## **Big Beautiful Witches: I Married a Warlock** Georgette St. Clair

Every witch in Twin River City is eagerly primping for the annual Crystal Ball, where they will have a chance to be claimed by a warlock – except for Big Beautiful Witch Fiona, of course. The one warlock she yearns for, the sinfully sexy Enforcer Erik Bloodstone, would never claim a chubby girl like her – would he? He's been flirting with her for years, but she knows it's in jest – which makes it sting all the more.

To make matters worse, he's investigating a series of warehouse thefts in her rundown neighborhood, so she can never get away from him and give her aching heart a break.

As Erik and Fiona grow closer, she comes to realize he may be leading a double life – and leading her on. Will the night of the Crystal Ball finally reveal the truth about Erik and his mysterious plans – and will the truth break her heart?

## **From Reader Review Big Beautiful Witches: I Married a Warlock for online ebook**

### **Jen Rattie says**

#### **Hands down my favorite.**

Despite it being full of transition problems and new writer stuff this still is my favorite of all of the author's books and I re-read it again because I missed the characters. I feel about this book the way I feel about Gilmore Girls.....I want to live in their world, hang out with the characters and drink unlimited cups of coffee with them.

---

### **Nik says**

Again, similar to my other review. I found this book awful. I'm actually rather bereaved at having spent money on this. And I don't think it was justifiably cheap either!

There was zero character development, zero chemistry, juvenile writings and plot themes. Overall a very disappointing read! I will never read one of her books again due to this consistent writing style!

### **Jenna Pulley says**

**Good**

**Good**

I absolutely loved this book it was such an amazing story my only reason for 3 stars is bc I wanted more of the ending

---

### **Rachel Billingham says**

I loved loved this book another great book by Georgette.

---

### **Nancy says**

Sweet story. Perhaps just a little too much going on for a short read because in the end our H/h did not spend as much time together as I would have liked.

---

## **Amyiw says**

[turn vampire (hide spoiler)]

---

## **Dakota says**

short fun and fluffy read

---

## **Jo says**

This was the first book I've read from this author, and I was very impressed. Although it's quite a short book, the story was very captivating and sweet, and I really enjoyed it.

---

## **Marianne says**

This was actually quite funny. Loved the interactions and friendship between Fiona and Maizie.

---

## **Julie says**

I bought this a while ago and decided to take the time to read it today. The book I thought I was buying and this book aren't the same, but it wasn't a deal breaker. The story was quick and needed more copy editing. There were a few mistakes that could have been fixed with another pair of eyes. I also would have liked more time for the ending to find out what happened after the proposal, such as the reactions from others.

I did have some problems with the heroine because she was both fierce in her day to day life, but she had low self-esteem because she was "fat." Instead of seeming like a flaw, she seemed like a suddenly weaker person.

I'd say this book is a quick read, and it's for fans of stories where the good-looking, popular male loves the "ugly" or "unpopular" female anyway. Sometimes we need that kind of fluff.

## **Frances says**

Woohoo! LOIVED IT!!!

---

## **Dorri says**

I was in the mood for a bit of light-hearted smut. Nothing fancy, no long drawn out "love" story, just a bit of

smutt. Georgette St. Clair was recommended to me by a friend. She is one of the many authors who publish works under the BBW or big beautiful women series. I Married A Warlock was just what I wanted, nothing too deep, short enough to read in one sitting, and had a believable world.

Reading it, I found it more realistic than I expected, mostly because I empathized with the main character, Fiona, a plus sized witch who is constantly being picked on and degraded by her mother for not being "marrying material" even though she is a successful earth witch who owns her own business. When her magic school crush, Erik who's now a police enforcer, returns and asks her to assist him on a case. She agrees and finds herself in a whole new world.

Rather than try to give you a synopsis of the novella, I'm just going to leave you with the teaser description from the book: *"Every witch in Twin River City is eagerly primping for the annual Crystal Ball, where they will have a chance to be claimed by a warlock – except for Big Beautiful Witch Fiona, of course. The one warlock she yearns for, the sinfully sexy Enforcer Erik Bloodstone, would never claim a chubby girl like her – would he? He's been flirting with her for years, but she knows it's in jest – which makes it sting all the more.*

*To make matters worse, he's investigating a series of warehouse thefts in her rundown neighborhood, so she can never get away from him and give her aching heart a break.*

*As Erik and Fiona grow closer, she comes to realize he may be leading a double life – and leading her on. Will the night of the Crystal Ball finally reveal the truth about Erik and his mysterious plans – and will the truth break her heart?"*

### **? Rhiannon ☆ Mistwalker ? says**

I swear, it's like this book was written for me specifically. Chubby, insecure heroine who is smart and funny AND a wonderful urban fantasy setting with witches and werewolves and a whole magical society? I love it! I want more! (4.5 stars)

Only just read this a few months ago and picked it up again. Angst, misunderstandings, insecurity, Mean Girls, this book is just so perfect for me!

---

### **Sunny says**

Love this author. Books are well written!
