Penny Wylder

**First & Last (A Billionaire's Virgin Romance)** Penny Wylder

**He wants to be my first, and he'll pay anything to make it happen.**

I joined the First Times for Sale website on a dare. It's not something I'd ever seriously consider, I mean... who **sells** their virginity?

I didn't think someone would message me.

Definitely didn't think I'd consider his offer.

But talk about sexy-- and he's clearly rich. Something has to be wrong with him. He's got to be a creep, or broken, or dangerous.

I tell myself this so I can try to resist my curiosity.

And so I can resist messaging him back.

Then I hit reply, and worse, I agree to meet him.

It started as a dare.

How will it end?

## **From Reader Review First & Last (A Billionaire's Virgin Romance) for online ebook**

### **Rose He says**

I've been a fan of Penny Wylder since her first book, Penny is ALWAYS a must-read author. I love to read .... I read angst, dark, erotic, romance, sad, BDSM, drama, m/m, romantic, historic, comedy, short and long books. I believe there's a time and "mind place" for reading certain books, Penny's books are short, steamy, fun, sweet, light, fast paced, HEA, very little drama, enjoyable reads that always leaves me with a happy feeling.

I loved reading First & Last. A dare between 2 friends that ends in .... you need to read it to know. A story about Joyce: sweet, inexperienced and adventurous and Declan: Sexy, rich, mature. I would definitely recommend this sweet and sexy novella.

---

### **Lora Borzelleca says**

It was good...hot with the holder man, younger virgin type genre. But I wanted to know more about Declan. The author kept alluding to him doing this sort of thing...buying a young virgin...frequently. But he never confirmed or denied. I just was so intrigued by him, that I would have loved to have learned more about him. And Joyce's friend at the end was just freaking weird. Why was she so upset, I mean, I get it..meeting someone from the internet can be a dicey thing...but she had already met him a few times before and everything was ok...so why the freak out, why the big blow up? Even with those questions, I did like the whole scene with the sculpture and he so upset trying to fix it. Kinda adorable. Anyway...hot read, but I wanted more.

### **Linda Barrett says**

Omg my poor little kindle nearly combusted whilst I was reading First and Last just now. This story will hook you in from the very beginning and not let you go until you read the end which you will be wishing never comes as this story is so cute and perfect. This is a fun,sexy and fast read you really need to one click as soon as you can. This 4.5 star novella will make you happy whilst reading it and maybe a bit hot and bothered too. Declan and Joyce's story is so sweet it will give you toothache. They meet in an unconventional way but their feelings for each other and the chemistry these two characters have is off the charts and oh so wonderful your heart aches for them to get their perfect HEA. I highly recommend you one click this novella and add it to your kindle collection. I voluntarily reviewed an advanced reader copy of this book.

### **Aki1713 says**

Die Geschichte war okay, aber es ist die zweite Geschichte von Penny Wylder, die über eine Jungfräulichkeit-zu-verkaufen-homepage geht.

---

### **A says**

3.5 starts

### **ARC**

- Completely safe
- No ow/om
- Good heroine
- Great hero: unfortunately we didn't learn much about him
- ~No separation: just a misunderstanding caused by the h's friend
- No epilogue: I really wanted marriage and babies
- I really like to read books with dual pov so this is one of the reasons why I felt that Declan was still a mystery to me.

#### **Eehhh**

This book just wasn't for me. It wasn't a bad book it just wasn't not my style. I think I'm over the whole virgin. daddy. Older man. Dominant thing that seems to be popular right now. The girls always a virgin and the guys always an over experienced dominant dude. Overall not bad just not for me. I did think the cover was super cute though.

---

### **Xtracream says**

A short story but a novel worth of incredibly hot sex. This was a fantastic one-handed read and as short as this was - It took me a few nights to get through it.

Joyce is a twenty-year-old virgin, and on a drunken evening, her best friend creates a profile on a site where girls can sell their virginity to whoever has the best offer. It's an eBay for fresh pussy. Joyce is contacted by Declan, a very rich man with a fetish for virgin pussy and is willing to pay a half-million for Joyce's. They

meet and the sparks are flying. They are both already in heat and in no time, Declan is fingering her wet pussy. Then Joyce moans...

OK, I think you get it. As cliche as this little story is, I could not stop touching myself. Thanks Penny!

HOLY FIVE STAR HOTNESS!

Penny Wylder's flair for writing insta-lust/love novellas is incredible! Penny's Latest release, "First & Last" flows seamlessly, the writing style is extremely professional (with few to no grammatical errors) and the characters are exceptionally engaging. "First & Last" is a sweet, endearing love story with an awesome ending. As with all of Penny's novellas," First & Last" also delivers her trademark Kindle melting heat (did I mention it is hot?!). I was easily captivated by the story and literally could not put it down. Hopefully, another novella is already in the works... since Penny Wylder releases tend to calm my author stalking tendencies!

I highly recommend ALL of Penny's work, you will not be disappointed!

### **Lisa (Remarkablylisa) says**

I know what you're thinking. You're probably wondering why I'm getting so harsh with Penny Wylder books lately but I'm trying to be fair in my reviews and this book simply did not meet my standards for her books.

First of all, the premise of selling your virginity online to the highest bidder has been done and played out before. I found this story to be similar to a lot of reads you can pick up on your amazon kindle and really, there's nothing much different from this one and the next except for maybe how the relationship ends.

I found both characters to be slightly annoying. We have our heroine who thought it would be funny to continue her online joke after her friend signed her up on the website after one night filled with too many bottles of wine. And we got our hero who is dark and mysterious that we literally know nothing about.

And you're telling me that they will fall in love in the end?

PFFT. AS IF.

### **Melissa says**

#### **Not My Favourite**

This definitely was not my favourite Penny Wylder book. I wasn't sold on Declan at all. I just found him off putting. I wish we had his POV, I wanted to know why he was on a virgin site and if he bid on virgins regularly. The sex scenes are still hot! Look forward to reading her next book!

---

### **Vera M says**

Very steamy read!! Quick and hot!!

Joyce and Declan meet at the most unconventional way, but their story is sweet!!

They have smoking hot chemistry and they hit it off immediately!!!

Love the HEA ending!!!

---

### **?Tonya? says**

not sure if this works for me...cruising a website for a virgin isn't very "hero-like" for me

---

### **DawnMarie Carpintero says**

#### **Fast Read**

4 stars

This was a fast and powerful read. I love the way the author brought all this together and put it in one little package. The sex was hot but at the same time the storyline for me could've continued on to be something more.

This is a great summer fast read.

Happy sexy reading

### **PointedlyBlunt says**

Joyce jokingly signs up for a "Sell Your Virginity" website, not expecting to go through with it. But then Declan comes along and being much older and sexy, sweeps her off her feet. They fall for one another fast, and the rest is history.

I am conflicted on how to review this. Here's why:

OK, so the entire time I was reading First and Last I kept thinking, "wait, did I already read this? Is this a rename and republishment of a book she's already written? Did I miss something?" Well, no, I hadn't already read it, but I have read something startlingly similar by Penny Wylder, before. The Billionaire's Virgin, where the heroine also sets herself up on a Sell Your Virginity website, only she actually needs the money from the auction in order to support her ailing grandmother. Otherwise, the premise is so similar, it was like reading the same book. Much older, successful, sexy man sweeps her off her feet. There's a video-call sex scene. The entire idea was at the recommendation of a "bestie". I could go on.

Two reasons I'm giving this 3 stars rather than 1. First, I guess it isn't technically plagiarizing when the original was yours to begin with. Secondly, First and Last was done better than The Billionaire's Virgin. The characters were easier to connect with, although not very developed, and the sex scenes were steamier. So, if you're stuck between the two, I'd go with First and Last. If you end up loving it, then you will probably love TBV, also.

Unfortunately, I think I'm going to take a Penny Wylder break. I enjoy her writing, especially for a quicker, sexy read, but if she has to reuse plots then she's probably putting her books out too fast.

I received an ARC in exchange for an honest read.
