Salvation II: Saved By A Savage Nako

In the second installment of SALVATION, Teka has given up on ever hearing from Moses again. Moses only priority is his health and getting his life together. He's starting to feel as his reign in the streets is coming to an end while Teka is just warming up to becoming a business mogul.

Somehow someway, the two stumble across paths once again but this time...he doesn't let her run.

In Salvation II, get a new feel for Teka and understand Moses a little better.

This is the second book in this series and it ends on a cliff hanger.

Where is my Moses?

I loved the growth from the characters this go round Teka got to see in herself what everyone else sees and Moses really brings out the best in her...Moses is that dude man I pray for my beau to be as strong willed as he is. Tracy having a coming to Jesus moment and realizing he needed to humble himself really made me cry. I can't wait for part 3

Impressed as usual

I am enjoying every minute of these new character lives. part 2 was just as satisfying as part 1. Nako characters are always so relatable and they always make me analyze myself. I can see so much of myself in Teka and am so in love with Moses. Lol. I was extremely happy to get to the end and see a part 3 coming and soon! Nako you have done it again you are a genuis!

Loveeeeeee it!!!

Well this book was awesome. I love how they finally brought it up a notch. It's sad to hear his auntie is dying wish she tell them before it's too late. Morgan needs to work on being a better mom she of all people shouldn't even try getting full custody when she did nothing but lie n break so many promises to Tj. She needs to just work on being a mom instead of trying to rip him away from his dad. When that happens Tracy will not go down without a fight. Glad Teka finally moved to N.Y. n has her big sis in her life. I think that was messed up what trill did to Myesha just bcuz their son is gone don't mean they can't work on their relationship. I hope someone saves her before she gets to far gone to be saved.

Good Story

Once again Nako did her thing with this story. I'm loving Teka and Moses and glad they finally got it together. Moses is a good man and teka almost lost him because she keeps living in the past. I don't get why Tracy's mom won't tell her family she's sick because Tracy needs to step up and grow up. I like all the characters. Most of them are smart and about making money except Tracy. This is more of a love story with

a touch of Thug. I'm looking forward to Part 3.

Never Disappointed

I was tempted to go to the end, but I forged on, I wasn't disappointed, now I'm worried for Moses and Teka's relationship, clearly they want different commitments in this relationship. I totally get Teka and her career path, I wish Moses could have the patience to let her get where he's made it. My soul ache's for MY, she got a Bum Break and deserved to be treated better, smh. AWESOME READING!

This series is awesome so far. I love how Nako develops her characters personalities. Moses is Bae and I love him and Tika's relationship. I am glad she finally saw the light and that Moses is the one for her. I am confident that they can survive with the fame that is about to come Tika's way. I can't wait for Part 3. Great job as always Nako!

I love reading books that not only keep you entertain but also gives you something to think about when it comes to relationships and family and what you need to to to better yourself. I think this series is my favorite from Nako. Im loving me some Teka and Moses and how she is learning to love and forgive. Award Winning

Book 32 but before we get in to this review let me just tell you how happy I am that Mama Nakia beat Cancer. God is so good ain't He!!!!

Well Queen Pen has done it again this was another banger that I couldn't put down. I can't stand Morgan hate to disagree with Nako but I don't like Morgan I think she's selfish. I want to just kill her out of the story already but then I want to know about life after graduation. I love the love story between Teka and Moses. Their romance was so refreshing. Tracy pissed me off in this book?with his shenanigans at first but then he grew on me. This book was the bomb.com and if anybody say anything different can catch these hands. PERIOD! You did it again Nako. Thank you so much for sharing your gift with us! ???

Okay, I was all into this one but I'm feeling like it's moving too slow and dragging on so the author can push out more. In other words, I'm ready for Teka to poop or get off the pot. Nothing was really going on for majority of the book, a bunch of blah and fluff and I'm ready for the meat and potatoes. In no way do I want it to be over but come on, give me something to really look forward to. Guess I'll wait til the next one but I can honestly say if the characters don't grow something serious I'll be over this.

Girl girl girl.... That pen is leathal

Let me tell you one thing!! Your growth is your writing is amazing. I have gotten emotional while reading one of your books, but for me to be in here actually crying. I love love people in love. I love a good love story. Teka I am rooting for you, to see her come and do a whole 360 I'm so glad Giselle invited you to church. Because after that sister girl got that relationship with God and started to take off. Morgan has me interested in her. I'm not going to rule her our, however I want to know her story. And Tarian, I can just sit and cry because she reminds me of my grandmother. Trying to be strong for everyone else and putting her problems to the side as if nothing is wrong. Cannot wait for part 3!

Dee Cherry says

Very good follow up as Moses & Teka's relationship flourished. Storyline encouraging as Teka's growth was evident as her change was noticed. I'm hoping Tracy makes wise decisions. Moses is really a great guy. Good changes made. Looking forward to next part

Nako!!!!

Soooo idk how to tell you this but OH MY GOSH!! Part 2 if even possible way better than part 1 and idk how you managed it. Like the growth between Teka and Moses as a relationship and then as individuals was real and soo relatable. I was hurt when Moses and Tracy was beefin but growing pains it was necessary. I HATE Morgan!!! I was giving her pass but nah since she still wanna be sheisty on some take my son away mess like nah ma'm you don't even know him WHO TF is you?!! I wish Tarian would just tell everyone what's up....sigh Nako this book just reconfirmed that I'm on the right path with my grind...Thank you

Teka Bougie says

Teka Harris is on her way and Moses is beside her...

First let me say I am beyondddddd proud of Teka for following her dreams, letting God into her life and finally trusting that big man to lead! Moses is everything to me, he taught her, he checked her, he schooled her, he groomed her and let's not forget the way he puts in all the way down! Teka is gone off Moses and she is finally accepting that! I believe Moses is her inspiration to be better, he was the push she needed to accept her sister! Peaches got kids out here that she dont even know and when Teka called to ask her I could've died from laughing so hard! This book was just what I needed, a breath of fresh air! It was too real, it was pure. I love how Giselle is like Teka mentor and now her sister is too! Boss women! Black girl magic! Marian and Tarian are getting together and that makes me happy! Tracy finally gave Moses love and appreciation he deserves. Moses is so humble and takes care of everyone around him....he even paid Morgan tuition. She damn sure didn't deserve that! I can not stand her. Teka you are famous girl, glowing and in love! I'm so proud of your growth, your hard work, your heart! Truly my inspiration. Nako girl once again you've amazed me with this style of writing. I'm a fan for life and you could release a coloring book and I would 1 click purchase instantly! Teka can be saved by a savage and his name is Moses!
