Tiffany's Return Becca Van

[Siren Menage Everlasting: Erotic Menage a Trois Romance, M/F/M, HEA] Tiffany Cowan is back in Passion to look after her dying grandmother after being away for four years. She takes the opportunity for a break when her grandma has visitors and heads to the Four Passion Club. Matt and Todd Murray are astounded by the change in their neighbour and can't believe how sexy, gorgeous, and grown up she is. They have been looking for a woman they can settle down with and know that Tiffany is that woman. But when her grandmother passes the men aren't sure they will ever get to hold her in their arms again let alone for the rest of their lives. Will Tiffany's pain keep them at an arm's length or will she grab on to life with both hands and hold on? ** A Siren Erotic Romance
