Love Me Harder (Love Never Fails Book 3) Camille Mackenzie

Nikki Daniels is a single Mom. It's apart of who she is but it doesn't define her. For most, that term might send them running for the hills. It has the opposite effect on billionaire Alec Cornerstone. One night together and he can't forget her. She needs someone who can help her let go of her past, shoulder her responsibilities and love her and her daughter hard. Two hearts are up for grabs and Alec is determined to have them both. He only needs Nikki to let go and trust him.

Renora Lewis says

Great

Minor grammatical errors but in no way did it take away from the meaning of the story etc. I would read again. Characters and dialogue have such a realistic quality making the flow of the book a breeze to read. Was so good finished it in two days, I didn't want to put it down.

Samona says

Love wins

Nikki and Alec story was awesome. Nikki was a complicated, and I enjoyed how Alec pulled back every layer. Loved how the other couples made a little appearance. A really good book.

Michelle says

Truly a love story til the end

An enjoyable read not action packed like Sora and Roman's story but still had all the love. Alec and Nikki were deserving of one another and I am glad she finally came to that realization. We could have done without the Molly mess though. Looking forward to reading how Ben, EJ and Alec took down her family when their story comes out.

Dl says

A real love story 5 Stars

This is Camille Mackenzie's third interracial novel, Love Me Harder. Each book in this series can be read separately. The story begins when Nikki's best friend Sora sets her up on a date with her other best friend, Alec. Nikki and Alec have no expectations going in, it is just a favor for Sora. When Alec rings her bell and sees her, he is completely in. On the other hand, Nikki thinks he is a good too-shy/nerdy type. After that night, things change and the love story begins.

The story was so intriguing that it draws you in from page one...it is so well written that the story just flows. Alec is the perfect leading man and Nikki is dealing with some with a lot of issues, but that's okay, he just gonna love her harder.

Mspraise50 says

This was Alec and Nikki story. Another great read by this author.

Nikki had trust issues and tried to push Alec away at every time but he was determined to have her and never gave up.

I would highly recommend his book.

Nene says

Awesome

I am loving this storyline and the two main characters are the best. Camille has outdone herself and I would recommend this book. I loved the Clark Kent and Superman aspect. This is my opinion and can't wait to read the next story.

Lekeysha Lewis says

Worth the wait

If you could see me standing, applauding, and screaming "Bravo!" , you would not waste your time reading this review. Instead, you would be purchasing this book! With that being said, my dear fellow lovers of great stories, please read and enjoy!

LaTanya Galloway says

Best way to end a book drought

This story was the best in series! Alec and Nikki had smokin' hot chemistry out the gate....that whole instalove thing. Alec's relationship with Ally was super sweet and he never faltered when he found out about her. Nikki, was the classic, "I must protect my heart at all cost" and push Alec away unnecessarily. There were some super sweet, tug at your heartstring moments. Great read!

Carolyn J. says

Alec and Nikki.

For a minute I could not recall who Alec was. I forgot he was Sora's friend. Sora and Roman, Chase and Jade being mentioned helped to refresh the storyline. At times, I wanted the pace of the story to accelerate a bit, and a stronger connection between Alec and Nikki, a few times I was just stumped by the way they interacted. Alec loved Ally, that was clear. His chemistry with Nikki was semi-erect at times. Overall, I liked

the story, I wanted a little more, but, I'm good. 4.21\2 stars..

Tiffany says

I'm a huge fan of this author, however, I'm not a fan of "wifey wifey" people. They're adults, make up your minds already!

I would recommend this books to my friends and anyone who reads my review.

Happy reading, friends! ?♥?

G says

Good read, wifey wifey heroine

3.5

The heroine of the story couldn't make up her mind. Also, there was no need to introduce Dean into the love story when there was already a love triangle with Molly in the picture. It was great to see the couples from the previous story. Much more intrigued to read the next story in the series. I would definitely recommend this book and would caution the reader to read the first two books before reading this one.

Tisha Johnson says

4.5

This book was good but not great. We have to learn that our past is just that....THE PAST. These two never got their stories truly told just a little here and there. Did not care for the fact the author couldn't remember how Ally was. Waiting for EJ and Ben's story and maybe more of Alec's history.

Alicia Pressey says

Great book

This book was so good. I didn't think I was going to like this story because I wasn't in the motorcycle gang; well I was surprisingly shocked this book was really good. I will be rereading this book again. Way to go Camille

Sammie Shorter says

Amazing story

Alec was so patient and kind. Nikki had a lot to overcome. I don't like how the Molly issue was glazed over and many editing problems. In one paragraph, Ally was described as a 4 1/2yr old and next chapter, she was described as a 3 yr old. The story was amazing though, hence the 4 stars. Can't wait for Ben and EJ's story.

RomReaderRev says

More mature love story

This story was more mature though it included complications - I would have liked to see more of how Alec and Nikki dealt with her past but it was enjoyable and I really enjoyed the interaction with the child and seeing Alec deal with his struggles to balance love and his career. Ultimate love won out.
