## **Fiery Fate Jaci Burton**

Solara, faerie princess of D'Naath, is betrothed to a king she's never met. Visiting her sister Noele in Winterland, Solara's departure to the southern kingdom is imminent. But after a misunderstanding she must remain in Winterland with Roarke, the elvin warrior who stirs her blood like no other could. Bound to another, she knows her love for Roarke can never be. But her heart won't listen.

Roarke's sense of duty and honor rules his life. Though his very soul burns for Solara, she is fated to marry a king and will never be his. He tries to maintain his distance from the scarlet-haired faerie, but their passion cannot be denied.

Though forbidden, their destiny is inevitable, searing them with a fiery love that cannot be extinguished.

### **Camylle says**

Roake was amazing!!

---

### **Amyiw says**

This had a little more substance than the first story which was more or less a have sex and fall in love.

This one was love at first sight with a building but honor dictates that they can never consummate the relationship. The fight and avoidance goes a little long and the end resolve was very contrived but the emotion and connect was there. All these seem to have very similar sex patterns but they are done well for erotica.

---

### **??Trea says**

This is a direct follow up to Winterland Destiny. It discusses events that happened in that story and expounds upon them. Roarke and Solara are fighting against their attraction and while admirable, they take it a bit too far with the fight. I did like how things wound up turning out though! It was a good, quick read for those wanting something simple, and know about the story that came before hand.

---

### **Lady Raven RAVE! says**

Now I gave this book 5 stars because even though the first sister's story Noele i gave 4 stars I think Solara & Roarke's story was so romantic it sounds cheesy but they both felt love for each other but Solara was promise to another and no matter how hard they fight those feelings love won over. It was a good book to read and in the end what Garick did for him was truly deserving. So in all good read get the book I'm off to read the third book in the series.

---

### **Veri says**

Enjoyable... Short and sexy But I liked the heroine more than the hero , I didn't feel he was willing to fight for her ; plus apparently he had a threesome with her sister and her husband in the first book so it was a little 'icky' for my taste that part

---

### **NaiaraGarmen says**

lovely

---

### **Vivi says**

another short story. This have a little bit more of substance in the story. the smut scenes were hot. Basically the story revolves around Solara and Roake who both appeared on the first book as well. Solara being the second sister of Noele, queen of winterland and Roake the protector of King of winterland. The conflict were Solara being a princess, is engage to be married to another land's king and Roake being common and place value on his honor and duties thinks he does not deserve Solara's love and attention. Their situation might be tragic but when it is true love nothing can stand against it, so with a little push from noeles and a little cunning maneuvering Solara and Rouke were forced to work together and stay closed together and when you are both in heat, in passion and in love honors and value disappear.

---

### **Netanella says**

The second fairy sister, Solara, gets her own story here. Thankfully the plot is more fully developed and the connection between Solara and Roarke more believable. For a fairy-elf romance, that is. He he he.
