Jerome says

The kids go to a rock concert, and are surprised to see Dracula return (their guidance counselor from another book). Dracula is now a member of one of the rock bands---which happens to be vampire-themed. Coincidence? Of course. Or of course not.

A fine, silly tale with a very interesting premise. Of course, the book creates more questions than answers, but is still quite fun.

Logan says

Read these all in while I was in middle school and loved them, giving them a 3.5-4.0 for my past 12 year old self.

Laura says

great when ur little

E.M. says

Eh, not the most grabby of premises. The plot bunny was more interesting than the entirety of the 67 (not 80) pages. I honestly don't know why I've held onto this chapbook for 17 years, but I'm fairly certain it had to do with the incredibly expressionist illustrations by **John Steven Gurney**.

This book reminds me of a Bazooka Joe comic-strip punchline: *do not jump to conclusions or you'll fall flat on your face*. The Bailey School Kids and its readers should learn that lesson with this series, if nothing else.

Molly says

A silly series that creates more questions than it answers. It's great for formulating theories as well as predictions. The class dynamics should be very familiar to those of the Magic School Bus generation.

Emily says

I love these books! I read this one to my boys the other day and it was so much fun to share it with them. Vampires Don't Wear Polka Dots is still my favorite of the books, but this one was good too.

Melissa Namba says

a fun book. the counselor comes back into town to play with his band. the kids name him famous do he had to go away and no one gets to know if he is really a vampire or not.

Jory says

I'm not going to lie, a vampire rock band would be kind of awesome. And that's actually the premise for this Bailey School Kids book. The kids think the former guidance counselor from the school is a vampire, when in fact he's just in a vampire themed rock band! Or is he? We'll never know.

P.S. it's really hard for me to write reviews for these ones because they are so freaking short.

Seth says

It snowed. Something or someone was in Mrs. Jeeper's basement! Mrs. Jeeper said it was the bats. They thought the bats were a band of vampires. The bats got famous.

paige turner says

I'm pretty glad that the kids didn't ruin the show. I totally thought they were going to do something to get the band to leave town, or stop playing altogether.

Who knows if Mr. Drake is the count or not, he seems pretty harmless if you ask me.

It was nice of them to put flyers around town to get people interested. People love a good mystery. At least everyone had fun in this one.

Alexander says

I thought the book would of been better if I was in elementary school. The plot was okay but it was more childish. I loved how the book had kids thinking a rock and roll singer was Dracula. The main kids names are Liza, Melody, Howie, and Eddie. They are trying to prove that Mrs.Jeeper's has a coffin with a vampire in it and that Mr. Drake is Dracula.

When they make signs saying the bats are coming the bats are actually a rock band. The whole point of the book is that they are trying to prove Mr. Drake is Dracula. If you are an elementary school kid or a Riverside school kid I guarantee you will enjoy this book.

Maria says

Written before the vampire craze of the 2010's, this book tells the story of a former school counselor who the children suspect is a vampire. Mr. Drake has a new rock band, but the Bailey School gang is suspicious of his intentions. A great book with great illustrations.

Earline says

Not gonna lie.. this book was pretty badass. Love the idea of a vampire rock band where the members all drink pink lemonade and sing KISS songs. I've been wondering if you need to read the books in this series in order, and apparently you do (although the authors are good at recapping Dracula's previous adventures at Bailey School).

The collection of "The adventures of the Bailey School Kids" stories are among my all-time favorite children's books. Witty, mischievous and fun, these short and silly books continue to bring giggles to the young and old. Just as I have enjoyed them as a kid, my own children also love them today. I even catch myself re-reading them (alone) from time to time. What can I say? I guess I'll always be a BSK kid at heart.

Olivia says

weird.
