His to Bear Jennifer Hilt

Vampire Meg Chambers has everything she ever wanted--great new job, perfect place to live, and she's even feeling some sparks flying between herself and her ice-bear shifter landlord and town sheriff, Ash Barlow. Too bad her employment contract stipulates if she acts on the attraction, she's sentenced to death by staking.

Sheriff Ash Barlow's off limits sexy housemate is leaving her lingere in their shared bathroom and sleeping in his guest room. Fighting their attraction for each other becomes impossible as blizzards and bear traps throw these two forbidden lovers together. When Meg suffers a serious injury will Ash do the one thing necessary to save her and forever change their lives?

From Reader Review His to Bear for online ebook

Lori says

It's strange, but I'm not sure!

I am pretty sure that I enjoyed this book. I even smiled and laughed several times. What is my confusion about? I'm pretty sure it's because I have never read this author, and her writing style will probably take me a couple of books to get used to it. We'll see! ??

Erica says

Short, sexy and fun!

Sexy bear shifter and sheriff Ash finds himself in a bit of trouble when he offers his spare room to the new doctor.

Meg's a vampire and knows people won't readily trust and accept her.

She's sent to Icy Cap and the only place to stay happens to be with the sexy sheriff, when sparks fly they both have to fight to stay away from each other. If she gives in it's punishable by death according to her contract.

His to Bear will hook you early on and leave you ready for book 2 asap!

Elaine says

Now this is a definitely different paranormal romance! Not only is the hero an ice-bear shifter, he's also the sheriff of the town he's trying to rejuvenate after it was devastated fifteen years ago. As blizzards wreak their own havoc on the landscape there are two other major concerns grabbing his attention. The first is the feisty vampire who is currently staying in his home. She's the doctor for the community and one of the restrictions on her contract from her supervising review board is that she must be celibate or risk being staked. That wouldn't necessarily be a problem except that the attraction between the two of them is mutual, hot and very difficult (if not impossible) for them to resist! The other problem is that paranormals in the community are being targeted and injured and he needs to find the perpetrator before someone is killed . . .

With blizzards, white outs, rules to be broken, romance and danger this is a short but action packed story that is a thoroughly enjoyable quick read. The location, range of characters and mystery involved make this a great start to this Den's adventures with plenty of hints of even more to come. I can't wait to read more from this author and the others involved in the overall series which I recommend to anyone who would like to imagine romance with a strong, cuddly, alpha bear shifter to cuddle up to!

Jessica says

Cute, short somewhat intense story about a polar bear and a vampire. But vampires are suppose to live a life a celibacy.

Expresso-Girls Just Wanna Have Books ; A Mafia Romance says

What a delightful, sexy, and incredibly fun story! A vamp and an ice bear.....mates? Opposites really do attract!

Bad things are happening in Icy Cap. Enchantment. Bear traps. Succubus. As if Ash and Meg doesn't have enough challenges already!

Mates are forever. Mates trust each other explicitly. So what happens when family interferes? One word. TROUBLE!

It's been a few years since I've indulged in shifter romance and this story is a delightful reminder of what I've been missing! I love this story and look forward to book 2! Each story can be read as a standalone. No cliffhangers!

Four amazing stars for Ash and Meg!!

Jessica N. says

Good story

This story has mystery, lust, humor, a small "town", sexy polar bears and a sexually frustrated vamp. What's not to like?

The cast of characters are minimal but lays a foundation for future stories.

Quick, easy to read story.

Speed says

It was ok. Full of sex and mated shifters. Insta-love. Short and quick read. Too short. 2.5 stars.

Scrap says

I received an ARC of this book for an honest review

Meg is a vampire and a doctor sent to Icy Cap to become the town doctor for both the paranorms who all seem weary or downright don't like vampires and the humans. Ash is a Hot Alpha ice bear shifter and the sheriff of Icy Cap. The situation between Meg and Ash is let's say very hard, part of Meg becoming a vampire is she has to stay celibate, but oh has she got it bad for Ash. Ash is feeling things for his

"roommate" as well but keeps denying it. I really loved the story because not only is the connection between Meg and Ash hot, the mystery of the enchanted traps, the succubus, and the blizzard there are other shifters, trolls and fairies in the story oh and we get to meet Ash's twine Dane and his cousin Tristan. I can't wait to read the next book.

Susan Lee Thuener says

Bear shifter story.

This got a very low rating because there was too much sex. The plot came through but was weak with no satisfactory solution to the basic threats.

Claudia says

Having read another of the Icy Den Cap stories first, this one was a little slow.

Living near the arctic circle makes life difficult for the new doctor, a vampire. As vampires are cold-blooded animals, cold is rather dangerous to them. Therefore Meg needs to keep warm at all times.

Her landlord, a polar bear shifter, finds her very attractive, but he has to resist. Things change during a darning rescue mission, where Meg nearly dies of cold.

Fairly straight forward, a nice story, but nothing out of the ordinary.

Jen Winters says

[Red tape isn't really the answer I would have gone for. The narrative didn't really give the characters the kind of difference in voice you would expect. Overall it get 3 stars because it was fine, just not great. (hide spoiler)]

Jo says

Short & sexy

Glad I got this as a freebie as it was pretty short & though not exactly a cliffhanger, not a completed story either. A good read but maybe better to buy the 3-book collection

Susan Otto says

An terrific and humorous shifter / vampire romance

Icy Cap is a shifter town with a ice bear / mayor / Sheriff trying to solve crimes against shifters. He has discovered his mate is a vampire.

This fast pace story is both humorous, unique characters, and intriguing plot. I laughed through did entire book. If you want something lighthearted and paranormal romance this book is for you.

bookwormsuzy

Kimberly says

So so

It was an ok story. The proofreading and editing really needed to be looked over again.

The story was about a shifter and a vampire mating. The many books that I have read about vampires were completely different than this one. For example, they don't suffer from any pain, umm..I've never heard of any council forbidding them from forming relationships, but that could just be this book, and they have voracious appetites for sex. This vampire was forbidden of all of the above.

It's your choice to read.

Marcia says

What a fun story. Ash the Alpha werebear, sheriff of Ice Cap, Alaska discovers that vampire-physician Meg, his boarder, is his mate. Forbidden love as vampires (in this "reality") are forbidden to have a personal relationship with anyone. Nevertheless, when Meg almost dies again from hyperthermia, Ash claims her. Look forward to reading the next book.
