### **Angel Fire**

My name is Darcy Anderson, and I am cursed with a dark power: Whenever my life is in danger, something inside me summons elemental fire to protect me. I cannot control this.

One night, I was attacked in my home. The fire ... it raged out of control. I survived the inferno, but my house burned to the ground - with my parents inside.

I was at a loss to explain to the courts what happened, and so they sent me to prison for ten years for manslaughter.

Now I'm out on parole, and all I want is to return to my home town and rebuild my life; but the man who attacked me is back to finish the job he started.

I can sense the power in me growing. If I can't control it, it will control me and destroy everything - and everyone - I love.

### **Angel's Breath**

My name is Richard Riley. All I ever wanted was to lead a normal life.

When I was younger, I made some bad choices that ended with me in prison. I served my time, and now I am trying to put my life back together.

But someone has framed me for a crime I didn't commit. They want me dead, and they're willing to kill my friends and family to get to me.

Even as I try to save the people I love, a dark and ancient power grows inside me. I can feel its anger rising.

If it gets away from me, it will rip everything in my life apart.

### **Earth Angel**

My name is Kyle Chase. I had a bright future as a heart surgeon until an accident brought my world crumbling down.

Just as I started to get my life back together, I stumbled onto a conspiracy that began thousands of years ago; a secret my family tried to keep hidden from me.

Now, the conspirators want me out of the picture. They will stop at nothing to silence me.

As I try to uncover my ages-old legacy, I release a dark power that threatens to destroy everyone I love.

### **Angel Tears**

My name is Serena Rogers. After escaping from a juvenile detention center, all I wanted was to get as far away from home as I could and never look back.

Everything changed when I uncovered the dark secret that's been haunting my family since before I was born.

I am not who I thought I was.

When I encounter an army of revolutionaries, I am faced with an impossible choice: fight them and risk the lives of everyone I love, or join them and lose my soul.

### **Angel of Darkness**

My name is Frank. I joined the police force to make a difference, but from the first day on the job, everything I've done has made life worse for everyone around me.

For twenty-five years, I searched for meaning, to make sense of my life, but I never found any answers.

Just when I decide to turn my back on my life's work, I uncover a conspiracy more sinister than anything I ever imagined.

As I investigate, I realize that even if I stop the conspirators, the blood of innocents will be on my hands: thousands will die. If I don't stop them, all of mankind will suffer an age of darkness...

### **Beth says**

A set of 5 books all telling the stories of people who are unwilling host to a variety of angels and their troubles in dealing with the results of that hosting. You have the good guys (trying to help), the bad guys (who want to use the power to take over the world) and a variety of others.

#### **Great book.**

I enjoyed "The Complete Book of Fallen Angels." It keeps you on the edge of your seat all the way through the book.

There was nothing, I didn't like about the book.

I would defiantly suggest this book to other readers.

#### **Loved this series.**

I couldn't put these books down. Loved them. Recommend them highly. Even the typos couldn't put a dampener on these books. There are several.

I only read the first book in this set. I didn't enjoy the characters & it felt more like a rough draft than a finished book. There was too much back and forth between the past & present. A lot of the back story came in the middle of the book & by then I didn't care about it and skipped paragraphs & some pages.

#### **Well thought out and quite enjoyable.**

It was a nice surprise that the pace was action filled. Would be a great mini-series or even could go on as a T.V. show. It is unusual that the four different narrators were all well put together & didn't step on each others toes. Thank you for the great read.

### **Wow! What a series!**

I chose this series because I enjoy reading about the supernatural and fantasy. I was hooked from the first word. I read the series in record time because I couldn't put it down! I would suggest this series to anybody who enjoys a good read.

I enjoyed the three books and would recommend them to any reader of scripture related fantasies. I will be looking for other books by this author.

### **So exiting never knowing what will happen next could not put the books down**

I recommend all ages to read these books the reward will be surreal  
I just wish that fallen Angeles did really exist

## **Pat says**

The writing is quite poor, not sure why people complemented it. Characters are simple with single driving themes. Is this a young adult series?

For the most part, I enjoyed this series. There were times I just couldn't pick it back up... I had to force myself through it. This author seriously needs a proofreader. Many (many) mistakes were made from spelling and grammatical errors, calling characters the wrong name, repeating things, and plot holes.

Ignoring all of that, I enjoyed the story itself. It was an interesting concept.

I'm in the middle of reading book two. Interesting read, so far. But ... maybe the author should look into hiring a proofreader. Example: Stacy is referred to as Darcy, who is the character in, "Angel Fire" ("Angel's Breath," chapter 18).

Whoa!!!

Angel Fire (Book 1)

\*\*\*\*SPOILERS\*\*\*\*

This was AWESOME! Gawd I hurt for Darcy! She's been through hell and back. Like the universe won't give this girl a break. First she her husband is a piece of shit and beats her so bad she miscarries the baby he doesn't even know she carrying. Then in the same moment she discovers she has these powers she has no idea how to control and in the midst of it all passes out and awakes to find her parents dead. She spends a decade in jail only to come out and the only living blood relative she has hates her for the death of his sister. Her ex husband and his daddy have a hard -on for making her life a living hell. A stranger comes to town and in the midst of falling in love with him and her uncle warming up to her she loses them both and her loving aunt all within 24hrs. WHAT. THE. FUCK!!!!!! I am anxious to start book 2.

Angel's Breath (Book 2)

This story was just "okay" to me. I do like that Darcy showed up right on time. I also like the explanation of how the powers are manifested. However, Richard seemed to be kind of a ditz, and it made listening to this story a little painful at times.

Earth Angel (Book 3)

Now we're back on track. This was definitely much more exciting than the last book. I found that I was confused for a moment because Kyle's fathers power transferred to that lunatic Lawrence instead of him. But considering his father's DNA was floating around in that mad man, I guess it made sense. Father Webster (is that his name? Maybe not. Doesn't matter) was a complete fanatical, monstrous lunatic. And his apprentice, though not AS bad was no better. Darcy and Richard showed up right on time to save the day (thank Gawd). Can't wait to see what happens next!

Angel Tears (Book 4)

Wait! Neil (Darcy's boyfriend/lover) had a child?! That he knew nothing about until right before that idiot sheriff shot him and they all died in Darcy's flames?! WHAAAAAAAAAATT!!!!

Well now that that is out. Poor Serena! loses her mom and her Dad within a week! My Gawd. All of these nephilim are destined to live doomed lives. So glad Darcy, Kyle and Richard found her. She's on the right side now.

Angel of Darkness (Book 5)

So originally I was wondering if the entire story was going to eliminate the Grigori we've read about in the previous books . . . But then they showed up . . . and showed out! It was perfect! And Detective Hollingsworth had the trait all along. Go figure!

Darcy ends up taking Serena to the west coast and starting a new life, caring for her as if she's her own. They don't have Neil but they have each other. Richard goes back to Seattle with his girlfriend Stacy and his life falls back into place. Kyle goes back to Chicago and surprises his wife. Detective Hollingsworth transfers back to Brooklyn and he and the Alders become an unstoppable team. Everyone gets their own version of a happy ending (I LOVE happy endings). This was a great ending to an intense series.

#### **Very enjoyable story**

Very enjoyable series. Love the characters and the way the story unfolded. Hard to put down once I started but don't rush, enjoy the multiple plot lines and the way they weave together

### **Karen Church says**

#### **Worth the time**

One of the best supernatural fictions that I have ever read. I caught a few grammatical errors, but still a fantastic read.

### **Leah Speller says**

Wow!! What an amazing set of books!! I will say, yes, I am a christian and I have no regrets stating that openly. The reason for that statement is for the basic premise of these books. There have been a few authors and some movies that have used the book of Enoch as the basis or launching off point for their stories. This author has done so and I was nowhere near offended by his writing. If anything I found them to be enlightening, in a personal way.

Now after saying all that I hope I have not turned you off to the rest of this critique. The characters were well thought out, especially in regards to their back stories. The entire series was how it seemed each circled around another or were touched by another. There was always a connection even from the lightest of brushes. Yet you found even at the end how all the strings tied up.

I do not want to ruin the story for anyone. What I want to do is to create a thirst for these marvelous books. Trust me in this one thing. Once you start you will not want to let you for this story does not just invite you in...it grabs you and you quickly become a part of it.

I hope your experience with this collection is as great as it was for me.
