Sweet Disgrace

Cherrie Lynn

Sweet Disgrace Cherrie Lynn

She has Heaven to lose. He has Hell to pay.

Centuries of heartbreak. Grinding failures punctuated by too-few victories. What angel in her right mind would want this job? Celeste, who's driven to save Devil-contracted souls before Hell can claim them, is weary, but not beaten. Yet.

Her latest case makes her wonder if it's all worth the anguish. A demon enticed a too-young musician into selling his soul for fortune and fame. To make matters worse, that demon is Damael, an insufferable, frightening minion with airtight contracts and a body that makes her long for sin.

Damael's always had a soft spot for Celeste, but if his bored superiors want drama, he'll give them drama. Though it pains him to trick the angel he wants with all his black heart, eons of restrained lust win out. He makes the deal: her body in exchange for the human's soul.

She wasn't supposed to accept.

Damael can't be trusted, but with the deadline bearing down, Celeste lays everything on the line in a last-ditch effort to save just one precious soul. Even if it means losing hers along with her heart.

Warning: This title contains graphic language, explicit sex, an angelic heroine with attitude...and a demonic hero who's smoking hot. Literally.

Sabrina says

This was an incredibly sweet, yet sexy, story.

I am not usually into the whole heaven and/ or hell genre, but I enjoyed this immensely.

I gave it 4 stars because the main characters in this book, Damael (the demon) and Celeste (the celestial being), was described so amazingly well, that I can still see them in my mind. She also did great making me feel the emotions D & C struggled with in this journey. She even had me shed some tears at the end.

If I had to pinpoint the only flaw (in my opinion), it would be the length of the story.

I would have loved to hear a bit more background on both the H & h. And the book was short enough that it could have been done, without drowning the reader in superfluous page filling information.

But in the end I have to say, I am extremely satisfied with this work of art.

Thank you, Miss Lynn, for bringing me this heavenly piece.

Ayesha Ahmed says

I didn't like this book very much because first i read "Far From Heaven"...so,

Please note: Those who are intending to read "Far From Heaven" please read "Sweet Disgrace" first.

Shei Love says

“W-what do you want?”

That flat black stare lifted to her face again. This time she felt certain it was pulling her in. “You.”

She blinked, pressing her thighs together in a feeble attempt to squelch the unsettling throb between them. “I don’t understand.”

“I think you do.”

“You want me to take his place? I cannot—”

“No. I want you naked and writhing beneath me.”

Funmbi says

So, I should say that I read *Far from Heaven* before *Sweet Disgrace*, which might bias my reaction to this book.

This book is a pretty standard good girl/bad boy story, in my opinion. Celeste is an angel who is supposed to try and help humans who have sold their souls to demons. Several times over the centuries, she finds herself at odds with Damael, a demon who has no problem dragging souls to hell. What happens when Damael agrees to release a soul in exchange for sexy times?

I appreciate that Celeste is pretty fierce and independent. She stands up to Damael (despite her love for him), other demons and even other angels. She does what she thinks is right and makes several sacrifices. And ultimately, I like who Celeste is in the end, even without her wings.

And of course Damael is a sexy bad boy, but I like that, even as a demon, he has a soft spot for Celeste. I think it's a really interesting twist making him a human in the end.

I like the premise in *Far From Heaven* a bit better, but this is still worth a read.

... says

3.5 stars

This had me sucked in from the get-go with an intriguing plot and great characters, not to mention the whole forbidden thing they had going on. While this was no *Brian (Rock Me)*, this was definitely worth a few hours to read.

Marissa says

Forbidden love between a sexy as sin Demon and pure-hearted Angel? Plus hot sex from a great author who knows how to write steamy scenes? This is a novella, but there is plenty of world building and secondary characters to keep your attention. I liked watching Celeste realize she's falling for the demon that has been taunting her for centuries, and then Damael being caught off guard by wanting to make Celeste his, no matter the consequences. And of course, there's always danger and a twist at the end before the Angel and Demon can have their HEA.

Anas Attic Book Blog says

I would actually give this 3.5 stars. I didn't like it as much as her contemporary novels, but I enjoyed the quick paranormal romance. Maybe that was part of my problem, it seemed to have too quick a resolution.

While Cherrie writes great love scenes, after reading 3 books in a row, I am finding the vanilla, virginal sex a little boring. Though I don't expect an angel to be into S & M, I guess I'm ready for a spicier read.

Marianne says

As far as greetings go, Damael's customary "hello, sweet angel" should be totally acceptable, even charming. Unfortunately, he is never met with anything but scorn from the female he's been crushing on for eons. Of course, that could be because he's a demon, while the object of his affection is, indeed, an angel.

Whenever they meet, they're on opposing sides. Celeste's trying to save humans who have, or are about to sign their souls over to demons. People like Adam, whose 20 years in the public limelight, is almost up.

Unfortunately, Celeste is once again up against one of Hell's best negotiators. Damael, the foul minion from Hell. And she's so desperately tired of losing. How could she possibly reject Damael's offer to release his soul, in exchange for one scorching hot and sinful night with Celeste?

Sweet Disgrace has been one of my favorite PNR novellas from the moment I first read the story. And I've re-read it several times since. It's not just the forbidden love aspect and the feelings they've both denied for so long. It's the self sacrifice people, and, it would seem, even demons would go to for the person they love. Sweet Disgrace is the ultimate story of how opposites attract, and I'm really glad I found it. I'm not saying it's terribly original. This is a classic bad boy meets sweet girl story, but what can I say? It worked for me:-)

Teri says

Short, sweet, hot 4 star read. I love Cherrie Lynn! I have to be honest, this one isn't as good as Far From Heaven, imo, but definitely worth the read!

Jessica says

I enjoyed this book! I thought the story had really great potential and Damael sounded hot. I liked the supernatural twist, I felt it brought something more to the table. But, damn, it was so short! I read it in 1.5 hours. I was just starting to get really into it and it ended. There better be a sequel in the works with these characters or I'll be hella sad.

Ice says

"Just because your wings are broken doesn't mean you're not an angel still."

One of my favorite short novellas!

I really enjoyed reading this. I was lost in their realm and I loved every second of it.

I even cried reading this.

I always have a thing with demons. **Sexy demons.** And damn, isn't Damael one?
He's pure sex on a stick.

And this is my **Damael**. Kyahh~

And my selfless, brave, and beautiful **Celeste** that made the our demon's heart thump and beat.

To Cherrie Lyn and her awesomeness:

Kelly says

I have a bit of a soft spot for sexy demons. It's a thing. Deal with it. I especially have a soft spot for sexy demons who fall for unlikely mates. Like, you know, an angel. And then when those sexy demons have wickedly hot sex with said angel... perfection!

I guess I'm pretty much saying that this book hit all my angel/demon lovin' kinks. Hot demon who can't keep away from a sweet angel? Check. The angel is ground down by the futility of her job saving humans who don't want to be saved? Check. The demon happens to have a conscience? Check! The angel enters into an agreement with the demon that results in blistering sex? Check, check! And by "blistering sex" I don't mean that in the literal sense. There were no first or second degree burns involved. I think. I mean, there was a certain amount of friction but no actual burning. Although there might have been if they had kept it up. Because sexy demons are hot!

What was I talking about again?

Oh, I liked this book. I liked it a lot.

-Kelly @ Reading the Paranormal

Eva (TXBookjunkie) says

This was a quick read but I liked the characters and enjoyed seeing the angel and the demon confront their feelings for each other. Liked the resolution too. Basically a short and sweet romantic read.

Lucy (why do I bother to read chicklit) says

This short novella does not disappoint if you are looking for a love story between angels and demons. Celest & Damael are bargaining for the soul of a musician who in his youth sold his soul to the Devil. Damael is there to collect what had been sold years ago, and Celest is there trying to change Damael's mind and to find for his soul in heaven's court.

Celest and Damael are no strange to each other, having met a few times in the past centuries and naturally Damael has a thing for Celest. Yes, predictable, but somehow Cherrie Lynn makes it work. Not only her sex scenes are always well written, but also the setting works. Her description of the creatures and their relationships are gripping even if lacks originality.

A fast read but no less enthralling.

Anna says

This was a quick feel-good and sexy little novella ♥?

I have a huge soft spot for scorching hot sexy demons with a heart of gold! I know it makes no sense but reading this demon falling in love with his angel It was cataclysmic.

Trust me on this. Delish. That. Is. all ♥?
