**Mayhem** Erin Trejo

Mayhem.

I bring it.

I own that shit.

Then I walk away and leave you to clean up the mess. That's the way I've always lived. For me, there is no other way. This is who I am. With all of this world comes death. I've experienced it first hand and it ruined me. The Taylor was thrust into my world. She was everything I should have stayed away from. Too bad I don't follow directions.

Taylor: Rich snob. That's what everyone thought I was. They didn't know me. Not the real me. My dad may have thrown me away but I still held onto the idea of family. I wanted to prove myself but when my dad's threats are directed at me, I'm tossed into the arms of a long dirty blond-haired rebel. I wasn't supposed to fall for someone like him. So, I fought my attraction. Let's see how well I do at that.

## **Tpagirl says**

Mayhem was the second book in the Soulless Bastards MC series by Erin Trejo.

Mayhem was the Enforcer in the MC as well a son of the President. He was the crazy and fun brother, always creating “mayhem” wherever he went but he was also a man who grieved the loss of his old lady going on four years.

Taylor was the mayor’s daughter. She lost her mom to cancer when she was seven and her dad sent her to boarding school in Rome at eight. At twenty she was called back home. She’s lived most of her life isolated so she had very few friends and had difficulty with attachments.

I was looking forward to Mayhem’s story as he was one of my favorites in the first book, Declan. However, I didn’t really like the characters in this storyline. Taylor was weak and meek, while Mayhem was a dick. I had a difficult time following them. And for those wanting safe, yea, this was so far from it, it would never pass for my safe friends. The story was well written and well developed, I just wasn’t fond of the direction.

With that said, I like Trejo’s writing style and suspenseful themes and I’m looking forward to more in the series. Tic and Ashley are up next and I can’t wait!

I love MC books so it was easy for me to get into this book. I loved the story line & the writing was great. The only thing that bugged me about this book is when Mayhem goes to the other club & she walks in & catches him with another woman, they never even discuss it. Yet she takes him right back. That’s part of the story that really was out of place for me.

Other than that little piece I absolutely loved all the action & how everyone got along. Can’t wait to read the next book.

## **Jennifer says**

Mayhem is a great name for the main character in Book 2 of Soulless Bastards NoCal. The definition of mayhem is: violent or damaging disorder; chaos. Mayhem definitely lives up to his name. He is not a nice guy. His line of work has no room for that. Taylor is the mayor's daughter. Her dad is up to some shady dealings and Mayhem has been put in charge of being her live-in security guard. On the outside, she appears to be a spoiled/privileged rich kid but Taylor's life has been anything but ideal. Mayhem and Taylor appear to be like water and vinegar but they don't know is that they have more in common than they realize.

It was gritty, angsty, a lot of action, heartbreak, steamy scenes, and danger. I have read MC books from Erin Trejo before and absolutely loved them! However, this one felt like it was missing something. It was a good, entertaining, quick read but not on the same level as some of her other work.

## **Mary Brannian says**

Another pulse pounding epic release from Erin Trejo!

Mayhem is the Soulless Bastards MC enforcer, and is hired to act as security for the mayor's daughter. Who knew that the mayor had a daughter? Especially one as delectable as Taylor? But Mayhem isn't looking for a woman; he's still mourning the loss of Becca, four years later....

Taylor: "I wish I had a life. All I have is the regret of the past and a new diploma. One day I will make a move and get out from under his shadow. One day I will have a REAL life."

Taylor was sent away from home at the age of eight. Her father blamed Taylor for the death of her mother from cancer. Taylor knew it wasn't her fault, but the heavy cloak of guilt clings to her shoulders, weighing her down. She desperately wants to escape; escape her father's contempt, his constant denigrating comments, his active dislike.... And she thinks she's found a way to be free...

Mayhem: "I shove off the wall, tired of this conversation; I don't take my job lightly. This is my life; this is the way I live." But Taylor is so sweet, so innocent, so delectable...

"I'm no good, Tay. Don't look at me like I'm your savior."

But Taylor believes differently. She knows, in her heart, in her soul, that Mayhem would never hurt her, not like her father. He IS her savior, and she's determined to prove it...

Mayhem: "She's everything. She's the light I need her to be. She's strong when she has to be, but she's also gentle when I need that." "In this moment, I knew I'd never let her go. She will never be away from me."

Gritty, graphic... real. I felt tears welling as I read this book; it strikes hard: the pain, the empathy, the sheer challenges that Mayhem and Taylor face, not only with the world at large, but with each other. A captivating read, with sexual tensions running high, and graphic sex scenes as well. Erin Trejo has outdone herself with Mayhem!

## **A Book Lover's Emporium Book Blog says**

This is the second book in the soulless bastards series and it just gets better and better as the story unfolds.

Erin Trejo has written an intense, emotional read that is layered with beautiful themes and overcoming broken hearts.

The characters Mayhem and Taylor are polar opposites. Their chemistry is rough and tormented, both trying to overcome broken hearts from their past. However, once they collide their connection is explosive. Hold onto your panties ladies because you know how rough MC men like their women to take it... damn it's sizzling off the pages, HOT!!!!

I couldn't put this book down. I did enjoy it more than the first book in this series but I'm seriously thinking this author knows how to write thrilling MC stories that hook you from the beginning.

Title: ➡ ♥- Mayhem:

Series ➡ Soulless Bastards NoCal 2#

Author: ➡ Erin Trejo

Publication: July 9, 2018

? Mayhem is the club enforcer & the son of the Prez, but that don't mean he doesn't pull his weight in the club

Mayhem is assign to guard the mayor's daughter... Yay... not ... 1st she looks too much like his past love... the love he still hasn't got over 4 years later...2nd the look of content she give him , only tells him she spoil brat

Mayhem soon learns how wrong his judgement of Taylor is

➡ Taylor Master is the mayor's daughter & he been pushing her away since her mother die when she was only 8 years ago

➡ Taylor has been living in Rome for the last few years studying, but her father force her to return to the last place on earth she wants to be. Cuz her lovely father has enemies

?two broken souls trying to find their way in life the best way they can

♥● in the being of this book I really didn't like either one of these character's, but Ms. Trejo work her magic & they slowly work their way under your skin

Mayhem & Taylor both have their own issues, will they be able to work their way through them together or will they end up going their separate ways?

Either way in the end Mayhem & Taylor have changed each other's life, only question is – was it for the better or worse?

? one way to find out how the story play out, is to “one click” this book & find out for yourself

? I really enjoyed Mayhem & I am excited to see what Ms. Trejo will writes next with Tic's book .

? Hope you enjoy this read & also always keep in mind this is just my opinion & my honest review ?

? I received an EXCLUSIVE copy of this book in exchange for my honest review of it. ?

### **Phyllis Welford says**

The Soulless Bastards have been hired as security and bodyguards for the Mayor and his daughter, Taylor.

Mayhem is feeling sorry for himself. His dad, Blu, assigned him to overlook the security of Taylor.

They each hate each other on sight, he thinks she's a spoiled rich girl, not knowing the truth about her past.

She thinks he's a dirty thug, who's up to no good.

They fight like cats and dogs from the first moment, but slowly come to an understanding about each other.

Taylor brings Mayhem back to life, the way he used to be, before he lost his way.

They fall in love and keep each other on their toes for the rest of their lives.

### **Doris says**

Can the Soulless Bastards MC NoCal men get any hotter?! First there was Declan and now we have

Mayhem's story and oh, what a story it is. Mayhem is the enforcer of the club with his dad being the Prez.

Mayhem just had a job handed to him and that was to pull security on the mayor's daughter, Taylor. There's

a problem though; Taylor looks just like the love of his life that died four years ago and left Mayhem a

broken man. Does Taylor even have a chance at pulling Mayhem out of the nightmare his life has become

and does Taylor want to take a chance on a man who kills and doesn't bat an eye in doing his job? Both of

them have issues with the way they grew up so is there even a chance for Taylor and Mayhem?

Be ready for a book you can't put down. It will pull at your heartstrings all the while it will have you fanning yourself. Who could ask for anything more from a great MC read!

### **Belinda Visser says**

Oh what do I say about Mayhem. Mmm I thought Declan was swooning but Mayhem is freaking damn swooning and I'm going to claim him until the next one ?. This is the second book in Soulless Bastards mc series about Mayhem and Taylor's story.

Once again Erin's writing had me from the beginning to the end and I couldn't put the book down so be ready for a fantastic ride.

This story is full of action, adventure, steamy hot sexy chemistry between Mayhem and Taylor that will keep you turning pages until the end. I can't wait to meet the rest of Soulless Bastards.

Fantastic read.

## **Tricia Bartley (iScream Books) says**

I was sooo excited to finally get to read Mayhem and I got to read on KU!!! I am such a huge Erin Trejo fan and love LOVE when she has a new book released!!!

Soo Mayhem is the next MC in the Soulless Bastards MC series. He is the enforcer and good lord, you can sooo tell he is perfect for this position cuz he does love fucking people up!!! And to top it off, he is more ruthless, if that is possible, cuz he lost his old lady four years ago. "The day she died was the day he lost what was left of his sanity."

Mayhem has a new job that he was asked to do. He is asked to be on a security team, protecting the mayors daughter. The mayor is dirty and he has worked with the club for many years but he has asked them for a favor of watching his daughter. Mayhem will be on night watch. Good Lord this is where his buttons are going to be pushed. She is a spit fire and Mayhem definitely has his work cut out for him..lol I fell head over heels over these two!! Sooo much banter and sexual tension made for one Hell of a read!!!

I gave Mayhem 5 Shining Stars!!!! Thank you for another great read Erin Trejo!!!!

Title: Mayhem

Author: Erin Trejo

Publication Date: July 2018

Genre: Contemporary Romance/MC/New

This is book two in author Erin Trejo's newest MC Romance series. A lot of people, myself included, tend to say the leading man is the Hero and the leading lady the heroine. In these books by Trejo the MC guys are more your anti-hero. And Mayhem covered in blood almost daily is not a "hero". Yet, he is a hero to his lady love Taylor. His assignment: bodyguard; and boy does he guard her body. Sorry to say, every girls worst nightmare might be true...who are you thinking of when you are with me?

Survivors guilt has taken hold of our antihero. He has it bad and it darkens his soul. Taylor. his new love, refuses to be pushed away but as she says, she isn't "her". I have to say there is one scene where our man is caught with his pants down. Were they really on a break? A Ross and Rachel moment.

Anyway, it true Trejo fashion this book is filled with angst, anger, passion and fire. In a few softer moments you even feel the sweetness and love not just the lust. I admire Taylor and her perseverance, compassion, and loyalty but I still wanted to smack her a time or two. And Mayhem. I always ask the same question: why can't you see what is in front of you? Guess those darker emotions keep you blind.

Well written, good characters, enough angst grit and passion to keep you turning the page. Looking forward to book three.

## **Amy Mccann says**

If your looking for a sexy as sin biker then Mayhem's definately the guy! He's hot but carries his demons he's an enforcer who loves to kill, sometimes the kill makes him feel alive after being empty for so long that is until he takes orders to protect a rich girl who cannot stand him and he feels a pull between them but can he wear Taylor down and have one night of sex to get Taylor out of his system!

Taylor might be a rich kid but only through genetics her dad has never wanted her since she was a little girl, he's blames her for all the bad times and sent her away, now he needs her for his own selfish needs, but what does this mean for Taylor can she be protected or will her dad's deeds land her in danger?

She drives Mayhem insane and he can't commit through his own guilt, can he rid himself of that guilt and make something with Taylor!

Fabulous M.C book that's very sexy, plenty of action and angst between the characters a great addition to the Souless crew I can't wait for Tic's book to be released. Erin has made another great book.

## **Serena Worker says**

Mayhem feels broken, blaming himself for his wife's death and that everyone leaves. Taylor is tired of her father controlling her, living a sheltered life and wants to stop getting blamed for everything that has gone wrong in his life and just wants someone to want her.

Mayhem hates Tayler when he first sees her and even tries to get taken off the job, they try to deny it but they both know there's an attraction there, Mayhem knows he's not good enough for Taylor but she's persistent, and he hasn't felt about a woman this way since his wife died.

Mayhem can't fight it anymore but doesn't want Taylor to regret it, he's never been so gentle in his life with a woman, until Taylor tells him he doesn't have to. What he doesn't expect after is that Taylor feels right. Taylor learns that just has she has her own issues so does Mayhem, and she only reminds him of what he lost.

Mayhem knows he needs to work things out and he can't do that with Taylor around him. Taylor realises when her dad wants to send her away again that she's never been wanted. Mayhem lets Taylor know that he has to get away to find himself again just as Taylor cuts ties with her dad, but he doesn't think she can handle the life he lives.

Will Mayhem be able to let go off the guilt he feels over he's wife's death, the fear of losing someone again, to give him and Taylor a chance, will Taylor walk away before he does.

### **Amazing**

What amazing story. I cannot begin to say all I have to about this story. So much hurt, pain and love. It just blew me away. Two stubborn people becoming hole again with each other loved it. A must read. More than 5 stars.
