Lol i love the Mystery and everything but i wish it would give you a little more insight into the answer or reveal a few of the answers but omg still amazing the whole war going on i wish Justin would use his awesome Duel swords more but eh kinda wish he choose the other girl again eh lol gotta love the view point of the Females in this novel just see for yourself you'll be thinking Yes thats EXACTLY how girls are lol i'm pretty sure Justan(Edge) is done bonding with things atm :/ kinda sucks but i guess if he had too many bonded then there would be too many bonded to keep up with i also love the fact the author is giving each and every one of Justan's bonded face time if you will but yeah again i just loe this novel so far :) can't wait to get home and start Book 5 XD

I just finished a marathon reading of all The Bowl of Souls Books. As soon as I finished reading the book I wanted to write a review for it. This book was everything I hoped it would be. Many people will be happy to know that Justin is forced to decide between Jhonate and Vannya. I didn't like how he was indecisive between them although truth be told it was much more realistic because If I was in his place I would probably do the same. The story overall took care of many of the loose ends and hopefully the fifth book will take care of everything else. The story has quite a few surprises and interesting moments. I especially liked the growth of the bonded. I have to say the author out did himself. He told much of the in depth information we (the readers) needed to savour the story without it becoming tedious. All in all it was an awesome continuation of he Bowl of Souls series. I would also like to thank the author for his fast work. Many authors take along time to write their sequels and it would be ok if the amount of time they took reflected the books quality but it's rarely that way. I find all the great authors write awesome books in a relatively short amount of times.

"Outstanding!" That's the only word I can use to describe the sheer enjoyment I got out of this novel. And make no mistake, this one really deserves the title of "novel"; Not just for length, but for the power of the events portrayed herein. A dark tide is coming, and betrayal and death walk in its shadow. Hold on to your seats and brace yourselves, because Trevor H. Cooley pulls out all the stops with this one, and really gives us an emotional roller coaster ride of adventure and tragedy.

Great book lots of action and big moves in overall plot. This book answered a few questions that I had chalked up author inconsistencies in the story so I was happy to see those answered in a way that made the world more believable. Overall loving this series.

Well there was a surprise! But it was presented with such a straight face that it took a while to swallow. Trevor is back in form as he add plenty of nuances to his magic systems. He also adds some interesting new characters especially Willum and the Axe. I also feel cheated that some of my favorite characters are now getting lesser and lesser words dedicated to them and I do hope it is made up in future books. The ending is an interesting set up to the next book though Trevor may now be stretching the bounds of his system to drag the story out. Lets wait and see. Onwards!

Decided not to write a review on this novel individually. See the upcoming review of "Mother of the Moonrat" to see my feeling of this novel, and the following.

**Daniel says****Rather enjoying this series**

I like where this is going. Some authors are afraid to kill of characters but if you do it correctly it adds emotion to the story. Things progress, the MC builds up quite nicely. My biggest complaint is the cover seriously, they ewzad was beautiful and strong, but thanks to the cover I can't picture that. Anyways good addition can't wait for the next.
