### **Glimpse (Zellie Wells #1) by Stacey Wallace Benefiel - 2 stars**

Kind of boring and I got a little tired of the characters. Nothing really stuck out to capture my attention, it was a nice book for a quick read but nothing exceptional. I thought the characters just needed a little bit more depth and personality.

**Glimmer (Zellie Wells #2) by Stacey Wallace Benefiel**

**Sammy Bell says**

I loved loved Loved this box set took me a few months to get threw it but it was filled with the sort of books I love, so pleased I bought it!

---

**Susan Tietjen says**

I liked some of the stories but not all of them. That's to be expected with a boxed set, and I don't want to point out any one. It's just made me more cautious than ever about buying the boxed sets. On the other hand, how can you lose for the price?
