I was given a ARC in exchange for my honest review.

Of course, if you love Jacob as much as I do, then you are VERY excited for more Jacob and Leila. And Ava did not disappoint.

Throughout this read I found myself actually getting very angry at Jacob. How he was acting towards Leila and keeping secrets, it bothered me. He made me mad and he BETTER make it up to me soon. ;-)

Of course at the end we learn his secret. And its a BIG one. Cannot wait to see what happens with that new information. It had humor and hot scenes like always. A wonderful new addition to Leila and Jacobs story and excited for more! a great, short read :-)<3

" Keep it up and we're going to give the photogs a first row seat to me taking you out," ( laughed so hard. Love these two! )

\*\*\*\*\* I received an ARC copy in exchange for an honest review\*\*\*\*\*

I have to say I was a little upset with Leila(even though she's a sweetie) in this installment because it seems she has learned nothing since the Cade incident. Girl stop grinning & blushing for every man you meet. I also could not believe she ambushed her husband into accepting his brother in his home when he wasn't yet comfortable with even having a brother. I guess her heart was in the right place but come one have you learned anything from dealing with Cade & Rachel. Well Jacobs mother is still mean as nails but can she be trusted for answers when she kept him in the dark all those years, I wonder. But on the plus side the loving couple are still very much in love & in the sexy newlywed stage. Their intimacy knows no bounds, they are anywhere, anytime, any place lovers and that's off the charts HOT!!!! It was quite the nail biter I can't wait to see what happens next!!!! Ava is the best at keeping you wanting more & more!!!

I received an ARC copy for my honest review.

The Billionaire's Wife (Part Two) is the second of four installments in The Billionaire's Wife serial series.

It's a quick read and we pick up where we left off at the end of part 1. Leila has found out the secret Jacob was hiding and in her typical manner tries to help and protect Jacob.

We see more of Alicia and I love the changes we see in her so far. The story ends with a cliffhanger secret revealed by Jacobs mother.

Can't wait for January's installment!

I loved this book, I was so happy with how they were finally communicating with each other again. I really don't want to read a lot about them fighting because when His Submissive series was over it ended perfectly so I don't need a new series messing that up lol. We readers were given a shocker of a storyline and I liked how it played out, how Leila took some things into her own hands, that whole scene at his and her penthouse was tense, serious, and so amusing in the end. Of course the sex is hot as ever and Alicia evil as ever. The ending was quite the cliffhanger but does not change my mind about the new person in their lives and only hoping this person doesn't hurt our Jacob.

Wow! Ava really does know how to leave readers on the edge of their seats! An excellent read for the new series! Will the drama ever end for Jacob and Leila? Can they get to their HEA without so many issues? Leila has discovered Jacob's secret. Although the secret initially began as Alicia's dirty little secret. But the secret is not so little anymore. The truth is out and Jacob and Leila are both determined to make the best of things. Or so it seems. Leila hopes Jacob will be able to embrace his long lost brother Cole, but is she expecting too much? It appears as the two are able to come to terms with having a new family member, there's so much more for the couple to discover as Alicia drops yet another bomb on them as she reveals a secret about Cole. I am highly anticipating the release of The Billionaire's Wife 3! I can't wait to read what happens next.

I love reading an Ava Claire book. Her characters are so deep and so developed that I know I'm going to fall in love with them. I love Jacob. I love his Dominant alpha ways. But I also love Leila. She's so feisty. She means well but she's very much the doer without thinking things through! This leads to some quite funny moments when she has to face Jacob and explain exactly what she's been up to!!

Ava writes her bedroom scenes in such a sexy way that there's steam coming off my kindle when I read them! They are damn hot!

I love the cover styling that Ava has gone for in these books. They match the previous series but are different enough to know you're on a different series. I have no idea how she came up with the idea of one picture but four different colours, but they look fantastic.

I need these books for my Ava shelf!!

Jacob finally tells Leila the big secret. She's so happy that her imagination can take a rest now. Jacob's erratic behavior is a little unsettling but when Leila steps in to try and mend fences between Jacob and his newly found brother, Cole, things turn around unexpectedly. Has she not learned anything? When Alicia drops a bomb at the end of this part of the story, will it be the truth or just another lie?

Part 2 of Jacob and Leila's story and it's SUPER hot! I really don't like watching Leila walk around on egg shells so she doesn't upset Jacob but at the same time, I love that Jacob can never stay mad at her for long. They are still very much in love and he accepts her for who she is. I can't wait for the next installment to find out if Alicia's bomb is truth or lie.

Received a copy in exchange for an honest review.

5 Stars

This book was given to me for my honest review.

This is the second book of The Billionaire's wife and actually you need to read Ava's whole collection because they are awesome. This amazing author gives so much to her writing that words become indescribable at times when trying to review a part in the next journey.

Leila and Jacob's journey continues with amazing hot sex again and a little twist from where they left off in part 1. Trying to play the matchmaker that Leila thinks she is can be twisty and surprising at times though Jacob might not see it that way or does he?

This is an amazing read. Ava you did it again.

Happy Reading

I was given a copy of the book for the express purpose of an honest review. The rating and review are solely mine and in no way was I compensated.

Ava is incredible in writing her twisting and turning storyline! Part 2 picks up right where we left off in part 1. We finally see Jacob telling Leila his secret-and it's a doozy! Leila is estatic that his moodiness wasn't at all about her like she was thinking. How they are continually being plagued by Alicia and her shenanigans is just awful. Leila tries to help Jacob by getting him to see that it's really not that bad. That does seem to help Jacob and open him up to the possibility that all of Alicia's misgivings don't have to be so negative. But things go south when the two are confronted by Alicia and she drops yet another bomb! Oh my! What to

believe! I can't wait for the next installment to find out! Grab this series today and join the rollercoaster ride! You will be glad you did!

I received this book as a ARC for an honest review. I really enjoyed the story. The twist and turns was exciting. I love Jacob and Leila as a couple, they compliment each other. The sex scenes are hot. any place, any time it doesn't matter. The introduction of Cole Sommers throw in another twist to their life.. The ending left me on the edge of my seat waiting to see what happens next.

Shocker of the century ... for Jacob and Leila. I didn't see this one coming. Leila finally gets Jacob's secret from him and it's a family shocker, his mother had an affair that resulted in a child. Leila does what she feels is right and brings Jacob together with his half-brother and everything seems wonderful until, yep, Mom drops another bomb. Way to keep us hanging Ava Claire! Love how this story is building Leila and Jacob's relationship and at the same time opening them up to their families and how this will impact them as a couple. Jacob keeps fueling the fire for Leila with all of his fun and sexy games. Excited to see what happens in part 3!

I was given an ARC for an honest opinion...

A brother....

A dinner...

A lying mother...

Another issue ahead...

Leila goes ahead and invites Cole to dinner with her and Jacob to see if she can reunite the 2 brothers. Everything went well and looks like the boys are headed in a good direction.

Leila has her issues with her "lovely" mother in law and no matter what is the armor that Jacob needs to get through anything that comes his way.

The only thing to stop and ponder is if it's real or is there another motive behind the brother's appearance.

I want part 3 NOW!!! I need to know!!

I LOVED this installment. It was pretty epic. Again, I am so happy Ava decided to do more Jacob and Leila. We get to see how Jacob and Leila deal with the secret that he has a brother. His brother finds him and tells him who he is. Its awkward and Jacob wants nothing to do with him. But Leila being Leila, haha. Invites Cole over for supper and it was VERY amusing and then Jacob decides he really does want to be part of his brothers life. So him and Leila go to confront Alicia on the matter and thats when Ava drops another bomb on us. I really Liked Cole. I hope he isnt a psycho haha. But of course, that would make for another great story. This series is amazing and a must read for sure. Ava continues to surprise me at every turn.

Continuing the story about Leila and Jacob.

Jacob has revealed his secret to Leila and she has decided to take matters into her own hands....much to Jacob's initial annoyance.

Leila visits her Mother-in-Law who should really be called her monster-in-law because time hasn't softened the relationship between these two!! She really is a nasty piece of work and she has been so well written that her venom spits off the page.

Ms Claire can also write an exceptionally hot sexy scene. The steam in their bedroom, fogs up my kindle screen!!

I am really enjoying this series and am starting part 3 now!
