Frayed Pamela Ann

Trista Stevens

Things went quickly sour with the already married Harry when she found out their affair had a bigger repercussion. Heartbroken, she had to do what was best for everyone.

Just as planned, she and Lindsey went to visit Emma in Greece. Trista thought this vacation was going to be a way for her to heal and come to terms with the gargantuan mistakes she's made in the past.

Taylor Montgomery thought himself a rational man, but meeting the fiery Trista made him think twice. Yet, her mask slips once in awhile. She carried pain and secrets hidden from within. Her fire and vulnerability made him want to protect her all the more. But Trista wouldn't have any of it.

One thing Trista should know about the indispensable man though. He's not the kind who gives up easily.

Come what may.

WOW!

So I couldnt put this book down. It was really great. I loved that not only was this Trista and Taylor story but she updated us on Emma, Bass and Carter, as well as Lindsay. I cant wait to see what happens with E, B and C in the next book and Lindsay's story is interesting to me, I cant think of what will happen with her. Will she be with the Greek God or with Brody...hmm I will just have to wait and see:)

Back to Frayed...Trista and Taylor...

Wow Taylor was HOT! He was intense yet very sweet.

Trista man I just wanted to hug her when everything went down with Harry (what a jacka**). No one should ever have to go through that alone.

Trista and Taylor...HOT HOT HOT. the fighting and bickering scenes were really great. THey had such great chemistry together. I loved how Pamela did this story, it wasnt just a love story but a story of someone finding out who they are and what they really need in their life.

GREAT JOB Pamela! Cant wait for more from you :)

But, everything just came together so perfectly. I have no complaints what so ever... But now I am craving Blasphemy, May 31th needs to get here asap!!

Farah *Professor Dean's Beauty* says

"Life had a twisted and weird sense of humor. It makes you yearn for things, makes you fall in love, but it's diabolical because it never fails to betray you. It stabs you in the back when you're not anticipating it. Love kills. The love of surfing killed Tristan. Love killed me—inside. Death gnawed inside me, until there was nothing left except emptiness."

Trista...

I loved loved loved this book!!

So after reading Scornfully yours I decided to read this for more of Emma and Bass and I admit I got a lot more than I expected!

There is a bit of everyone in here which is great and Trista's story is so heartbreak at first and turns out to be even sweeter than expected.

Trista has suffered the biggest heartbreak of all, words possibly cannot describe that this poor girl has been through and Harry.. He is a fucking scumbag and I wish I could scratch his eyes out!!!!

Going to Greece for the summer where Emma is filming with Bass, Trista goes with Lindsay to get away and to pick up the pieces, overwhelmed with grief, guilt and heartbreak. What better way to move on than spending time with her two best friends Emma and Lindsay??

That's where she meets Bass's best friend...

Taylor...

Taylor is soooo handsome and him and Trista are cocky and mean to each other but it turns out Taylor is exactly what Trista needs..

He saves her... From literally dying and starts spiralling...

"I may understand the full capacity of your situation, Trista, but you must see how cowardly your actions were. If a person gives up every time shit is thrown their way, the human race wouldn't have survived. You have to learn how to fight—physically, emotionally, mentally. Face it bravely, even if the pain is too great, the consequences too frightening. At the end of the day, the only thing that counts is how much you've made a difference—progress. Fighting it is progressive. Fighting is reason."

Random men... That's the way or so she thought..?

But again Taylor saves her...

Agrees that if she wants someone to fuck to make her feel better he should be the one...

After spending time together and feelings things she never felt Trista starts moving on with what happened with Harry and falls more into Taylor's arms.

They have an amazing time exploring Greece and each other...

(view spoiler)

Is Taylor enough to win Trista or is her heart with Harry?

"I only have one heart, though. Sadly, it holds two men in it. One I want to keep, the other, I want to set free. How do I let the other free when he securely locked himself in, throwing away the key?"

When Trista is confused she loses Taylor and he leaves for Paris.

How will Trista cope? Will she choose Harry or Taylor?

(view spoiler)

This book is so amazing, steaming HOTTTT and it gives you the fix of every one of these characters that we've come to love!

5 swoooooon worthy stars!

5 stars

"I'll sleep in the dark with you, my love... I'll stay by your side. You'll always have me there... with you."

Trista is living in the dark, believing that everything that is happening to her, she deserves.

"Because I was rotten, filthy, despicable, deplorable, but most of all, I was completely abominable—a sinner with the large, scarlet letter."

Nursing a broken heart is never easy but her love for Harry just killed. Trista changed everything she was to spend a few moments with Harry and for what, pain and loss

Trista goes to visit their friend Emma while she is filming in Greece, thinking that one month in paradise with a couple friends should help get her in the land of the living; to be free and to forget. Taylor is a friend of Bass, and he sees the pain that she tries to hide behind. He's not buying it and after seeing the destruction she can do to herself, he vows to be there to watch over her

"I'm still watching you, Trista. Think of it like I'm your own personal guardian angel; a dark one."

Trista realizes that Taylor is more than a pretty face, he is smart, caring and has a wicked dirty mind. Finally giving into the tension between them, Trista takes Taylor up on his offer to be the man she needs. Taylor knows her heart is with someone else, but he believes no man is worthy of a love like hers if he threw it away in the first place.

"I wanted her to fight me and, yet, I wanted her to give in to me. She was a raging hellcat to the highest order —beautiful, fiery, passionate and very much uncontainable—but I was drawn to that beautiful, feistiness."

My heart broke for Trista, there was one monologue she had that had me in tears, it was so painful to read. Taylor was amazing, he was right there with her every step of the way, he knew what she needed even before she did, he was her shoulder to cry on and her play toy when she wanted to forget. Trista's past comes back to haunt her and secrets are revealed that were too painful to admit. This was a great addition to the Torn series, I wish it was longer, I wanted more time with Trista and Taylor, I know they will be in the upcoming books, but not as the MC's.

This is another great book in the series that I love! I have re-read the first book several times and I will be doing to same with this one. I love Trista and Taylor's story and watching the love grow from where there was so much heartache before. I want more Emma and Bass and I can't wait for Blasphemous to come out! Another great job Pamela!

I can't fully describe the emotions I am experiencing right now. Pamela Ann sure knows how to torture her readers.

I gotta say though, if I ever had the life of Emma, Trista, Lindsey or Amber; I will definitely go crazy. Sure, the hot guys I won't deny I will definitely enjoy but the fact that sometimes those guys are the reason why life goes haywire, WOW! Major migraine.

When I first read about Trista being a mistress in Torn, I hated her somehow because I am not a fan of cheating but I knew deep down that there was something more to her. She's actually very strong and I admire her for that. The only thing I don't like about her is that she tends to be really stupid. I'm glad that she came to her senses though. I wanted to kill Harry. I was secretly hoping that he dies or something like that. But I liked what happened to him nonetheless.

Taylor Montgomery, hell yes! The knight in shining armor. I actually like how their story didn't rush. They took their time to know each other at Greece and soon they find out their true feelings. You can really feel that he loves Trista, that he'll do anything to heal all her wounds. And he did all that, he became the light in a dark tunnel for Trista.

I really can't wait for the next one! I'm dying to know more about the love triangle between Emma, Bass and Carter! Plus, I wanna know more about the other characters are as well. Pamela Ann created such likeable characters in this series! I am addicted! ;)

I enjoyed Trista and Taylor;s Story. Trista irritated me at times, seriously what did she expect from Harry, he was married to her cousin, the fact that she expected more from him drove me cray cray. Taylor was all kinds of yummy. He was a gentlemen, sweet, loving and overall good guy but he still had that BAD ASS Alpha Maleness vibe about him. I liked him for Trista and the their sex scenes where HOT. He told her off and kept it real but also was loving and considerate. It was nice catching up with Emma and Bass also. The thing I like about this series is that it reminds me of a Soap Opera, highly entertaining but a bit unrealistic, Pamela Ann is one of my favorites because of this. Sometimes is nice to get out of your head and fantasize:)

Aaahhh!!! I LOVED it!!! You are going to DEVOUR this book!!! (Yes, clear your schedule for this one!) Especially if you liked Scornfully Yours, the first book in the Torn series.This is Trista and Taylor's story(which is AMAZING!!)...BUT, there is a whole lot and I mean a WHOLE LOT of interaction (to feed our addiction) with Bass, Emma and Carter!!!!!! Talk about jaw dropping moments!! OMG!! This book had me crying,laughing and wanting to punch someone all in the span of a couple of hours! The men are HOT, the women are feisty, and the drama is a bit controversial. I could not put it down!!!! May cannot come soon enough (for Blasphemous)! I NEED MORE!!!!!!! Thanks for the ARC Pam! ;)

OHHHHMMMAAAAAGAAA WWWDDDD! And yes I SPELT IT THE ANNOYING WAY! THIS BOOK AHHHHH LOVE LOVE LOVE LOVE LOVE VDSFJDIOJDO!!

And yes I am jumping around my room retardedly. This moment definitely happened. Seriously in a giddy mood after that ending. I WANT A GUY LIKE TAYLOR. FIND ME A TAYLOR. At the start of the book I felt so inexplicably sad for Trista. I will admit though, that I had not exactly "warmed" to her character knowing how she could so willingly ruin her cousin's marriage (even if she is a bitch) even knowing her cousin was due to have a baby with Harry. How a woman can ruin a marriage and lose her heart to a married man is beyond me.. How do women not understand that your relationship never began well, it all began on lies, and will inevitably ruin the lives of so many people around them... that poor baby. And how she got rid of her own, well my heart literally tore in two for her.. how she could not live with what she had done and how she felt so alone.

I think I started to like Trista's character the moment Taylor came into the picture.. **Taylor that hunkity hunk of a man..** delicious. Here we see how a hate relationship screaming with sexual tension, becomes one of the most romantic loves in the world.

Now for some spoilers

OMG!!!! Pamela Ann....I LOVE YOU ;). You are an AMAZING author! I've read 4 of your books so far & they're all 5 Star books!!! You pull me in right from the start & you keep me on edge until the very end & you leave me hanging sometimes!! I LOVED FRAYED & I now LOVE TAYLOR!!! Should of known he would be AWESOME because he's friends with my BOOK BOYFRIEND BASS :D. Who is 100% HOTNESS & deserves to have EMMA's heart completely. Carter does not deserve her!!!!!!!!!!!!!! That six-some he had is unforgivable in my opinion! If he loved her that would NOT have happened! He likes the chase! I'm scared of what's going to happen in Blasphemous because of the way Carter showed up in London. He DOES NOT DESERVE EMMA!!!! She DESERVES BASS!!!

Taylor & Trista are AMAZING together. I hadn't connected really with Trista until she was introduced to Taylor! I knew they would be AWESOME together!! :D. They SIZZLE!! Well, Taylor sizzles ;). Thank you for introducing Taylor!! I really enjoyed this book. Emotional, Intense...but so worth it!!

5 AMAZING STARS!!!!

When I first started reading this book and realised it was Trista's story, I wasn't sure if I was going to like it....Ok if you haven't read Scornfully Yours, then spoiler alert....

I am not a fan of adultery, and when I started reading Frayed I was worried that I would have to read about Trista's romance with a married man.

Well, Ms Ann surprised me with this story.

Trista's story begins with the reality of her relationship finally hitting home and literally crashing down on her. Trista has to face some serious challenges and this story allows the reader to go on this journey with Trista as she slowly becomes aware of her real self worth. Trista grows dramatically throughout this story. She doesn't do any of it the easy way either.

Trista takes an opportunity to move forward away from her past by sharing a 4 week holiday with her best friends. The holiday isn't all fun and games either. Some hard lessons are learned.

Trista learns so much about herself that the transformation is admirable.

This story brings hope after heartbreak, love after loss, and true friendship after holding on to secrets.

Frayed is Pamela Ann's best work to date, her writing is smooth and soulful. Ms Ann is showing the promise of a very talented writer. I look forward to reading more of her work!
