The Great Train Massacre William W. Johnstone , J.A. Johnstone

A train full of killers. Two passengers marked for death. And one legendary mountain man. Matt Jensen is in for the ride of his life. And it may be his last...

Rich Man, Dead Man

After surviving a brilliantly plotted murder attempt, the richest man in San Francisco is looking to hire the best protection money can buy. Enter Matt Jensen, who, for the princely sum of \$5000, agrees to escort millionaire John Gillespie and his very fetching daughter on a railway journey from Frisco to Chicago. There's just one catch: the world's deadliest killers are coming along for the ride...

In Provo, Utah, a knife-wielding assassin leads Jensen on a life-or-death chase across the top of the train. In Cheyenne, Wyoming, a ruthless pair of hired guns climb on board, ready to kill anyone who gets in their way. And in Omaha, Nebraska, three more cutthroats join the party. It doesn't take Matt Jensen long to realize this is no ordinary job. *It's a one-way ticket to hell...*

Great, quick read!

A good tale from the Johnstone Clan. Territory covered before, but this may be the best that has covered it. The story is riddled with complications for all, except for the inevitable. The predictability of the Johnstone books is wearing on me as I close in on 100 read. The earliest Smoke books were very unpredictable and anyone could die in those. This book stays in the safe territory of all of it's characters.

The characters in this volume do not stand out as much as others in the various series. The settings are very good at first and simplify as the book continues. This book is one that particularly felt as if it were created with a template.

Bottom line: I recommend the book. 5 out of 10 points.

Matt Jensen

Nice blend of a storyline and the shooting prowess of Matt Jensen. Recognition of the true villain was slow but justice was done in the end. A good read if you are a fan of westerns or this series.

In the Johnstone tradition of excellence, this book continues to please! I kept wondering ... what next?? I read, religiously, a minimum of two hours every morning and then fill in time later, with more reading, if time allows. I found myself anxious to get back to this one, just to see where it was going. Another hit, Jo!

Title: The Great Train Massacre (Matt Jensen Last Mountain Man #10)

Author: William W. Johnstone with J. A. Johnstone

Pages: 368

My rating is 4 ½ stars.

J.A. Johnstone has earned her own acclimation and admiration for her novels the more I read them. Each western author brings to the audience either a realistic tale or more of a fantasy type. Here is a story that is filled with western flavor, danger, romance and suspense. Early on in the novel I sort of figured out who the antagonist was while he was trying to bring about the demise of a wealthy industrialist along with his only child, a daughter.

Yet, it became quite apparent that the author knows how to throw a reader's scent off the trail of the bad guy. Many times through the book the audience will be captured by the constant danger always on the heels of John along with his daughter Mary Beth and their body guard Matt Jensen.

Matt Jensen is quite capable of handling various forms of danger and threats having been taught much wisdom by Smoke Jensen while Matt was growing up. I enjoy novels of the western genre with cloak and dagger activity, underhanded people attempting to gain advantage over others, and the quick draw.

The only minor distraction toward the end of the novel was Mary Beth's play for Matt's attention. While the author takes great pain not to describe anything and leave much to reader's imagination, I was hoping for a different ending. Yet, even with the ending, I enjoyed the tale and look forward to other new stories as well as some of the classic westerns from the Johnstone family.

Will you join me on an adventure? This book has lots to offer those brave enough to delve inside the pages! So saddle up!
