**Hazme tuya** Anna Zaires , Dima Zales , Scheherezade Surià (Translator)

**Segundo libro de la trilogía de romance oscuro líder de ventas según el New York Times y el USA Today**

**Secuestrada a los dieciocho. Cautiva durante 15 meses.**

Es como en los titulares de las noticias. Y sí, lo hice. La secuestré. Nora, de melena larga y morena y piel sedosa. Es mi debilidad, mi obsesión.

No soy un buen hombre. Nunca he querido serlo. Puede amarme, pero no podrá cambiarme.

Sin embargo, yo sí puedo cambiarla.

Me llamo Julian Esguerra y Nora es mía.

## From Reader Review Hazme tuya for online ebook

### Candace says

This is the second book in the series, following 'Twist Me'. You should read book 1 if you haven't already, so you have the background. There will also be another book coming out. So if you can't stand to wait, you may want to hold off until the series is complete.

This is a series with dark elements, including rape, physical violence and psychological/physical abuse. So, be forewarned. If you love dark, dangerous, taboo reads like I do, this book will probably be right up your alley.

Julian has come back to reclaim Nora, and not a moment too soon! Brace yourselves, ladies! All of that love to hate him, bad-boy appeal is strong as ever. He is one of a very small group of leading males that can turn a wedding into an act of dominance vs. the ultimate show of male submission and domestication.

After months away from Julian, Nora has almost forgotten the darker side of Julian's nature and he is all too eager to reassert his authority over her. She's quickly reminded of why this man both frightens and arouses her like no other. Only, this time around, she's with him by choice and there's no escape.

They each struggle with their feelings for one another, but have admitted to themselves that they are unwilling to ever be apart. Their need is primal and animalistic, resulting in earth shattering sex that'll make you blush. Julian is definitely a bad, bad, boy! I wouldn't want him any other way.

Like it's predecessor, this book contains plenty of action and danger. On a mission to avenge Beth, Julian finds himself in a perilous situation. Nora risks it all to try and save him, facing her worst nightmares.

If you enjoyed 'Twist Me', then you must read 'Keep Me'! This book was fanfreakingtastic and I cannot wait for book 3!

---

### Hanife says

**Edit: September 30... SERIOUSLY?!**

---

### Snow says

The sequel to book 1 **Twist me**  
brought more action, more sexual exploration and more emotionally challenging situations...

where the lines got blurred while distinguishing attraction, complying to the current state of mind and accepting the future of the 'never being free' concept...

even though, tempting, it's more frightening than the feeling of continuity and the stability of the 'known', despite the fact that she's a captive...

But she's a willing captive that slowly and eventually let herself go to just 'be & feel'...

But can she find the same in return?

Is Julian Esguerra, a man that could in fact show, express love, rather than just sexual adoration, and fierce obsession?

---

**Kate's Corner says**

**This was me after the first book so that I needed to read the second one.**

**How do I feel after finishing this book?**

**But I will give it a try. Even Alice agrees with me on this one.**

**I can't deny though that once again**

**I would like to warn you that this is not for everyone, there is Stockholm Syndrome and in some ways, as people always perceive things differently not all of it is consensual.**

**This is the second book in the series and it picks up right where the last one finished. The island isn't safe anymore and after Beth's death it just isn't the same either. Julian survived the warehouse explosion and this time Nora has gone willingly with Julian. Columbia is the new/old fortress that used to belong to his father. Protected from all the enemies that Julian has.**

**I liked the dynamics more of this relationship than in book 1. Although I've given it less stars. I'll tell you on further in my review.**

**Some parts of the book were really hard to read because of the emotional turmoil and Nora's feelings and emotions. I mean I cried on the effing tram at six o'clock in the morning on the way to work and I like to add I don't cry due to the fact that I'm an ugly crier back on to my review. I don't mind reading out of my comfort zone and sometimes it is even refreshing.**

**Julian is obsessed with Nora to the point that he forces her hand to marry him with the threat of killing Jake again. He also plants trackers on her which makes him feel better. Not one but three.**

**“Instead of a deluded psycho who thinks he's doing the right thing, my new husband is simply a man without conscience”**

**The obsession runs so deep that he can't recognize the twisted love that he has for Nora.**

**“The desire to possess her is violent, all-consuming. It's an obsession that goes beyond a simple sexual need, though my body burns for her. I don't just want to fuck her; I want to imprint myself on her, to mark her from the inside out, so that she will never belong to any man but me. I want to own her completely.”**

**My mind was battered with all the emotions and it was hard to comprehend Julian. I loved that we got his point of view. Which I was intrigued about since I first read book 1.**

**They have a twisted love which I think only they understand.**

**“Will you ever let me go?” I murmur, remembering our long-ago conversation. His lips twitch in a faint smile. He remembers too. “No,” he replies softly. “Never.” We lie in silence for a few moments, and then he asks quietly, “Do you want me to let you go?” “No, Julian.” I close my eyes, a smile curving my own lips. “Never.”**

**There isn't really anything majorly that I can nitpick about this book but I mean come on Julian was in a warehouse explosion in book 1 and then in book 2 he survives a plane crash I mean come on really? Not bloody liking to be honest.**

**It's like the dude is Super Julian \*cough\* I means superman of course.**

**So hate me all you want but I won't change my mind on that one.**

**Nora had the patience of a saint when loving Julian**

**I'd been dropping into bed at night**

---

**Sorbetto says**

I dont have problems with bdsm, at all , I like it. Im very open minded person.

As long as it is consensual.

Because if it's not then it's -no surprise there - a crime.

So..I tried to put myself in heroine shoes, tried to imagine how I could be "trained" if I was just 18 years old and so on..but I failed every time. Cause there is no amount of good sex, money or beautiful body and face in this world that could turn monster to lover in my mind. I can see myself doing (induring) all those things in hope of survival, but to fall in love with someone like that?? ok..let say she is brainwashed. Sure.I get it. But then we have a relationship beetween brainwashed and psycho. Lovely.

And the worst thing is I know there are people in this world that actually went trough similar stuff and fell in love with their abuser. Thats just disturbing. Anyway..after the choking scene I stopped reading..I would have kill him 10 times before that scene already.

So, in short..this is a book about 1 person with serious mental health issues (oh how sexy), the second person is young girl with tendencies to be abused.

I can see her in a marriage with the same type of person only less sexy and rich if she is not taken by this perticular psycho. Yes, I belive only certain types of people end up in abusive relationships.

where was I..oh..more equaly fucked up people around them..and some really weird parents.

But whats most disturbing is authors try to make a person likeble trough his rough childhood. Oh people!!!! guess what!! Most of the bad people in this world are bad cause they've had it bad!! Yes!!

Now please, feel sorry for every one of them an invite those who are sexy to sunday lunch!  
Who knows maybe you'll fall in love.

yep.

---

### **Mada Linx says**

I said in "Twist me" review that I don't know what to think of Julian and I want to understand him better. In "Keep me" I've had the chance to go into his mind and see who he is and to be honest, I didn't really like it what I found. Turns out he's more cruel than I thought. His lust for violence is more intense, even towards Nora. No matter how much he loves her, he still wants to hurt her, which is not okay with me.  
I didn't like Nora in this book as much as I liked her in the first one. I felt like she lost her fight, she submitted Julian too completely, too easily. She let him control her with too little fight.

I would have liked less sex and more action and development in their relationship. It does have action, however not as much as I wanted.

---

### **A??ela W. says**

I love this series. Julian Esguerra is not a nice man he kidnapped Nora because he wanted her. I stayed up all night reading this book I just couldn't put it down and this is one book that I am looking forward to listening

to it on audio. Held captive for 15 months Nora Leston an 18 girl from the Midwest fell in love with her kidnapper. After being kidnapped by a terrorist group along with Beth who was killed Nora believes that Julian was killed in an explosion. For four months Nora is lost without him and she didn't know how to start her life over until Julian returns. This book picks up where the last one "Twist Me" left off Julian shows up in the middle of the night to take his Nora. This book to me is better than the first one and I really loved the first one. In this book we get to here both of their POV and I loved that. This book we also get to hear and understand why Julian is the way he is how he grew up with a horrible father and a mother who was too afraid to stand up for him. In this book you get to see how Nora has grew into a strong person although she is still unsure if Julian loves her, which he does he just has never felt or received love before she knows that he wants and needs her and that he is never letting her go and you also see that she loves Julian for who he is a sadistic monster that bring out the masochistic in her and she loves it. This book had a few twist in it that I want give away but I loved the first one and I loved how he did it. This book had some very hot sex scenes in it I mean the book had me "throbbing". I loved that Nora was able to tell Julian what she needed and that she was able to stand up to him although it didn't do her any good I love a man that takes what he wants and doesn't apologize or feel any guilt for doing it. This book was very well written and I am looking forward to reading the next book in this series so Ms. Zaire please make it early 2015. If you love to read dark erotic non-con I highly recommend this series I will even loan it to you. I have read a few series where the second book is not as good as the first one this one is NOT one of those.

***"Nora you are mine and I am never letting you go"***

---

### **Sarah Toussaint says**

This series is one of the first dark books I've ever read. Actually, I think it was the second dark book I read and it was just at the right time because I discovered an author I loved and a series of books I'll continue to read whenever I feel the need to mentally go back to a time when everything was peaceful and simple in my life.

Nora and Julian's story is passionate and inspiring to me, especially as a writer myself, Anna's books have caused bombs in my brains and when I hit the keyboard, I hit it hard.

**READ THESE!**

You won't regret it.  
Feel free to thank me later!

-  
Note to author:

If you don't release more of Nora and Julian, I will hunt you down, Anna Zaires and I will force a pen and paper in your hand and make you write! More, more, more!

---

### **Khadidja says**

This story keeps getting better and better! i'm re-reading it now and i absolutely love it. if you haven't read it and you love dark romance you should check this one out! i loved this one more than i loved the first book, Twist me mainly took place on the private island it focused solely on Nora and Julian and their sex life! Keep me is full of action and suspense, never ending twists and turns, simply AMAZING.

"Will you ever let me go?" I murmur, remembering our long-ago conversation. His lips twitch in a faint smile. He remembers too. "No," he replies softly. "Never." We lie in silence for a few moments, and then he asks quietly, "Do you want me to let you go?" "No, Julian." I close my eyes, a smile curving my own lips. "Never."

### **Val Shameless ?? Steamy Reads ?? says**

***Re-read: 7/14/16...*** Continuing my Anna Zaires Julian/Nora re-read extravaganza....

### **The Awesome Continues...**

In this second installment in the *Twist Me* Series, we get deeper into Julian and Nora's story...and a little bit deeper into Julian's world.

And it's scrumptious.

I would write more...

...but I'm more interested in reading book three than writing this review.

---

### **Full series "review" here.**

---

### **Janie says**

I am loving this series. I can't believe it took me this long to read this author's books. Julian is an absolute crazy man who is obsessed with Nora. Nora is just as obsessed as him at this point. On to the last book of their story.

---

**4 Stars!**

***“It’s futile to fight against one’s destiny....”***

*Keep Me* by Anna Zaires is book two in her *Twist Me* series, a sordid tale about a young woman who is taken captive at the age of eighteen. This is a moderately dark, fall in love with your captor romance series that I believe appeals to many readers, including those that don’t necessarily venture into the more adventurous darker erotica reads. While the premise of the story definitely has darker undertones, the execution of it is more along the lines of intense erotica/bdsm. The undercurrents that move the story along are more romantic in nature in my opinion rather than the focus being on the horrific things a captor can do to his/her captive and because of this I once again will state that I believe this series holds a wider appeal than most novels classified as “dark erotica”. This second installment picks up right where book one ended. Nora is back in the clutches of Julian. This time, however, she is not necessarily going with him as a reluctant captive.

Now that Nora Leston is back in the hands of Julian Esguerra, he is going to do everything in his power to ensure that she will never be taken from him ever again. They travel to Colombia to the childhood home/estate where Julian was raised. This is an impenetrable fortress where no one can get to Nora, nor can she escape. Nora continues to be led down a path of sexual exploration, there to fulfill Julian’s sexual needs and cravings. She no longer is putting up much of a fight and no longer tries to put a stop to all that Julian does to her. She willingly gives her body and mind to her captor all the while realizing that he is continuing to mold her into someone to please him and also someone that has the same dark desires that he does. The fine line between pleasure and pain continues to be blurred and Nora finds that she craves Julian’s cruelty just as much as she needs his tenderness. As Nora becomes more deeply immersed into Julian’s world and slowly starts to realize just how powerful he is and all that he is capable of, can she handle all that she learns and stand by his side? With outside forces determined to get to Julian and see him dead, will he be able to ensure Nora’s safety and keep her by his side?

***“It used to bother me, this obsessive craving, but now I’m used to it. I’ve accepted my own madness.”***

\*\*\*\*\*

***“I’ve succeeded in what I set out to do. I’ve made her completely mine.”***

\*\*\*\*\*

***“Something about her calms my demons, makes me feel almost normal. Almost....happy.”***

What I enjoyed about book two is that we also get Julian's POV. It was wonderful to dive into his thought processes and to truly see just how deep and perverse his obsession with the lovely Nora goes. His feelings for Nora grow and become more intense, if that is even possible. Somewhere deep inside Julian struggles with the fact that he abducted Nora and is molding her into someone he wants her to become, someone who is as obsessed with him as he is with her. However, the cold, enigmatic man that we have all grown to **hate** love is still the dominant personality. He needs Nora and is relentless in his pursuit to keep her. She is all his and he intends to keep it that way. He has finally found someone he desperately craves and nothing will stand in his way of conquering all of her. Really....I mean that....nothing!

“There’s no one to stop him from doing anything he wants with me, no safe word that I can use to enforce my limits.”

I definitely enjoyed the narrative and think it was well executed. I also continue to think that Anna Zaires has done a wonderful job of getting into the mind of “Nora the captive” and exploring the contradictory mental state that she often finds herself in. Nora obviously still struggles with the extremity of her feelings for Julian. Her feelings are definitely dual in nature. She hates him for taking her from her life and exerting such dominant control over all that she is; but, simultaneously, she is mesmerized and enthralled with all that is being done to her by this powerful man. Julian is all consuming and Nora can’t help but keep following him into his tangled web of perversion and obsession. Nora may no longer be the wide-eyed captive she once was; however, just how far is she willing to go to stay with a man who inhabits a world full of danger and darkness?

All in all, *Keep Me* is a wonderful addition to this series. It was a book with quite a number of surprises and moments that kept me on the edge of my seat. I am definitely looking forward to the next book (*Hold Me*) due out sometime in 2015.

---

\*\*\*\*An advance reading copy of *Keep Me* by Anna Zaires was generously provided to me in exchange for an honest review.

**SueBee★bring me an alpha!★ says**

**★★★★ 1/2! Keep Me, book 2 of 3. Dark & violent tale of high school grad being held captive by ruthless alpha, Julian!**

*“It’s an obsession that goes beyond a simple sexual need, though my body burns for her. I don’t just want to fuck her; I want to imprint myself on her, to mark her from the inside out, so that she will never belong to any man but me.”*

Books in the Twist Me Trilogy should be read in order:

**Book 1: Twist Me**

**Book 2: Keep Me**

**Book 3: Hold Me**

*In Twist Me (book 1) recent high school graduate **Nora Leston** was kidnapped by heir and arms dealer **Julian Esguerra**. Amidst violence and rape, cocooned on a remote island, their attraction grew into more.*

**Keep Me** (book 2) picks up after book 1’s serene ending. Nora is still fighting her feelings but committed to being with Julian. His obsession with her is fierce, their attraction undeniable with a reluctant romance brewing.

**Secret pasts, conflicting emotions, intense attraction, inexplicable affection and terrorizing villains** mar their journey for more...

Seven words to describe **Julian Esguerra**: Determined, entitled, broken, flawed, ruthless, possessive and analytical.

Seven words to describe **Nora Leston**: Stubborn, naïve, smart, determined, reckless, spirited and loyal.

**Keep Me**, told from dual POV’s, digs deeper into Julian’s past mitigating some of his darkness in their against-all-odds relationship. But ruthless villains lie in wait leading to danger and gruesome situations.

Book 2 ends with threats leading right to book 3 **Hold Me** for the conclusion of their story.

*“I want to be her everything: her protector and her tormentor, her joy and her sorrow. I want to bind her to me physically and emotionally, to brand myself so deeply on her mind and soul that she will never think about leaving me.”*

**Jacqueline's Reads says**

**3.5 A little darker Stars**

It's been two years since I read the first book, *Twist Me*. I'm not sure why it took me so long. I think it's because I got the audio and I waited to listen to it.

For the first time or in a really long time I think I would have liked reading the book a lot more than listening to the audio version.

Here's the thing with me, I'm not a picky audio listener. I basically can like any narrator, my standards are low because I love listening to books so much, and it's very hard for me to not jive with a narrator. Also, if the book has dual narrators, which this one does, a male and a female, well it's even better.

My Audio issues:

I really enjoyed the male narrator. Did I imagine Julian as the narrator was talking, not really, but the narrator had a pleasant voice, it was deep and rich. I didn't enjoy the female narrator's voice. What makes a GREAT narrator is the acting, yes there has to be some acting involved, I have to feel the emotions and really believe what you are telling me, for some reason I couldn't get into Nora's narrator. It felt fake and I wasn't a fan of her male voice either. I thought her voice was kind of light and the tone wasn't meant for this dark erotica book. I think I rather listen to her in a light-hearted book instead.

**With all of that said and done, I'm pretty sure I would have enjoyed the book more had I read it instead of listening to it.**

*Keep Me* is the second book in the *Twist Me* series. Book 2 of any series are very hard to read because you question if the author can continue to give you a good story without the fluff. First off, there's plenty of steam in this book, so that was good. I felt like I got deeper in the Julian and Nora's relationship.

I really liked how they grew as a couple. Julian is as possessive as ever and yes please for that. Nora is still a little shy, she wants to stand up to Julian but she basically lets him boss her around, I'm not sure about my feelings towards that, but I take it for what it is.

There's a lot that goes on in this book especially with Julian keeping Nora safe. I like that the book is a bit darker and more meaningful.

I'm not sure if I will continue with the series, if I do, it will not be the audio version, but I wouldn't rule out

the series just yet. I am a dark book junkie.

The release date is **SEPTEMBER 30, 2014**.

Keep Me Teaser #3

Keep Me Teaser #2

Keep Me Teaser #1

Excerpt from Julian's POV:

“Are you all right?” There is a concerned expression on Nora’s face as she reaches up to touch the area above my left ear. Her slender fingers are gentle on my scalp. “Does it still hurt?”

Her touch sends pleasure streaking down my spine. I want this from her. I want her to care about my well-being. I want her to love me even though I stole her freedom—even though, by all rights, she should hate me.

I have no illusions about myself. I’m one of those men they show on the news—the ones that everyone fears and despises. I took a young woman because I wanted her and for no other reason.

I took her and I made her mine.

I make no excuses for my actions. I feel no guilt either. I wanted Nora, and now she’s here with me, looking at me like I’m the most important person in her world.

And I am. I am exactly what she needs now . . . what she craves. I will give her everything, and I will take everything from her in return. Her body, her mind, her devotion—I want it all. I want her pain and her pleasure, her fear and her joy.

I want to be her entire life.

“No, it’s fine,” I say in response to her earlier question. “It’s almost healed.”

She pulls her fingers away, and I catch her hand, not ready to forego the pleasure of her touch. Her hand is slim and delicate in my grasp, her skin soft and warm. She tries to tug it away reflexively, but I don’t let her,

my fingers tightening around her small palm. Her strength is insignificant compared to mine; she can't make me release her unless I chose to let her go.

She doesn't really want me to let her go, anyway. I can feel the excitement rising within her, and my body hardens, a dark hunger awakening within me again. Reaching across the table, I slowly and purposefully unbuckle her safety belt.

Then I stand up, still holding her hand, and lead her to the bedroom at the back of the airplane.
