Cowboy for Keeps

Debra Clopton

Cowboy for Keeps Debra Clopton

Rancher and lawyer Wyatt Turner found both his younger brothers their wives. Now, they're sneakily trying to repay the favor—with the wrong woman. Amanda Hathaway is a too-young and bubbly physical therapist. And, yes, Wyatt is her too-stubborn, too-bossy patient recuperating from a plane crash. Yet when Amanda shares some of her own invisible wounds, including the loss of her dream of having children, Wyatt realizes he *doesn't* know everything. But he knows he wants Amanda, for keeps.

Sharon says

I really enjoyed this story. Rancher/lawyer Wyatt Turner has found brides for his younger brother, but what about one for himself? Will his anger over injuries from a recent plane crash keep him in his wheelchair forever, or can one special woman help him overcome his disabilities? When too young Amanda Hathaway arrives as his newly hired physical therapist, will he let her help anyway? And can he help her overcome her own secret fears? Don't miss this wonderful story in the Men of Mule Hollow Series by Debra Clopton. Visit again with all the matchmaking characters that make Mule Hollow such an endearing western town and you will be glad you did!

Mary Baker says

I liked this book with its memorable heroine. I also like the man who appreciated her, accepted her, and wanted her in his life.

Destiny says

what I like about this book is its christian, romantic, and caring.

Its about a lawyer, cowboy Wyatt Turner and his physical therapist Amanda Hathaway. Wyatt is recovering from a plane crash and is in a wheelchair for several months. Amanda is trying to help Wyatt get back on track, but he is proving to be a difficult patient.

Laura R says

I absolutely love that Debra Clopton uses humor in her books along with romance, spirituality, family, community and sometimes quirky animals. In this book, it was time for the younger Turner brothers to payback Wyatt for setting them up with their loves. The myriad of emotions that are experienced as a result of being physically injured and trying to recover were covered well along with the situation that helped Wyatt to turn around his thinking. Another must read.

Lucy Bilik says

Loved the development of Wyatt's character in other books and helps you to understand his out of character portrayal a lot better. It was a bit predictable but it was still fun reading. It was a great lesson on how we can help each other regardless of our own situation.

KimberlyDawn says

Complete Me, Cowboy is the third book in the Turner Creek Ranch series. Amanda is a physical therapist that is sent to Mule Hollow to help rehab a resident. After an accident, Wyatt is left unable to walk and is relying on PT to help him. When Amanda shows up, he thinks someone is playing a practical joke on him and sends her away. His brothers rehire her, and as they work together, they become closer. Past hurts are revealed, and they both find themselves healing. I really enjoyed this story.

Desiree says

Excerpt from the book. "It's not that..." She faltered as if she couldn't get the words out. "It's in here." She flattened her hand to the center of her chest. "I feel so empty. So broken -- like I have a hole inside me that can't be filled. Nothing makes it better...it's just there. And I feel--worthless."

Karen says

Men of Mule Hollow #2 Wyatt Turner is in need of physical therapy after he crashes his plane. Amanda Hathaway wants a change in her work from children to adults after her fiance' rejects her. Mule Hollow, Texas, with matchmaking neighbors will assist God in finding life companions.

IrenesBookReviews says

The relationships were well written and believable. Fun, quick read.

Title: COWBOY FOR KEEPS
Author: Debra Clopton
Publisher: Love Inspired
June 2010
ISBN: 978-0-373-87603-7
Genre: Inspirational/contemporary romance

Amanda Hathaway is a physical therapist. She used to work with children and teenagers until her fiancé

dumped her and then she wanted a change of scenery to heal. Her boss sent her on a three-month assignment to Mule Hollow, Texas, (with some reluctance) to work with a rancher who was in a plane wreck.

Wyatt Tucker also works as a lawyer in addition to ranching and he is not at all impressed with the tiny girl who got out of the car claiming to be a physical therapist. He thinks that he is a victim of a practical joke, and angrily sends her away. Then his brothers find out, assure him that she is the real thing, and chase after her to bring her back.

Wyatt is still not real impressed with the therapist, especially when she comes out of the trailer while wild hogs were rooting around outside. From the beginning sparks fly. Will Amanda be able to help Wyatt walk again?

I have read almost all of Debra Clopton's books (I might have missed two or three) and this one is kind of a spin-off of Ms. Clopton's original Mule Hollow series. **COWBOY FOR KEEPS** is the first book in her new Men of Mule Hollow series.

I have had some experience with physical therapists and found that Amanda didn't act at all like the therapists I'm familiar with. She was nervous, unsure, and seemed to focus more on massages than on exercises. But this is a romance, and I concur that the romance is the main thing, not the accuracy of her job.

Amanda is an amazing woman who overcame great obstacles to get her degree as a physical therapist, and Wyatt is a workaholic who can't (or won't) stop work for anything—not even therapy. Still it is an easy read, and it was nice to revisit with some of the quirky characters from previous books. Discussion questions are included at the end of the book. \$5.50. 213 pages.

Rebecca "Rebaka" Lewis says

Cowby for Keeps is the second book in Debra Clopton's Men of Mule Hollow series. Amanda Hathaway is a physical therapist and is in need of a change of scenery. But she never expected to encounter Wyatt Tucker. He's opinionated and down right stubborn. But will Amanda help him see her in a different light?

Julynn says

Wyatt is one hurting puppy, that's for sure! After a plane accident that left him lucky to be alive, he feels helpless, frustrated and in pain. Enter Amanda who has survived her own harrowing accident....she now helps others with her physical therapy skills but is grieving and hurting at what life has thrown her. Sparks fly as these two survivors make new meaning of their lives and their faith....and fall in love in the process.

Melody says

Men of Mule Hollow... is there anything more yummy sounding? ;) Love this town, and love every single book in this series! I appreciate learning just how important it is to know we're all made exactly as God

wants us to be! :)

Judy says

Oh how I love visiting Mule Hollow in Debra's books.

Wyatt and Amanda have an awesome story.

Debra hits it on the head with the real life difficulties for those folks with amputations and the issues involved.

Great book.
