The Dragons of Chaos

Margaret Weis , Tracy Hickman

The Dragons of Chaos Margaret Weis , Tracy Hickman

The Chaos War Rages

For fans of "Dragons of Summer Flame," this is a new short-story collection, featuring the brave heroes, dark villains, differing races, and all varieties of dragons of one of the most popular fantasy worlds -- Krynn. Edited by Margaret Weis and Tracy Hickman, this volume highlights familiar and beloved characters (and creatures), filling in some intriguing gaps of lost Dragonlance history.

Steve says

For someone like me who wants to read all stories from dragonlance, it was a nice read. But the stories are not that good as the main story line.

Lana says

A great book full of lovely dragon stories but my very favourite apart from the revolt by the gully dwarfs who I always love is the story of the white dragon and I particularly loved the ending!!

Aaron Pellegrini says

This was mildly entertaining. Some stories proved to be a labor, however there were some gems. The story by Weis/Perrin, and the last story in the Icewall were gems. Pierson's story was decent as well. This book was typical of the Dragonlance short story books.

Jim C says

My rating is 2.5 stars. This is a collection of short stories set in the world of Dragonlance.

I believe that a collection of stories will be a mix of liked and not liked stories. Unfortunately, this collection had more stories that I did not care for. Most of the stories in this novel were pedestrian and really did not stand out. There were exceptions and these exceptions are worth the read. I enjoyed "Personal", "There is Another Shore, You Know" (I wish this story was a novel. This story had an interesting concept.) and "The First Gully Dwarf Resistance". Also, Margaret Weis' contribution to this collection was enjoyable. I would recommend these short stories to fans of Dragonlance.

If you are looking for a tales anthology, there are better ones.

J.C. Cauthon says

This is a collection of short stories for the Dragonlance saga. With most short story anthologies, there is a pleasant mix of liked stories and those not-so-liked. This one was an overall "not-so-liked." In truth, I wish I could reclaim the time that I spent reading this.

The stories were mediocre and dull. None of them stood out for me.

So, this was not one of my favorite collections, and I probably would not recommend it if anyone asked for my opinion about reading it.
