## **From Reader Review Pokémon Adventures: Diamond and Pearl/Platinum, Vol. 4 for online ebook**

### **Miguel Vega says**

4.5/5. This volume was really intense. Compared to the previous volume where the trio was unaware of the dangers of Team Galactic and took them on without really realizing what they were getting themselves into, in this volume they are challenged and threatened with the Galactic Boss, Cyrus. Cyrus serves as an interesting arch villain of the series as Giovanni only wanted world domination, Lance wanted to kill all humans, and Maxie and Archie were echo-terrorists. Cyrus can be seen as the only villain who is entirely evil as Giovanni learned his errors and disbanded Team Rocket and the previous three were misguided.

### **Space Playz says**

EPIC

---

### **Patty says**

This was a pretty stunning volume for the D/P/Pt series...a big change is in the wind for the trio and the future will no longer be the same between Diamond and Pearl. I do think that these three work best together...where the heroes and heroines of the previous series could stand alone. This volume (and the next couple) are my favorites of this storyline, so I'm glad to see them finally in English--especially as it seems that VIZ has given up AGAIN on the older storylines (and right as they'd start the Ruby/Sapphire story-arc!), so I'm glad I keep buying the Japanese volumes of this series.

---

### **Teige Seiden says**

This is probably my new favorite book. It was shorter than the other ones but I don't care why they are changing the length from 10 chapters long to 7 chapters long. I hope you have liked my review of Pokémon Adventures Diamond Pearl and Platinum volume 4 bye ?.

---

### **Teddy says**

Great!

---

### **Reesha says**

So this time, Pearl, Diamond and Lady go to Pastoria and Battle another Gym Leader! Route 212, catch up

with Cynthia - and she helps them with a Psyduck problem! After some help, the team make it to Celestic Town and a showdown with Cyrus! I find this manga addictive, and I think Pokemon fans will love it too!

---

### **Marty Himmel says**

Good book

---

### **Jeffrey says**

Some fun battles in this one and we begin to understand the goals of Team Galaxy. Plus a rift develops within the core group's foundation.

This one actually isn't terrible. I mean, the jokes are still really bad, but the characters are showing some life and personality. Plus, there are some clever implications to the plot that are realized by the characters. I don't think it's really worth reading if you're not of a certain age, but you could arguably do worse, I suppose.

---

### **Robert Hudder says**

Introduced in depth to the master villain of the piece. Doesn't seem evil yet but definitely something not right...
