# From Reader Review Kumari: Goddess Of Gotham for online ebook

## Nebula Books says

Dark and humorous, Kumari is a fun read that comfortably bridges the divide between Adult and Young Adult fantasy. Lees has written a heroine that is complex and endearing.

Amanda Lees parents met in the Borneo jungle where her Glaswegian-born mother had set up a hospital and her father was an Oxford-educated Gurkha officer. Goddess of Gotham was written as a tribute to her late mother, and to reflect Lee's own exotic upbringing, exploring her love of the world and it's different cultures.

The first in a trilogy, Goddess of Gotham is the story of Kumari, a thirteen year-old girl who is a goddess-in-training and lives in a hidden kingdom in the mountains. Despite being a goddess, her life is full of restrictions and instructions and she becomes disillusioned with her preordained role in the universe. All of this changes when her mother, the goddess, is killed and Kumari attempts to resurrect her and find the truth. But Kumari has not yet mastered her magical powers, least of all resurrection, and suddenly finds herself in the strange and fantastic world of modern day New York.

## Lea Müller says

ihc habe nur diesen bnd gelesen,da es mich nicht o sehr fesselte

---

## Libby says

Goddess Of Gotham was a \*good\* fantasy book. This girl is tossed out of her own world, into NYC. She has to get used to the ways of the 'World Beyond' and how no one understands she's a goddess.

It was good, and I would want to read the others in the trilogy.

---

## Nandini says

Notwithstanding that this is a children's book, there were points in the story where the plot was a little thin and ill thought out. Whilst this, overall, was a somewhat engaging read, it took a while to pick up. Nevertheless, it was enjoyable in some aspects.

---

**Rizwana says**

this is a brilliant book and should be read
