## **Idaho!** Dana Fuller Ross

Only the most daring crossed the River of No Return to enter this wild, lawless region. Mountains laden w/ riches lured prospectors burning w/ gold fever. Easy money brought ruthless young men w/ guns for hire. & hidden amid the vast forests of white pine Indian warriors who gathered to drive the white man from the red man's ancestral home.

IDAHO! Two battalions of brave calvary troops escort the new governor of Idaho Territory, Toby Holt, across nearly impassible mountains, as a desperate United States government seeks to bring law & order to this untamed territory. Criminals have already staked their claims in the saloons & bordellos of Boise. Marauding Indian bands are spreading murder & mayhem among terror-stricken settlers. To Toby Holt, son of legendary wagon master Whip Holt, & his friend Rob Martin falls the perilous task of turning a wilderness into a safe homeland for the generations to come. But shadowy figures from the past plot a deadly revenge for Toby & his beautiful wife Clarissa...a passionate English lady arouses dangerous desires in unscrupulous men...& the rising sun lights up majestic snow-capped peaks as a new day for freedom dawns on the matchless grandeur of IDAHO!

### **Sherie Martin says**

Continuous story of families moving westward. Good reads.

---

### **Phillip says**

Loved it. Westerns are great.

---

### **Mgsmith says**

May sound somewhat repetitive here but I got hooked on the first book and it was like an addiction. The author shows how the westward movement affected families and individuals while placing them within history itself.

---

### **Rosie Crawford says**

Lots of bigger than life heroes, and kind of a romance novel, but with enough history to keep my interest.

---

### **Billye says**

13th in series- I love this whole series and am reading it all. In 1869 the railway made it possible for a person to travel from New York to San Francisco in 1 week compared to 3 or 4 months with the first wagon train to Oregon from the East. The Nez Perce Indians under Running Bull and the Shoshone Indians were on reservations but still raided Idaho.

**Debbie West says**

great book as all the others in this series have been! Toby & Clarissa, Cindy & Hank, Rob & Kale, Edward Blackstone, Pamela Drake, & JIM & Millicent Randall..lots of twists & turns in the Idaho country where Toby is territorial governor, even Stalking Horse makes an appearance while helping Toby try to make peace with the Kiowa & Shoshone tribes. Never a dull moment! Romance, suspense, & the unpredictable mess of the still wild West make Idaho a very interesting book!!

---

**Michael Garreffa` says**

Good Series--I am reading it the second time.

---

**Gene Heinrich says**

This one totally missed the mark. Many of the main characters who were headliners in past books were pushed to the back while new characters were front and center. Also, for the very first time, it felt like I was reading a very badly written harlequin romance novel. Sure there was some brief historical aspects in it, but the establishment of these new characters (which will carry forth in the next book) was the main aspect. It also felt like another author stepped in - someone not familiar with what the series actually is about. Ugh, just ugh
