## **Rock Hard** Lucia Jordan

**Rock Hard** is the hottest new contemporary romance from bestselling author Lucia Jordan!

Dallas Henry is coming home. For the last eight years she's been living in Europe, trying to forget her troubled family and the two hot men she left behind. But now her father is sick, and Dallas is returning. Back home, not much has changed. Her brother, Peyton, is just as wonderful, and just as over-protective as ever. Her father is just as cold. And her old friends Cole and Zane have grown up from attractive boys into irresistibly hot men.

As soon as Dallas lays eyes on Cole and Zane she feels her body melt. She wants them just as badly as she always did. And from the way they look at her, she can tell they want her too. But when a passionate tryst in the barn goes on a little too long, it looks like Dallas's secret romance is not so secret anymore.

The question is: just how far will Dallas's brother go to protect her? And just what does he think he's protecting her from?

## From Reader Review Rock Hard for online ebook

#### **Steamy**

Good story but so so poor editing otherwise I would have given a higher rating. I can't wait to finish the series.

### **Emma Petit says**

Returning from Italy after eight years, Dallas finds herself back at her father's house. There she reunites with two childhood friends who have grown up to be two (obviously) hot-as-hell men.

As obvious as the plot is (this is erotica after all), Rock Hard is one of the best written stories I've read in recent time. The story's heroine, Dallas, is very well executed and immediately pulls you into her world.

#### **Yuck**

I like erotic romance but I prefer a story along with it. I do not like these people nor their copulation.

### **Celaena says**

This book gets three stars.

It is way to short to actually develop a plot but it is a very nice read that makes curious for more and leaves a lot of questions unanswered.

It feels like a pilot episode from a series.

### **Great three of a story**

Great start to the series Lucia Jordan did a great job. So exciting to read about a three way so longed for.

Waiting for the full book.

### **Jodi Cain says**

Dallas, Zane & Cole grew up together. The guys were older than her. Her brother Peyton was so over protective of her, it is ridiculous. I am sorry her dad didn't give her the welcome she deserved when she came back home, but her brother made up for it. I loved that Dallas, Zane & Cole have chemistry, but I am so ready to find out if it can be more. The ending had me sitting at the edge of my seat,

#### **Good read.**

I enjoyed this book. Dallas comes home but her father hasn't changed. Zane & Cole see her & it's like she never left. They both want her. Peyton Dallas brother has always warned them off her. She can't resist them but is it going to end in trouble. Thanks.

I felt so sorry for Dallas she didn't deserve the greetings her father gave her. But her brother made up for it and the hot sexy evening she had with Cole and Zane sure made up for it. This is just the first short book in the series but you'll want to read the others for sure.

Well, this was something...different. I bought like 10 books from Lucia Jordan on Kindle (bought might not be the right word, since they were free), and because I saw that most of them were actually short stories, I thought I'd give them a try. Maybe it wasn't the best choice to pick this one first, because it kind of left me like "okaaaay, dang." The sex scene was a bit too crazy for my taste, but oh well..

I'll just go ahead and read some more of Lucia's stories, maybe I'll like the other ones better.

**Janel Mott says****Great book**

Great read, good from beginning to end. Leaves you wanting to read the rest. Will they have kids? What is her dad's problem?

---

**gwendolyn Robin says****Rock and a Hard Place**

Coming home to be confronted with the guys you left behind who are now very hot men. There's a no messing around with your BFF'S sister but that's about to change. A few drinks and brother's out cold you got two hard bodies to play with so let's play.

**Tanja Williams Hancock says****Tempting**

An erotic short story, prequel of rock hard fun. A quick m/f/m menage heats up the pages. Just enough details and hints of the writing to get you interested for the series.
