Unleashed Erica Chilson

Contains spoilers for *Restraint*, so proceed with caution if you haven't read the revised edition of *Restraint*.

Katya Waters has finally made peace with her past, but the present and future are becoming a never-ending nightmare.

At the end of *Restraint*, Katya fled back to her hometown, seeking solace from Ezra's constant micromanaging while hiding from her true feelings over what had happened to her at the hands of the men she had grown to trust.

Before Katya can come to terms with the catastrophic events she had endured in Dominion, she is whisked away from the comfort of her safe haven. Never getting a moment to reflect before being thrust back to Dominion, Katya's defenses are down. Ezra's controlling and manipulative ways know no bounds when it comes to Katya and their daughter. Vulnerable and susceptible to his influence, Ezra forces Katya and Ava into The Edge Building's fortress of a gilded cage, where Katya fears she will never get out again.

Hanging on to her sense of self and moral code is difficult for Katya, as Ezra influences every aspect of her life, leaving her feeling powerless and lost as she falls deeper under his spell. Unsure where she fits into the lives of the men who impact her so deeply, Katya seeks direction from an unlikely source to regain her power.

Katya's intuition screams that she isn't safe, which is why she allows Ezra to keep her caged safely within the world of his creation.

...And then the notes are delivered – written with the words only the monster ever whispered.

Publishers Notice

The author did an extensive rewrite on this title, and the entire Mistress & Master of Restraint series. Not just editing and formatting, but a rewrite to where it's #NotTheSameBook #NotTheSameSeries The final republished editions began in early 2015 with Restraint, and mid-2017 with Checkmate so far. Reviews written before those dates may include elements that are no longer contained within the book, or the series as a whole.

The author apologizes for any confusion this may cause. To avoid any reader having to repurchase the titles (via Amazon), no matter the significant changes in the contents, they are listed as the same book. Readers who are in possession of the old edition only need to update their copies via Amazon.

Ms. Chilson also requests for those who reread the series to update their reviews and ratings accordingly, either for the positive or the critical, to help readers make informed decisions on whether or not to read based on what is currently in the final editions of the series.

Thank you

? BookAddict 🖋️ La Crimson Femme says

Holy mind fuck, Batman! This one is definitely one I thoroughly enjoyed. I can definitely see the Flowers in the Attic V.C. Andrews influence on Ms. Chilson. This continuation of Katya's BDSM journey is awesome.

Katya is now in the arms of her lovers. Her daughter is no longer a secret and Katya is learning more about BDSM. She's exploring her Domme side. She's learning how a submissive behaves as well as how to be a good Mistress from Dexter. While this is going on, her rapist, Ray Hunter is let out of prison. Ezra goes off the reservation in protective mode when he finds out.

The BDSM and erotic scenes are smoking hot! I'm aroused by all the rough body play and possessive markings. The biting which involves some blood play is a complete turn on. The sexual tension is some of the best I've ever read. I'm instantly aroused and kept at a heightened state of lust. Ms. Chilson mixes in primal behaviour in a sexy manner without the need of paranormal shifters or parahumans. She then adds in twisted family connections which are reminiscent of another much loved series - Flowers in the Attic. The amount of dominance exuding from this book makes me whimper and want to go straight down on my knees.

My domme switch side would never be flipped in the presences of these Mistress and Master of Restraint. I just want to submit to each of them. I don't need to be part of their family. I just want to be their toy. The Master of them all total rocks my boat. His favourite fetish is definitely something I can get into. Not only that, but I am actually in the category which makes me a bit more appealing to his preferred prey.

While this story does contain quite a bit of mentally unstable people as well as questionable behaviours, it's still a riveting read. I can see now why so many people are raving about this series. The erotic tension and testosterone overload makes any submissive weak in the knees. I want to read all of these stories. It's great to read a series from the point of view of the dominants instead of the submissive. Highly recommended for kinky readers who want to be aroused from cover to cover.

I received a free copy of this book to read and review for Wicked Reads.

Katya is back in Dominion with her daughter Ava, living with Ezra and Cortez. The people of Dominion who are excessively rich, lacking in morals and pretty much think they can do whatever they like. They are nothing like Katya who is moral, hard working and independent.

Kat's struggle to fit in and feel accepted in Dominion and in Ezra's life, was the part of the story that I really connected with. It ripped my heart. Cortez, Ezra and our Master of the Universe manipulate Kat, turning her fears and concerns back on her and I wanted to strangle these men. It was torn between wanting Kat to get her HEA, and wanting her to kick them all in balls while telling them to shove it.

During Unleashed Katya trains to become a Mistress of Restraint with Dexter as her teacher. During this time we get to meet the other Mistresses and Masters of Restraint and each of them is fascinating and I look forward to learning more about them in future books.

I spent the last week with Katya, Cortez and Erza with their unusual lives and unconventional romance. I became so immersed in the story I was dreaming about it. Unleashed is a fantastic book that I happily got lost in. I eagerly await the release of Dexter's story.

Leila DeSint says

A role swap between the King and Rook and introduction of an Emperor move the game to an entirely new level while old enemies reemerge. An intense emotional journey.

Unleashed

By Erica Chilson

Well not long after finishing book 1 in the series I started with this book. I was lusting for more information about how the Trio would work out. And let me just say it is not how I expected. Instead of jumping straight into let's all heal and do group hugs, we got to see real and sometimes ugly emotions. The book delivered in a big way oh how one would react in these cases instead of the fantasy of ok we worked it out and everything is all sunshine and rainbows now. I totally love this author for this. She writes in a real and engaging way. I found that the characters continue to develop and it was not just a whole lot of waiting forever for it to happen. I can say that quickly my favorite character is Cort. He is unemotional unstable in all the ways that make him appear stable. I can't wait to dig more into his story. I would say give these books a try but be forwarded for it is highly addictive and at times touchy matters. I however love Erica Chilson books.

I received a free copy of this book to read and review for Wicked Reads

If this is a genre that you enjoy, then this book will blow your mind away - just make sure you read Restraint first, or you will miss out on whole chunks of the story.

I never like to talk about the actual plot in a review, because that is why you want to read the book - and in the case of this series, the plot is so complex and intricate that I would never be able to do it justice. What I will tell you is that the writing is first class, the characters are so vivid that you can reach out and touch them - in some cases you will be glad they can't reach out and 'touch' you, in others, well, not so much. There are more book boyfriends and girlfriends here than a person could justifiably desire, and yet as the series progresses, that is what transpires. Each one is crafted and brought into the fold in a wonderfully natural (well as natural as anything can be in Dominion) way, which makes for seamless reading.

It is a long book, but every word makes the story richer, and I could only imagine even wanting more from the talented Ms Chilson.

Kitten says

3 Stars

Unleashed picks up from where Restraint left off and delves further into the life of Katya as she trains to become an official Mistress in Restraint, her life as a mother while continuing her relationship between the two Ezes.

The writing style is exceptionally well-written. Chilson makes the story interesting and keeps the story flowing at a good speed as she includes the theme of mystery along with the themes of twisted mindfuckery. The book generally held my interest and made me eager to find out more about the plot and characters, however, towards the end, I felt the need to skim to get to the bottom of that mystery after getting teased about it mercilessly throughout.

The steamy scenes were 'off-the-charts-hot'. Chilson knows how to make her sex scenes stand out from the countless sex scenes that are read in erotic novels. To put it frank, she knows how to make a person change their underwear in less than 2 minutes.

If I had to rate the author on one thing alone, it would be her ability to go beyond the limits of darkness and put it on the paper. Most dark books have limit to their darkness and this series is not one of them. Chilson exceeds the boundaries and stays true to the characters which sometimes causes them to say the most sick and twisted words. Yep Ezes, I'm looking at you.

Renee Nicole says

Okay, I feel like I want to give this book three stars, but I liked it better than the first one (Erica Chilson- Restraint, which I gave four stars. So... yeah, I don't know.

First of all, I read this because "Restraint" just COULDN'T end where it did. For realz, I bought this one like 0.00001 seconds after I finished the first. And I'm glad I did, because it both continued and wrapped up the story pretty damn well.

I don't like summarizing books or writing spoilers in reviews. So, here's what I've got. The characters in this book are this wonderful mix of hell-a-depressing and completely spunky and likeable. These little mysteries are woven in (for the most part) very well, and it keeps you hanging on until the very end. There is dark, sadistic beauty to everything and everyone which makes you really feel for some of these characters.

I do feel that there were a few too many plots going on. A slower pace might have had a bit more of an impact, emotionally. I think this was my main gripe about the books - if you can even call it that.

Anyway, if you're down with the BDSM and the dark shit, then check them out. I completely devoured them. AND I know I will go on to Dexter's story at some point. Don't know why, but I really liked that guy.

Kris says

Second book even better than the first! Unleashed is an erotic thrill ride! Katya is unleashed and i loved her journey. Chilson has a great future in this genre. I hear rumors of a spin off starting with Dexter's story and i cant wait for it's release! Great characters, story line and action!!!

Optimist ?King's Wench? & MANTIES Champion says

Good Lord... this thing is soooooooo bad! The author misuses words, misspells words, some of the sentences literally make no sense, I mean... it's just... soooooo bad. Case in point: *He cites incomparability as the reason for not marrying*. Priceless. Here's another gem: *I'm working from home for the unforeseeable future*. Wow... Everyone sobs or whines constantly, everyone has tantrums & throws or breaks things, everyone is moody, everyone is insecure & jealous on a regular basis & these people black out alarmingly often & it's not from drinking either, although there is plenty of that as well. It's all extremely dramatic or a hot mess, whichever you prefer. Initially I thought Katya was the daft one but I realized that none of these people are very bright. But somewhere along the bludgeoning of the English language way it all just became hilarious. It's like a BDSM soap opera on steroids! I couldn't even begin to explain it; it's got the depth of a puddle, much like a soap but I can't say I wasn't entertained just probably not in the manner which the author intended.

Jenni says

No, I quit this series, I tried, it just gets more disturbing. ***SPOILERS*** The rape theme is so disturbing in this series. She was raped, he was kidnapped with two of his male friends, one of which is his lover and life partner (except they are not gay or bi?), he was forced to rape her by his kidnapper (among many other disturbing things), twelve years later they are in love (him, his partner and her), but neither can be her Dom because she is too strong a person, so he allows his STEP FATHER to be her Dom (who btw gets off on his partners fearing him and fighting back) while the three of them are in a committed relationship together...but it all just feels so right. I call BS it sounds like a desperate need for some serious therapy. WTF this entire series is bothersome on so many levels. Done.

--Review for updated/revised version April 2015--

Unleashed is the 2nd book in the series Mistress & Master of Restraint, it's the continuation of Katya Water's story and begins exactly where Restraint left off. If you enjoy a little BDSM with twist of mental manipulation, or straight up mind-f**kery - THIS SERIES IS FOR YOU!

Follow along on Katya's journey down the rabbit hole of Dominion, NY. She's not alone on this journey (far from it), and is just finding her place in this new-crazy world. Join her host's and guides Ezra Zeitler and Cortez Abernathy as the three explore the difficult road as a triad.

I will say that this is a slippery slope, and all are tested at various times -together and separately.

An amazing journey, with ups and downs, twists and turns, trials and tribulations - I could NOT put this down. The erotica is HAWT, the mind-f**kery is extensive, and the characters are just so complicated.

I can NOT wait to see what Ms.Chilson comes up with next for this cast of characters: I want to know what Dexter's motivations are, who Marcus is, what is up with Queen - I want to know EVERYTHING.

Amber Detjens says

What can I say about Unleashed? I can't wait to get my the next installment on my Kindle! It "Ended" in a good place for everyone. I'm ready to see what "Dexter" has in store!

Heather in FL says

This second one was a really good story, a great continuation of the first. I was glad to see Aaron get settled with Kayla and for Cortez, Ezra, and Katya become more of a true trio. I thought Katya did amazingly well resisting Cortez and Ezra for so long based on their relationship status. It took long enough for them both to explain themselves! And I liked how Cortez and Katya would sort of work together to "manage" Ezra. I also liked that Katya embodied aspects of both Cortez and Ezra. And I liked that we saw more "sweet" Ezra in this one, instead of demanding, calculating Master Ez.

I figured out the "villain" early, but again, twists and turns in the story kept me wondering if I was right. I was glad to see well-deserved punishment on that one. And I was glad to see everything end on a happy note. Even Ray, who knew he had a problem, and then he turned a bad situation into a good one (or as good as it could be) for everyone involved.

The one thing I didn't quite "get" was (view spoiler) I hear there's possibly another story coming to explain his involvement or his "thing".

As with the first one, there were editing issues. I think this one was cleaner than the first, but there were a couple of times my brain just stopped... *what was that? wait, back up...* which then breaks up the flow of the story for me.

Daisy Sloan says

Follow this and more reviews at <http://www.mysecretromancebookreviews...>

I REALLY had to think on this one before I could write the review. I'm still dumbfounded over some of the things that happened in this book and the realizations I had!

This book is as dark and twisted as the first one. In some ways it's lighter but in other ways it's much darker and twisted than *Restraint*. I'm having a hard time deciding where to begin. So, I guess it's to the beginning I go.

Unleashed picks up right where *Restraint* left off. While Katya is figuring how the new arrangements are going to work within her new family, a new threat is facing Katya. She already has so many things going on and then she gets hit with a threat.

I was engrossed in this book from the very beginning. I stayed up reading very late into the night trying to finish this book. Work gets in the way, so I have to wait to finish it (dang work!).

The characters in *Restraint* and *Unleashed* are messed up on so many levels. Their relationships are just as messed up. BDSM relationships depend on honesty. There's too much at risk for them to NOT be honest. Miscommunication in BDSM relationships don't just result in hurt feelings, it can result in injury, both emotional and physical. In *Restraint* and *Unleashed*, the keeping of secrets and withholding information is detrimental. Not everyone is on the same playing field. It creates so many problems!

I didn't rate this one as high as *Restraint* for several reasons.

I felt the mystery of who was threatening Katya wasn't much of a mystery. I figured it out VERY early in the book, so there wasn't the same tension for me as if I hadn't figured it out. I'm not 100% sure why it was so easy for me to figure out.

(view spoiler)

Even though I had some issues with *Unleashed*, I thoroughly enjoyed it and plan on reading the rest of the books part of the *Mistress and Master of Restraint* series.

Cassie says

A amazing sequel to Restraint. I loved it and was so excited about how the author ended the book. I love Katy and the two Ezs! Erica Chilson is a awesome writer and can't wait to sink into her future books. I would recommend this book to all my ADULT friends :)
