*The Medium in Manolos* is a life-affirming, miraculous and modern guide to mediumship. It is both for people who have lost someone and are in the process of grieving and healing; and it's for those who wish to develop their own connection with Spirit.

To become a great Spirit communicator requires three elements: learning a methodology, getting lots of practice and creating the *mindset* for miraculous mediumship.

Most books about mediumship focus on the first two elements, but don't empower the medium to overcome fear, self-doubt, self-consciousness and lack of self-belief. *The Medium in Manolos* aims to give developing mediums the tools to clear their mind, elevate their consciousness, and create a miraculous connection with Spirit to enrich their lives and the lives of others.

Told with compassion, humour and warmth, *The Medium in Manolos* follows a millennial medium's journey from grieving granddaughter to empowered woman, medium and coach, offering her "lessons learned" as teaching points along the way.
