## **Dom Wars: Round Six** Lucian Bane

When Gladiator Inc, an adult toy company expands their market to familiarize the ‘vanilla’ world with the elements of BDSM, the result is a pay-per-view reality show with video feeds streamed live to subscribers. The show, Dom Wars, is a competition to determine the Top Dom that will become the spokesperson for the company.

The contestants all wear cameras to film every moment and angle of the competition, while they complete various challenges to determine who has ultimately Dominated various elements of themselves.

The hero and heroine of the series, Lucian Bane and Tara Reese, have barely made it into the Sixth and Final Round of Dom Wars. This week-long Survival Round will determine the Top Dom, once and for all.

The contestants are taken to an uninhabited island, where they will have to cross formidable jungle terrain. First Dom to reach the boat anchored on the other side of the island wins the million dollars and the title.

Seems simple. Except Lucian’s old adversary, the Sadist Jase Duff from Round One, has been tasked with making sure none of the five teams make it to the boat.

If he is successful, he wins the prize, only it's not money that Jase Duff cares about, its revenge on Lucian and Tara. And his sadistic need to inflict pain makes it game on.

It's over... I'm already in Dom Wars withdrawal, experiencing sub drop...

I was anticipating great things from this series ender and I wasn't disappointed. The authors came through in a big way with a host of twists and turns that kept the intensity level high throughout the entire book. There was no lack of explicit scenes and I loved the way the events of the game fueled Lucian's and Tara's mutual need for each other. The romance that has been developing over the last 5 books really blossomed in this one. The interaction between the characters in the book was tender and loving, but also showcased the unique D/s relationship that Lucian and Tara have - so elegant, respectful, and sweet. I did feel like the ending was a little abrupt. I wanted more warm and fuzzy as well as more about where the characters ended up, but I'm hopeful that these dedicated authors will have something down the road to help us with that closure.

5 EPIC STARS!

THIS. IS. IT.  
THE. FINAL. ROUND.

I effing loved the final round. It was everything and nothing like I expected it to be. It was crazy, suspenseful, action packed, and had enough steam to make you sweat a bit. Ok and seriously, this book starts out with a bang making your kindle sizzle. I did not put this book down until the last word.

This is the continuation of Lucian and Tara's story. This is it. With the tensions high, things are about to get crazy for these two. There will be twists and turns. They will experience ups and downs. But in the end, Tara and Lucian have one goal... make it to the finish line. Who will win the Dom Wars? Who will claim the one million dollars? And will they get the ultimate prize- forever?

I have loved Lucian and Tara since Round One. I have loved their chemistry that has been building and building. I really thought this was the book we could their love shining through strongly. I loved how Lucian was the strong support for Tara and helped keep her focused. I also liked how much Tara grew from book one until the last. I also loved the family dynamics including Becca, Preacher, and Steve. Just an epic conclusion to an amazing series.

I cannot wait to see what these two authors have in store for us next! :)

I'm sorry to say that this final round wasn't what I expected. I LOVED all the previous books. But this one I think it was completely different. It was a survival round. And I enjoy the reading but I'm a little disappointed...

### **Lizzie Ashworth says**

Wow, what a let down. I loved the early books, but this wasn't even about sex or relationships. It's like the authors didn't know what to do with the story line so they threw in a bunch of horrific violence to make it end. Plus they brought in these two other characters--Preacher mostly--and made him a key player. What about the great characters you started with? Why not explore their depths more and keep the dom wars about domination and submission instead of this absurd sidetrack off into reality TV BS. It's like it's not even the same author. Too bad.

Intense Survival of the Fittest demanding it's Top Dom to come forth, September 16, 2014

\*For mature audiences only. This is not a story for the light of heart. Includes BDSM, sex, & violence.\*

Good story, strong characters, & plenty of action. An intense survival of the fittest scenario demanding it's Top Dom to come forth! You will NEED to know what is around the bend! Envision watching Survivor or The Hunger Games on a whole new level with the addition of sex, more violence, & a hand full of Doms who refuse to submit. While some of the story was a bit much for me I did enjoy the ride. Preacher's eccentric attitude, & Lucian demeanor grew on me quite quickly. I'm sure that I would have felt even more connected to all of the characters had I read the first 5 books, but I did enjoy the story even without reading any of the prior books.

Once my TBR pile has been knocked down I may have to read the beginning of this series to appreciate it as it was meant to be.

#### **Great series**

I didn't want this series to end. I really enjoyed this series and really liked Lucian, Tara, Preacher and Becca together doing the challenges and getting thru the missions together even though they had a crazed maniac after them. I thought it was great how it ended but would love to see how Lucian and Tara were outside of the game after it was over.

Dom Wars has been an incredible journey. Not only for the characters in this incredible story, but for us as readers and for the author as well. When Lucian Bane blasted his way onto the indie book scene he brought

with him a style and concept we hadn't seen before. Telling a crazy hot love story that was overflowing with personality, suspense, intense personal demon domination, characters so real and honest that they crawled right under your skin and razor sharp humor. Each round has gathered speed until both book series and author have become one unstoppable force.

Round 6 finds Lucian and Tara getting ready to head into an unknown island jungle with Preacher and Becca as they all struggle to just make it through this last hurdle before claiming the grand prize. Everything is even more unknown about this challenge than all of the others. They have no idea what they're rappelling into other than danger and the unpredictable insanity that is Jase Duff who may or may not be laying in wait to kill them all.

Watching these four characters traverse the jungle and all of its challenges was alternately hilarious, intensely suspenseful and creatively sexy. Preacher and Becca continue to work as the gorgeously tight knit team they are. And Lucian and Tara get even closer through their struggle as they come together to support each other through the unrelenting tension. By the end, all four of them work together as a well-oiled machine watching each other's backs, complimenting their strengths expertly while compensating for their exhaustion and injuries effortlessly.

The jungle becomes a character in and of itself almost overriding the humans in this installment. I sat on the edge of my seat never quite knowing what was going to come around the corner as the new threat. Not to mention the horror that is the sadist lurking in everyone's peripheral vision. Suspense is absolutely the name of the game in this book.

This is the first round in the series that Aden Lowe has co-written with Bane – although he's been along for the whole ride as editor. The result is a gorgeously written book, laced through with nail-biting uncertainty built in an almost perfect arc. The tension is so beautifully constructed that I expected an equally explosive ending and it felt a bit rushed. But that tiny shadow in the spectacular landscape that is this book is hardly noticeable.

The Dom Wars series will always stand alone in the erotica genre for its tone and scope. And while I am thrilled to see these characters through to their happy ending, I'm not even remotely happy to see it end. I've fallen in love with the perfect balance Bane has created between sex, humor and his brutally honest way of examining human nature. I've fallen in love with the cadence of his voice and the rhythm of his storytelling. How flayed open he leaves his characters and readers alike.

I'm so glad that Lucian Bane is just getting warmed up. I'm so glad to know that this is just his beginning as an author. I know he has so much more to say and I'm looking forward to being the willing recipient to all of it.

3 Stars may actually be pushing it for me.

I really have no idea what happened with this book.

The ones before it were ok, but this one? Not Ok

I felt like I was reading a really bad Hunger games book. With some sexy times added in.

Yeah there were a few times I cringed but it wasn't enough to keep me fully interested.

I can't even understand what this had to do with Dom's. Or anything for that matter.

I was amazed at how fast Preacher recovered from his so called severe injury.

Lucian and Tara seemed as though they were secondary characters.

I felt myself more interested in Preacher and Becca.

Or how these couples can just go ahead and have sexy times with no shower or anything remotely cleansing.(unless lake swimming is cleaning yourself)

I really had high expectations with this being the final book and i was disappointed to say the least.

When I first started reading this series, I had no ideal what to expect. I figured it would be some Doms fighting for something. This series has totally open my eyes to look at the Dom/sub relationship with new eyes. A lot of people might get the wrong ideal when they start this series especially if you have a preconceived view about what a Dom/sub relationship is.

This series took me on a spiritual and eye opening ride. The more I read the more I saw that the Dom/sub relationship that Tara and Lucian had was more of what a Husband/wife relationship should be according to the bible. I'm sure everyone gets something different when they read this series but you REALLY should read it!

Tara and Lucian find themselves in the round from hell. I loved the way this round kept me invested in what was happening. I was so tense I was so into it. The characters and story line held my attention and kept me engaged. This was a great series and I can't wait to see what is next from these two authors. Grab a copy and get reading.

4 – 4,5 Stars!

Welcome to the final round!

After the 5th round Tara & Lucian are in similar situation as they were after the 4th round. They get

punished for breaking the rules. But this time they have to hope for the mercy of the other teams to buy them and split the winning if they win. To their luck the Preacher decides to by the American team (Tara & Lucian) and so the journey of Tara & Lucian continues.

The final round is a survival round. On a tropical island with no civilization they have to collect 5 flags. The mission is accomplished when the team collects all the 5 flags and returns to the boat before the other teams.

The flags were hidden by Jase Duff, better known as the Sadist, who made it nearly impossible for them to collect the flags. After the second day Lucian & the Preacher are sure that Duff not only wants to make their life's miserable but that he is after their life's.

The story got better and better from book to book and had a shocking plot in the final book but also a happy end.

~I received a free copy of this book to read and review for Wicked Reads Review Team~

This is the final installment of Dom Wars and it was a doozie! Survival Round was on an island and Jase was there to make sure you didn't win. As always this was a great book and the chemistry is nonstop between Lucian and Tara. The secondary characters are also just as loveable. This round is more intense and things go wrong at every turn but it was a great read. My only complaint was there wasn't an epilogue to see what happened after the game was over and the winners were announced.

Characters: Love the chemistry between Tara and Lucian.

Sex: yes and so damn hot

Religious: religion is brought up

Would I recommend to others: yes

More than one book in the series: yes

Genre: BDSM Romance

Would I read more by this author: yes

I have totally fallen in love with this series and the characters Lucian has introduced us to. The struggles that Lucian and Tara have endured and conquered in Rounds 1 - 5 have been pretty amazing, but those pale in comparison to what the couple encounters in this final book! It is extremely intense!! Thankfully they are not alone. The Preacher and his lovely wife, Becca, whom we met in the previous book, are the perfect pair to undertake this challenge with. The setting couldn't possibly be any more hostile, an undeveloped tropical island with all of the "normal" hazards associated with the rainforest. Yuck! Add to that the danger of dealing with obstacles created by a completely insane enemy with a devious mindset. This round of Dom Wars requires that the couples not only work perfectly with each other, but they must also work cooperatively as a part of the larger team to accomplish the goal of traversing the island, gathering flags as they go, and being the first to finish. Authors Lucian Bane and Aden Lowe have masterfully created fascinating challenges and situations for this team to overcome!! Adding to the hardships, finding places and times in the jungle to act upon the fiery chemistry between Lucian and Tara is another challenge, and they learn to become quite resourceful in meeting that need!! And of course, as in the previous books, we expect to be treated to Lucian's quirky sense of humor and he comes through once again!

The message of this series that has been present in all of the books, and it is the idea that dominance does not mean overpowering your partner in a way that weakens him/her. Dominance should always empower both parties and it is meant to be shared. These books have employed love and romance, humor, hot sex, and the unique format of competitive games to highlight Lucian's and Aden's message. I say "well done", and I'm excited for their next series, White Knight Academy! I highly recommend this series!

I was disappointed at the finish of this book! There was ALL this lead up and that's it?! WTF?! I was hoping for an epilogue or something. Nope, it just ends. Blah. Not happy Lucian Bane!

## **L.E. says**

Holy shit! Pour yourself a glass of Kool-aid and get ready for the ride of your life. Lucian, Tara, Preacher Dom, and his wife, Becca are in the final round of Dom Wars. They get dropped into a remote jungle and are left to navigate their way through, having to get to designated areas laid out on a map to collect flags along the way. Then all they have to do is get to the beach, find and board the boat, and get off the island before the other competitors to be the winners. But dangers await them at every turn, whether they are animal, nature, or man-made, because running wild in the jungle with them, besides the other competitors, is Lucian's old adversary that we first met in Dom Wars Round One, the evil sadist Jase Duff, and you will not believe the things he has been up to or how far he goes to keep Lucian and the group from finishing! This book was filled with suspense, romance, drama, and of course hot & steamy sex! This book was as intense as the love is between Lucian and Tara. A total page-turner that I could not put down. A very satisfying ending to the Dom Wars series.

Never saw this coming! (the story line!) I am absolutely speechless to be honest. The final round was everything and MORE than I imagined. At parts, I laughed. At parts I even held my breath without realising. It has taken me less than 24 hours to read this awesome ending to a great series. I'm sad it's the end of Dom Wars but what a great ending! It was the perfect ending to the storyline too. It had so much drama (as always)..I still find Tara's attitude annoying as hell, but that didn't matter as the book was so fantastic! I am proud to have my DOM WARS tattoo, and will forever #RIDEBANETRAIN

OMG!!! This book was the Best!!! What a way to end a series, it had me waiting not knowing what is going to happen next. Preacher, Lucian, Tara, Becca you see how they all pull together to get through each task of getting the flags. Loved watching Tara kick ass! I was so nervous towards the end not knowing what exactly was going to happen. Now I want to know what happens next. Great book! Great Series! MUST read. Great Job Lucian Bane and Aden Lowe. Keep up the great work!

This is my 5 star review for Dom Wars Round Six by Lucian Bane and Aden Lowe.

Dom Wars Round Six is the final round. Lucian, Tara, Preacher, and Becca are sent with the remaining teams to an unknown island with little survival items, a map, and a mad man chasing them. Will they be able to complete their mission and make it out with one of them being named Top Dom? Will Jase Duff finally get to Lucian and tear his world apart?

This round was so much more than what I expected it to be. There was laughs, tears, and some HOT, oh my, moments as well. Lucian and Aden have a way with words. They show us just how much a man can love and protect the woman his heart desires. Round Six takes you on an island adventure you are sure to never forget. There are unforeseen plot twists and turns that had me on the edge of my seat.

I loved this whole series and this one was much different than the previous 5. Tara sure did show just how strong that she is in this one. She showed a strength and determination that I had not seen in previous books. Lucian showed us that it is okay to be scared and to fight for what we believe in. As always Steve was a hoot and Preacher started out being a big intimidation but ended up being one heck of a guy! I look forward to reading the new books that each author has planned for the future. I love their writing and their message!

## **Kat Chadwick says**

I was given an advanced reader copy for an honest review. Honest is always what you will get from me: good, bad or in-between.

If you have read Dom Wars Rounds One through Five, you already know this series is good and you already know who the sexy Dom, Lucian Bane and his lovely kick-ass girlfriend, Tara Reese are; his teacher, ex military Preacher Dom and his lovely wife Becca and Steve are. You have also heard of Lucian's arch-

nemesis Jase Duff. If you haven't read this series, now is the time to start, because this series is the one NOT to miss.

This round was so different than round five. In round five, I absolutely laughed so much when the character's had to go through some pretty funny scenarios to win that round, not to mention, Steve being the comic relief! Lucian Bane can write comedy! At the end of that round I knew this round was going to be a very physically hard round for the contestants, and boy was it! Yes, there was a little bit of comic relief thrown in along the way in this one, and believe me when I say it was needed, because Lucian Bane and Aden Lowe took this book, yet again, to a whole new level when they wrote it.

This book is full of physical challenges for Lucian, Tara, Preacher Dom and Becca and the other teams as they face off against Jase trekking across a dense jungle island to be the first getting to the boat that takes them home to win the final prize. They face a lot of obstacles, natural and Jase-made, which keeps the reader on their toes while reading. This story has the normal signature hot sex/love scenes, romance and life lessons, but in this book there is the extra level of drama and suspense, and even a little bit of close-your-eyes gore. Lucian also got his "island Kool-Aid" while managing all of his physical feats. We all know Lucian loves his grape Kool-Aid.

When I say, "I watched a movie in my mind," when I read this, I could tell the authors really worked hard on each scene to get it just right, because those scenes came to life in my mind when I was reading the book. The action scenes, the beauty of the island, even the way they all interacted could be seen so clearly. Note: When reading a love scene that \*clears throat\* "picturesque" you might want to have a spouse, boyfriend or toys handy. Just sayin'. You notice, I said love scene not just sex scene, because in this book, it was all about the love, the everlasting love of Lucian and Tara.

F\*\*\$ing AMAZING!! Tara is one bad a\*\*! Final round of Dom Wars and Lucian, Tara, Becca & Preacher have to make it through the jungle and beat the other teams. One tricky catch, a psychotic sociopath trying to stop/kill them along the way. This one was so different then the other 5 Dom Wars books. It kept you on the edge of your seat, waiting to see what would happen next. Lucian may be the Ineffable Dom, but Tara is his equal on every level. Loved this entire series and sad to see it end. Hoping that Lucian will keep continuing the story of him and Tara.

### **SB CS says**

I never thought this last book of the series would be as exciting as this one. I love the plot, I never saw it coming and I'm so excited with how things turned out. Every round has a purpose and they led to this final one. Round 1 and 2, Lucian and Tara get to know each other, start trusting one another and falling in love. Round 3, Tara conquers her demons and finds out some truths about her life with Lucian have her back. Round 4, Lucian conquers his demons and he finally sees how Tara has his back. Round 5, new players get involved, plot gets complicated and Lucian and Tara lean on Preacher and Becca. Round 6, all you learned before have to be used here.

The four of them are sent to an island but things weren't as they were supposed to be. They have to work out as a team to get to the end and try to make their dreams come true. Everything they endure is amazing and the way the story is told gave me vivid images of what was happening. This story has everything, action, love, a bad guy and specially faith.

This series is completely different from all BDSM books out there, dominance is shown in a different way and it leads to learn how relationship can develop in every life style as long as there's trust in the relationship. With trust, all the other things are there
