Hunting Season

Nikki Jefford

Hunting Season Nikki Jefford
Death is only the beginning...

Better to be a hunter, not prey.

Ever since my partner got kidnapped, I've been on a personal mission to get him back. To do that, I'll need to capture the vampire responsible for destroying my life.

In order to have a snowball's chance at success, I'll have to team up with my most loyal friends—including a certain vampire in black with a provoking talent for distraction.

Old cravings aren't easily quenched, nor past passions. With knowledge comes danger and I'm at risk on all sides.

I won't go down without a fight!

From Reader Review Hunting Season for online ebook

Diane Lynch says

Hunting Season (Aurora Sky: Vampire Hunter #4) by Nikki Jefford Hunting Season starts off where Bad Blood ends with Aurora on a personal mission to rescue Dante.

I could not put this book down. It was full of non-stop action and excitement.

To say Aurora has a lot on her plate is an understatement. Once again, it seems like her world has been turned upside-down. She ends up making new discoveries and realizations about herself and others. I like that she is a loyal friend. She acts on what she feels is the right thing to do. She is resilient and determined to live her life.

I'm glad Aurora and Noel made amends. Noel is an upright and dependable friend. I like how Noel's character has transformed throughout the series. She has become stronger and more confident.

I was thrilled Aurora got Tommy back. Sorry for the spoiler but dog abduction is just plain evil. How could anyone want to harm a golden retriever of all dogs? They are so stinking cute. Alright, Tommy is tough for a golden; Dante did train him well, but still that's just wrong.

I never know what to expect from Valerie. That girl is volatile. One minute you think there might be hope for her, the next she is doing something selfish and evil. She keeps the story interesting that is for sure.

I love Nikki Jefford's writing style. Everything flows well and is easy to follow. She offers a little of everything: action, romance, mystery, vampires, paranormal, espionage, fantasy. She also, does it in a way that feels believable and authentic.

Hunting Season was another great book in the series. I'm really interested in seeing where the ending takes us. Just when things start to look they are going Aurora's way, BAM! Something else happens to put a wrinkle in her life. I'm looking forward to Book 5, Whiteout.

Complimentary copy provided by author/publisher in exchange for an honest review.

C-Money says

she has done it again folks. She has taken into one of my favorite worlds and given me smoldering hot Fane. I love FANE. I love how bad A\$\$ Aurora is and she seriously keeps getting better and better.

Nikki Jeffords knows how to keep you on your toes and hanging by a thread. I can't wait for the next book. She just proves why her series is one of my faves.

Danielle Young says

But, but I swear I just started reading it.... how can it be over already? Another great read! Review coming this week.

Nikki Jefford says

Book 5 (Whiteout) will release October 27, 2015.

The next installment is soooo much fun! Thanks for your patience.

Need a refresher before release?

Amber Smith says

I couldn't put this book down. That is how it has been with this series. I love the characters and the story. The writing is great.

Liliana says

Reviewed on Lili Lost in a Book

With Dante gone, it is up to Aurora and her friends to hatch a plan and get him back. Along the way, they also set out to discover what *really* is going on in the Agency with Jared and Melcher, though they have a pretty good idea. Seriously, those crazy people -_- But this book was great, like always! :)

The story started off fast and with action, just how I like it! Except maybe it was a little *too* fast... I was a little confused as to what was going on, but it actually did a great job at giving a much needed recap of past occurrences in previous books (seeing as how I read the last one a while ago) and I was soon all caught up with what was going on. I always worry that I won't remember what happened in the previous book and that the sequels won't do a good job at jogging my memory, but this was not the case with this one!

I also have, ahem, a confession to make. Remember how in my review of *Bad Blood* I mentioned that I was really warming up to Fane? Well, I am officially loving him (this coming from a Team Dante girl)! This book delved deep into Fane's past and I just really loved learning about his background. He was also just SO sweet and protective and yeah, kind of swoon-worthy ;) There, I said it!

A screwed up agency with secrets, vampires who didn't think they *were* vampires, kidnappings, sexual tension... this books has everything from action to romance that is perfect for those who want a unique take on the vampire genre! And if you are an Aurora Sky fan already, well, this is definitely a **must-read** for you! The series just keeps getting better and better!

Shelley says

****I received this book for free from Nikki Jefford in exchange for an honest review. Thank you!! This does not affect my opinion of the book or the content of my review.****

Genre Young Adult, Paranormal

Rating 3.5

My Thoughts

Hunting Season is the FOURTH installment in the Aurora Sky: Vampire Hunter series by Nikki Jefford. Picking up where Bad Blood left off, Dante is still missing after being caught by Giselle, and Aurora has finally been told the truth about what she really is. As a background, Aurora has been through a whole lot since she "died" in a car accident 10 months ago and was forced into joining a secretive government agency intent on wiping out dangerous vampires.

Bcoghill Coghill says

Dang! but I enjoy reading an adventure tale that takes place in places I know so well. The Aurora Sky books take place in Anchorage and occasionally Seward, Fairbanks and Girdwood. I have walked everywhere that Aurora has gone. Thanks for the fun, Nikki.

I just love this series. It's been one of my all time favorites. I love how the story has progressed. I can't say too much as I do not want to spoil anything for you.

If your a fan of paranormal books, and a different, and creepy spin on vampires, then this is the series for you. You can even try out the series for free by getting the first book for free, so you can find out for yourself.

Aurora is a strong female character that I love. She really gets even stronger in this book. I love the new

changes we discover in this.

I highly recommend, this book and series is written very well, and will have you hooked right from the start.

I give it 5 out of 5 stars.

I was provided a copy of this book for my honest review.

Angie says

Hunting Season is a big ol' mess! In a good way! Aurora just cannot catch a break! Finding out you're a vampire, having your best friend get kidnapped, and trying to make up with your ex all while hunting evil vampires and trying to take down the agency who stole your life can be exhausting! Seriously. Poor Aurora. But it does make for great reading! Everything that can go wrong, does go wrong as Aurora tries to rescue Dante. Plans keep getting interrupted, and then ruining possible escape plans! Crazy redheads commit vandalism while you're having a hot make out session! So much happens!

I really enjoyed *Hunting Season*. It just may be my favorite of the series so far! Really, any book that opens with some getting punched in the face is probably going to get me excited! Aurora may not like violence, but she knows how to dole it out when necessary. And she is willing to do anything to get Dante back. Not just because he's her best friend and partner, but because she needs to be honest about her feelings for him. Or lack thereof. This upset me so much! I love Dante! I wanted him and Aurora (and Fane!) together! But I totally get that she loves him as a friend, but she didn't let her feelings for Fane get in the way of the rescue either. There will be a time for romance later! I hope!

Now that my love for Dante is out of the way, I'll talk about the nonstop plot of *Hunting Season*. Like I said before, everything goes wrong! Aurora and Company have good plans in place, but something always messes them up! Then some aspect of their plan conflicts with possible back up plans or escape plans, and I was just so nervous for them all the time! Why can't something go smoothly!? Although one screwed up plan did allow us to get to know Fane a lot better. His past is very interesting, and I'd actually love a novella about his early time as a vampire!

Hunting Season was pretty great. Something is always happening! Plot points actually move forward even though there are a lot of setbacks. We get to learn more about each of the characters, which I always appreciate. And there's no cliffhanger! Well, the ending isn't nice and neat, since stuff still needs to get done, but for the most part it ends on a relatively calm note. Now to wait for more!

Runningrabbit says

Although I've followed this series religiously, I finally got sick of it and have dumped the whole caboodle.

The romance has become tiresome, on and on and on unfulfilled stuff. Yawwwwn. And finally, I'm just sick of the characters, their more of the same behaviour, and frankly the whole thing needs a big lift and the injection of some fresh material.

The plot itself in the series has remained strong, but too long, too much more of the same, no new characters and no new material.

I don't even know if the series ended with this book. I just don't care any more, it can pretty much head on to a predictable conclusion. A thorough crash landing.

Mandy says

I received *Hunting Season* in return for an honest review as part of the tour hosted by Xpresso Book Tours. *Hunting Season* is the fourth installment in the *Aurora Sky* series starting off not long after the end of the third book. Dante has been kidnapped and it's up to Aurora and Noel to get him back because it's clearly not important enough for Melcher to deviate from his plans. Thankfully Aurora has some great friends she's made over the last ten months that will help her get him back. Jared's back in town working with Melcher with plans of recruitment but this time they are wanting to recruit the vampire instead of causing accidents for innocent people with AB negative blood like Aurora.

While Aurora works with Fane her old boyfriend that she's not been able to give up she knows that nothing can happen between them even though it's clear that they both are fighting the attraction. With the plan in place to turn Jared over to Giselle in exchange for Dante the team sets out to put it into place. Only things don't go as planned when Aurora is called in to bring Selene a vampire from the wine tasting parties in as an informant she misses her chance to take out both Jared and Melcher. When the plan to catch Jared goes wrong she will have to take a chance when it comes up but even that goes wrong. Will they be able to get Dante back alive? What about Valerie who's back in town determined to get her revenge on Fane and Aurora? Will Fane and Aurora get the chance to rekindle their relationship?

Aurora is one of my favorite vampire slayers she's not your traditional slayer at all. She's more the bite me you convulse than I kill you type but that makes her unique which I like. I love that she's grown so much as a character throughout the series, and I'm curious to see where she will go from here. I've read Noel's novella and it was insightful into understanding who she is and she's still one of my favorites. We don't have much of Dante in this one but while I used to root for him I think I have come to the conclusion it's just going to be Fane. I didn't like him at first but he's grown on me as the novels have progressed after all he was there for Noel when she needed him.

I've been a fan of the *Aurora Sky* novels since the very first one so when the newest book tour was announced I had to sign up. I was curious to see how it would play out in the newest installment of my favorite vampire slayer. I really enjoy the concept behind the slayers as well as the informants it's a unique twist on vampires and I think it's perfectly done. *Hunting Season* has everything is an action packed novel with vampires, bad guys and even a little romance tossed in to create a captivating story. I have really enjoyed the author's written style all of the novels have been well written they are beautifully done. I had a hard time putting *Hunting Season* down it was finished in just a few short hours over a couple days I just had to know how it was going to play out. I'm already looking forward to the next one can't wait to see what's in store for Aurora. I honestly loved every moment of it and hated to see it end. A must for fans of urban

fantasy while it's a young adult series I can easily see teens as well as adults enjoying them.

Bj says

4 "Change of Plans?" Stars for the story and 4.5 narration stars!

Please note this series must be read in chronological order, and the below review contains spoilers for earlier books. If you haven't yet started this series, please see my review for Book 1, *Aurora Sky*.

In *Hunting Season* we are treated to a whirlwind of action between the hunted and the hunters. The only question is just who is being hunted as more secrets begin to be revealed about the secret, clandestine government agency that Aurora and her fellow vampire hunters and informants work for. But suspense is only one part of the equation in this UF young adult/new adult based romance as the love triangle and fight for Aurora's heart begins to unravel and Aurora's own heart driven motivations begin to be revealed.

Picking up where book 3 leaves off, at the beginning of *Hunting Season* we find Aurora trying to figure out how she is going to rescue Dante (who has been captured by Jared's former protege turned enemy, Giselle in an attempt to get Aurora to turn over Jared in exchange for Dante). Unfortunately for Aurora, the government agency she works for isn't as motivated in Dante's recovery as she is (even though he too is one of their agents). Instead Aurora's tasked with other assignments and left to also plot out her revenge on Jared (the "recruiter" from the agency who seems to have dubious motivations).

Fortunately for Aurora, and us(!), Fane is willing to help Aurora in her covert, double agent plans. As you can only imagine this close working together leads to further heating up and temptations regarding their already undeniable attraction. But Aurora is still technically dating Dante, and moreover is committed to rescuing him above all costs. Will Aurora be successful in her rescue and revenge attempts? And just who are Aurora's allies and enemies? Not to mention, who will Aurora choose to give her heart to: Dante or Fane?

Em Eldridge delivers another great performance in *Hunting Season*. Providing remarkable consistency in her character voices, Ms. Eldridge makes it so easy to settle back into the *Aurora Sky* series even after having listened to a number of other unrelated audiobooks in between. Additionally, Ms. Eldridge's attention to the mood of the scene and ability to impart emotion, makes listening to this tale a must.

The production quality is also fabulous in *Hunting Season*. Although this is an ACX produced title, you will feel like you're listening to an audiobook produced by one of the big audiobook producers.

All in all, I loved both the attention to the romance and suspense angle in *Hunting Season*, as well as the expert narration. This was one busy book with many different angles going on, so you will have to pay close attention to catch it all. However, if you do, you will find that it now truly feels like we are starting to get some inklings about the long-term direction of this series. Now I can't wait to continue with Book 5, *Whiteout* to find out if my suspicions pan out!

Jennifer (Bad Bird Reads) says

<http://badbirdreads.com/review-huntin...>

At A Glance

It was okay. I expected more.

The Good

I gotta be honest. I am going to hardcore complain about this book in The Bad and The Snuggly section. My irritation today is at level 9, so I am just in a pissy mood (my cat scratched up my new Betsy Johnson bag) so I am taking it out on this book, though everything I mention is 100% true. So I want you guys to know that despite what I say below, I love this series. This is not my fav addition to the series but I am happy I read it.

I have been dying to see how Aurora was going to deal with the revelation that Jared purposely killed her to make her into a vampire soldier he could use. Seriously, I hate Jared. I was happy to see the crew take an active approach in eliminating Jared, though their attempts are not always successful.

Aurora and Fane are tip-toeing around each other, which you can't really blame them with their history, but I can tell we are leading towards a reconciliation. Preferably a naughty one. But Aurora focuses on Dante's rescue, which is how it should be. He is an amazing friend, and he deserves a happy ending.

The action was good. We also get some good revelations and surprises in this one. The killing of vamps is getting somewhat depressing as Aurora realizes not all of them deserve it. I like that she is slowly separating herself from the government organization that pretty much owns her.

The Bad

The whole book was about every plan Aurora, Fane, and Noel make going to shit. If we can't get at least one win by the good guys, then why read the book?

Almost nothing was resolved. It was like a filler book. I honestly don't understand the point of this plot, except to fail miserably at everything! And the ending was useless.

The Snuggly

I am over Fane and Aurora being on and off over and over again. At this point I rather she unforgive him so they both can move on. And the addition of Dante's feelings is just annoying. I feel bad for Dante, but it's obvious Aurora is not interested. Dead end. I am not amused.

Flirting and kissing, that's it.

Final Thoughts

I think so much more should have happened in this book but I am happy I read it because I love this series and that's not going away. Recommended.

Quotes

“Until then, I never realized one word could come out so breathless and soft, like an invitation to my soul.”

He propped a hand against the door, fingers splayed, blocking me at the threshold.

“Ready to do this?” he asked. “It could get rough.”

I raised my chin. “Promise?”

Ashley says

I bought this book along with the entire series at a gift shop in downtown Seward, Alaska. I am a blogger @ The Paranormal Bookshelf. My review is completely my own with no bias of the author.

Category: Young adult paranormal romance

Paranormal genre: vampires

5 out of 5 stars!

I just finished this fourth installment of the Aurora Sky: Vampire Hunter series and it still has me hooked in as deep as book one did. I have to say, I am not 100% in line with the cover version of Fane but the cover goes along with the others so I am not knocking it. There is a real build up of over the antagonist/protagonist relationship (no I will not spoil or do a summary because that's not a review to me). The ending does leave you with a OMG what will happen next mentality that makes you reach for the fifth book asap. I will say I am team Fane all the way.
