Haunted Hardbodies Julia Derek

Celeste Jones has always dreamed of owning a gym. So, when the opportunity arises to buy Six-Packs for peanuts, she's thrilled. The fact that the previous owner claims the place is haunted doesn't bother her one bit--she doesn't believe in ghosts. With all her experience, she'll revive floundering Six-Packs!

Unfortunately, Celeste soon discovers that the gym IS haunted by a feisty ghost named Lennie. Lennie used to own the building that houses Six-Packs, and he was a slumlord. Lennie approaches Celeste and tells her he must solve five crimes before he can enter the next world to atone for being a terrible person in life.

At first, Celeste ignores Lennie's badgering ways. But then one of the gym members suffers a mysterious death--and only Lennie seems to know who's behind it. Celeste has no choice but to help Lennie solve his first crime or it's over for Six-Packs, leaving not only Celeste broke, but her employees without a job.

NOTE: Haunted Hardbodies is a cozy murder mystery for people who like to laugh.

Sharon says

Nice read

Nice concept. But i got bored reading it. I did finish it but i just couldn't bring myself to give it a higher rating..

Deane says

Great read

I look forward to reading more in this series. Lennie the ghost is a hoot and appears when you least expect him.

Sandy says

Not good

I wanted to like this book so much especially since I like paranormal but it just wasn't that good. This not a spoiler since I'm sure you have guessed that there I s a dead body in it so anyway I haven't figured out they thought they had to move the body.

Brenda Maloney says

A fun idea

I enjoyed everything about this book except the moving of the body. A definite fun stat to a new series

Kim Page says

An amusing ghost story. Entertaining and well developed characters!

Carol says

Bailed on this one when the protagonist was more concerned about concealing the presence of a murder victim from her gym customers than with calling the police....

brenda wilson says

Haunted Hardbodies

A very interesting story it makes you wonder about ghosts, and wonder if they do exist. If they do I hope they are a lot like Lennie.

Solfreedom says

An interesting new cozy series, with the usual murder and mayhem, ohh..and a ghost looking to help out. I though the idea of a cozy series, in a workout center, Six Packs, was a great new location, to host a cozy mystery series. I know those place always give me the heebie jeebies.

The characters were well developed and the imagery was solid. I liked the dynamics between the sisters, they irritate the heck out of each other, but with a lot of love. This has lots of potential, for a great new cozy series!!

Adrienne Testa says

The story dragged, I found my self skipping pages to get to the gist of the mystery. I found the story far fetched and unbelievable. Even if the police are not called, that body would stink. Others would have noticed.

Dee says

A Great Read

Haunted Hardbodies is an easy read, with lots if quirky characters, murder and humour. Everyone will enjoy reading this colourful story and have a good laugh to boot!

Deb says

This is lots of fun to read! Lots of twists and surprises!

Denise says

**** I received a copy of this book from the author in exchange for an honest review.****

'Haunted Hardbodies' is a cozy, mystery read. There were quite a few unexpected twists, which is always a good thing in my opinion. The characters were an array of colorful personalities. Lennie was a hoot. I liked his personality most, considering he was a ghost. He had quite the outlook on circumstances from the gym, to the other characters, to the murder and to life in general. He was definitely opinionated. Celeste made the transition of becoming a new owner to a haunted gym rather easily. I wasn't sure about her thought process, along with Becky, involving the surprise in the supply closet, but for her personality it made sense. This book was a good start to 'A Celeste Jones Paranormal Mystery Series'.
