## **Black And Blue** Josephine Dillon

Volume 3. Please read Volumes 1 through 2 to include Parts 1 and 2 in order before reading Volume 3. Dillon travels further down the rabbit hole as he tries to connect with his brother David. Defying God and Angelkind, he will painfully learn what he can and cannot do as a young mortal angel. David develops demonic allies as he continues to adapt to life after death in the volatile Underworld.

### **Ashley Briscoe says**

at some parts this book was a little slow but still loved the whole book

---

### **Tanya says**

While the grammar is sometimes poor, and descriptions sometime aggravate me, I find myself on the 6th book of this series, despite telling myself at the middle of every book that \*this\* one will be the last.

---

### **Patdbooks says**

Another great book. Enjoying it and yet at times disturbed at the tests and turns. It truly paints a complicated picture of redemption and damnation. With only been half way trough baffled as to where Josephine is going to take characters. Yet agin characters come and go when not expected. Looking forward to the next one.

### **Kathy Watkins says**

It was a big departure from my regular type of books I read but I liked well enough that I've read the whole series. I'm going to comment about the series as a whole. I've not read the M/M gay romance element before and there is a violence/rape element that left me a little off kilter but I could deal with it. I found the idea of the "good" angels being so sneaky and quick to follow their own agenda's and not caring about their loyalty to God much more bothersome. Again, all that said, it was well enough written, the characters brought to life enough to involve me in their futures, that I did want to keep reading just to see what would happen and to cheer on Dillon and hope he could save his brother David.
