foreplay" and more than one type of sexual act. Still hot though and worth the "free" read. Enough to get me to fork over \$3 to read its sequel.

Can't believe this is considered a book. Will however, read the second one. It seems to have a few more pages.

I couldn't put it down

**M says****Quick read**

It's about a girl who has been with her college sweetheart for four years to come home early to catch him with his assistant in her bed. She is devastated then heads to a bar to drink her pain away and she is approached by a gorgeous man.

Making Mina gets a 4 star rating, from me for the story, since I thought the plot line was really good. I enjoyed the idea of a woman ready to revenge against her cheating fiance. And to do it with the fiance's 'job of a lifetime that got away' was really great.

The chemistry between heroine and Hero steamed up my book reader and definitely made me a little warm. The possessive twist to the Hero was nice as well.

However, the novella loses a star since I was disheartened to see this is a serial novella. And it's not really a novella at all. It really reads as the first couple chapters of a book and then leaves you hanging for the rest of the story.

It disappoints me to see authors creating these 'serial novellas'. It is one thing to give me \$.99 novellas, which have good plot and story to them. But to give me 31 pages for \$.99 and then turn around and charge \$2.99 for next 63 pages of this story - which you have to read in order to truly find out what is going to happen with this couple - is disheartening. And this comes from me as a both a reader and an author.

I don't mind book series, or serial novellas, if they are priced accordingly. I also know how Amazon creates publishing options that can push authors in a higher priced direction.

Having said that; I believe these serial novellas should be written as a whole story and split evenly or just written in their entirety and sold. By purchasing both the first and second novella, I will have spent \$3.99 on only 94 pages. And this does not include the 3 part of the series that is mentioned. Honestly, just write the whole novel and sell it for \$2.99 or \$3.99 in it's entirety.

So, before going in know this story is a really good concept and is nicely written, but it is not complete. It will also require you to continue to purchase the entirety of the book.

Short story with revenge, passion, hot and erotic.

Mina is looking forward to take revenge for her boyfriends - Ethan - betrayal..and all she is look is for hot and sexy man for a one night stand ..but when Marco takes her and shows her what love and passion is ..its difficult to remember who Ethan is.

Can a one nightstand turn in life long love? We have to see that in next one in series..it was overall a good, fast and hot mess read\*winks\*.

Sri.

## **Michellersn says**

This book is way too short, there's only a few chapters. There are some pretty steamy scenes in this book but I find Marco to be too possessive and controlling to the point that he would make sure Mina doesn't leave. Kind of creepy? At least the other 2 books are worth continuing with the read.

**A decent read.**

Similar plot to most "sugardaddy" books I've read. This sets itself apart from others in that the "sugarbaby" seemingly had it all together (so she thought). Kind of makes Italian men seem too domineering (or maybe they are like that).
