Promise of Love Erin Trejo

Link: I was a virgin. Yeah, the laugh of the club. It didn't bother me though. I saw the way my parent's and I didn't want to be like that. I love this club. I'd do anything for them. When I met Jordyn, that loyalty was tested. The things that happened between us quickly defined us. I've held out hope that love was out there for me.

Jordyn: I ran from one bad situation to another. When the club I fell into sent me to another to get information, I thought it would be easy. I didn't think I'd fall for the man I was supposed to be spying on. Not wanting to hurt him, I ran. He found me. Now I have to face the music and the man I've fallen for.

This is the sixth book in the Knights of Sin series, and you really should read them in order before even trying to read this one. This starts straight in the thick of things (again) and Link is being held captive. When Link is forced to do something horrible, he finds it very hard to forgive himself. The only thing he can think of is saving Jordyn when he himself gets rescued. Link never thought that he would really find that one person, the one meant for him, but there is something about Jordyn that makes him feel like for the first time that is possible. Does Jordyn feel the same, or is Link just a means to an end?

This was a fast paced, quick read with danger, violence, some sexy times and a few scenes that... some might find questionable as to whether a line was crossed or not. I hope this wasn't the ending of the series, I give this 4 stars.

The last book in the Knights of Sin MC series and we finally get Link's story. Link has been a constant friend for both the brothers of the MC and their women. I've loved Link and his vow to find 'the one' before losing his virginity. For a biker to still be a virgin was a first for me, every other MC book I've read the brothers are definitely not shy in the bedroom, or bathroom, or pool table, or just about anywhere ???. Jordyn is the love interest in this book, and honestly I didn't really take to her at first, once you read the book you'll see why, but eventually she grew on me, I can't say I loved her the way I did Aubrie or Laura, but she redeemed herself and as sincere in her love for Link.

As I said this book is the last in the series, so knowing that and knowing this author's writing style my heart was in my mouth from the very start. What I've loved about this series has been the ongoing story line. The battle that has been building with the Ranger's finally comes to an explosive end.

One of the things I love about this author is her willingness to push and challenge her readers, she isn't afraid to break our hearts for the good of her story, and in this book she did break me, she made me cry, and strangely for that I want to thank her.

Loved this book and can't wait to see what new series the author brings us.

Was so excited to see that the next book in the Knights of sin series was going to be Links book and I so was not disappointed . Erin Trejo has fast became a one click author that I need her book like as soon as they are mentioned or even when I reading the story and wanting to see a secondary character fall in love . The story had me hooked from start to finsih I couldn't get enough of it and to see characters from the past and to learn what they are up to was super awesome . This can be read as a standalone but I do suggest that you read all them in order .

Title: ➡♥ Promise of Love

Series ➡Knights Of Sin MC 6#

Author: ➡ Erin Trejo

????

? Jordyn: she has been beaten to near death more times then she can count. Jordyn she has placed her trust in the wrong man once again & that's why she is where she is now. In dark basement force to be spy on rival MC to keep her protection from the one man she fears the most

♥●• Link is kidnapped by the Rangers, a rival MC & refuses to give them what they want. Information on his Prez

Link is force to give up something he saved for almost thirty years to women he doesn't know to save her life

Link is the tech guy for Knights of Sin MC, yeah we all know & love the man. The man has heart of gold & sometimes wears it on sleeve. A virgin by choice waiting for the right one. Loyal & protective of the only family he truly know (Knights of Sin MC). Now he finds himself falling for the type of woman he fears the most

?Two lost souls. Two people who don't trust easily for different reason, will they the one with the most secrets learn to trust in the other before lives are lost?

? Only gave 4 stars on this book cuz Erin Trejo said this was the last book in the series, but I felt like she left few things unfinished. Or maybe I just wasn't ready to let go of these amazing strong alpha males & women. Either few things felt off to me➡? Hope you enjoy this read & also always keep in mind this is just my opinion

This is my first taste of the world of the Knights of Sin Mc and the work of Erin Trejo and what a way to start! For a MC this book has something that would take any biker lover by surprise...a virgin club member. At the beginning Link has been kept captive by another club with the hope of getting info from him to take down his Prez but Link is not alone in the dungeon and he will soon lose his virginity by taking another virgin. Jordyn was in pretty tough shape and with a knife being held to her throat Link is ordered to take her in front of their captor and tormentor. Bone was holding that knife and was throwing his old lady at Link trying to get her to infiltrate the Knights of Sins MC. Jordyn and Link form a special bond with Link wanting to take down whatever or whoever it was that had Jordyn living in fear and pain. Would Jordyn come clean before it was too late and would her betrayal to Link's club brothers prove too much for him to get over.

From page one I was hooked and now I know for myself what all the talk was about Ms. Trejo's work. With that said she now has another fan on her hands just waiting to see what is coming next.

I received this book as an ARC for a freely given and honest review.

Kathy Rouchelle says

Link, the one who has everyone's back with his computer skills, always watching, making sure that his brothers, his family is protected, trying to ensure that they all return in one piece, takes the lead in this story. And what a story it is! Capture, torture, rape (not wanted by either of the two involved), a deadly deal, snitching, healing, love, and death. The emotions run high in this well written story that will not allow you to stop turning the pages until you reach the bitter end. Jordyn is the victim in every aspect of her life. From the age of seven until now. She's used as a pawn, used and abused and again used as a pawn, until she is forced to return to the Knights of Sin MC, but she has Link, and although she doesn't totally trust any of them at first, she sees the gentleness in Link and he in turn helps to heal her. But there is still much that she hasn't told him. She's lied, trying only to save her own life, but she also doesn't want anyone in this MC to be hurt. The Rangers want one person and they want him badly enough to use her to get him. Only her past coming back has her running. Now she has her past and her present on a collision course and she knows that with either of them, she will die. But she still can't put Link in danger, nor the men and women that are his family.

These characters are very well written and complex. Link is beautiful in that his heart is good, he loves his family and has helped many of the women in the club with his gentle words. But don't let that fool you because when his anger is in full gear, he is a stone cold killer. Jordyn has been abused almost her entire life. Raised by a father who didn't want her to begin with, thrown into a MC that she thought would protect her only to become abused by them as well, then used to gain information about another club, her back is against the wall and she feels as though she has no other option. Together, these two find a connection, physical at first, but feelings grow. But her lies have Link warring within himself. He wants her, but he will not put any woman above his family.

I so enjoyed this entire series and this book is no exception. I cannot recommend this series, this book, highly enough.

Wendy Hodges says

Gosh I felt so sorry for both of these characters at the start of this book, what was forced on them. She has just been hurt all her life, not one good thing has happened to her, I think I would have given up on life completely. Link is a good man, yes he does what he has to and kills when needed but he is the one that all the women trust. He picks up very quickly on the signals and pain that Jordyn gives out, he does everything he can to get her trust. There is violence and abuse in this story but it is much more about learning to trust and finding love out of the darkest times. Finding out that there are some good guys out there, those that will even choose you despite not knowing everything. I really want Link to be happy and Jordyn definitely deserves her own happiness after a life of nothing but pain, I look forward to more of this couple. This book had my nerves jangling at times, there is an edginess and darkness more than I found in the other books in this series. The lightness is small but its there in the connection that the characters have and build, as well as the support that the rest of the group give them. I actually would have liked this book to go on a bit longer I loved the characters so much. Fantastic read.

Tania says

This is Link and Jordyn's story.

Link is captured and held hostage by the Ranger's. Jordyn is also being held but what Link doesn't know is why.

This book contains, lies, revenge, lust and sadly loss.

Let's just say I'm not too happy with Erin right now. Yes the ending was great but why oh why!!!

Great ending to the series

Sarah Dale says

This was my first book by this author and I have come into this series late as this is book 6. Why have I not delved into the world of the Knights of Sin MC before? Trejo's writing had me gripped and intrigued from beginning to end. I really enjoyed the twists and turns, and the complex and well written characters.

I was hooked on Link and his brothers in the MC. He was different to the typical MC books I read as he was a virgin still at almost 30! Never had that before with a patched in member of an MC and I quite liked it. Link is the tech guy for the MC and when you meet him at the beginning of the book he has been captured by a rival MC and is being kept in a room with a girl Jordyn, she's been beaten and put in place to try to spy on the Knights of Sin. I have to admit I struggled with Jordyn a bit, there was something about her that I couldn't relate to or empathise with.

I will be going to check out the rest of the books in the series as I am really intrigued on the boys and their women's stories.

Ashley Carr, LSoR says

I've enjoyed this entire series but I have to say Link is my favorite Knights of Sin club member. I mean Link is a MC member and a virgin, that's just unheard of in that culture. He is the computer genius of the group and wants to protect his "brothers" and their women. He rarely goes into the field but in the beginning of the book he is being held prisoner by the Rangers, a rival MC with a bone to pick with Bomber. They force Link to give up something that he holds precious in exchange for a woman that's being held captive also. And he takes something from her that she doesn't want to give, but her life depends on it. Link's boys rescue him and take the girl with them, but they can't trust her and to top it all off Link is falling for her. Jordyn has so many secrets she is keeping from Link and everyone because she does not know who to trust. And Link hates liars and Jordyn has lied to him countless times. When everything is exposed will they still be together or will Link turn his back on Jordyn?

**** I voluntarily read an ARC of this book in exchange for an honest review ****

Phyllis Wolford says

Link finally has his story and a chance for love. He's the tech guru of the club and he's invaluable to them. He's starting to feel depressed because he wants what his brothers have a love and family.

Jordyn is taken in by a rival MC, she thinks they are doing it to protect her, but she finds out that they are going to use her to get information on the Knights to try to stop them from stopping the trafficking ring.

She doesn't tell them anything, and sees what a true MC is.

She is falling for Link and it's mutual...together they with the brothers bring the ring down .

Amber Goodwin says

A great way to end the series.

All along we have waited for Link's story and it didn't disappoint. Link is a computer/security genius.

Helping his guys stay safe on runs. He finds himself captured along with a girl. Jordyn is doing what she needs to survive. Even at the cost of Link and his group.

Will they be able to help her? Will she fall to the same old habits?

Enjoyed this series. Look forward to more from this author!

Kim Brewing says

Link and Jordyn meet in extreme circumstances. What happens connects the two, but can they get past the lack of trust? I enjoyed this story, but I struggled a bit with Jordyn. Once she realized that the Knights were different, she should have come forward. I really liked Link and although he had feelings for Jordyn, he used his head to keep his brothers safe. I was certainly NOT expecting what happened to happen.

I'm glad I found Erin's Knights.

Vikki Purcell says

This had me wanting to read from start to end. This is Links story.

Link is the tech guy for the club. A virgin by his choice waiting for the one. Loyal and protective of his only family. When he is taken by a rival club he refuses to give them what they want.

Jordyn had known nothing but pain her entire life. Abused by her father she runs only to fall into the hands of another abuser.

Twist, turns and drama are abound as the story unfolds.
