## Salvaging His Soul Samantha A. Cole

*Think you know everything about the Sexy Six-Pack? Think again. This is the story fans will never see coming. Jaws will drop and hearts will pound because nothing is as it seems.*

Jase Atwood is a man with a forgotten past and an unsure future. Unable to return to the United States, he lives on the island of Caicos, spending his time sitting in a bar drinking, scuba diving for sunken treasure, and working as a mercenary of sorts.

Brie Hanson has lived on Caicos since she was ten. After her father's death, she took over Daddy-O's, his bar/restaurant popular with tourists and locals alike. Her three-month relationship with Jase has been just for sex—no dates, no getting involved in each other's lives, and no letting their emotions rise to the surface.

However, when her sister, Nadine, disappears, Brie's lover steps in to help find the missing woman. Unbeknownst to either of them, Jase's past and present are about to collide. Will it destroy their future, or will it save more than just Nadine's life?

**\*\*\*The Trident Security series contains elements of the BDSM lifestyle, sensual romance, nail-biting suspense, and happily-ever-afters.**

## Kelle Braun says

### Samantha Cole does it YET AGAIN!

The characters from Trident Security we have come to know and love, along with a few "new" characters round out this fantastic addition to her series. A steamy, action packed, funny read from beginning to end; it is practically impossible to put down!

---

## Thelma says

\*\*\*\*\*SPOILERS\*\*\*\*\*

Before i start, i have to say.... DAMN!!! it never gets old to read all these alpha, super hot men.. i mean just having in a room with Ian, Carter and Jase was enough for me to want to be kidnapped and saved by this guys lol ....

When I first met Jase at His Angel, i didn't really like him that much because, well i was rooting for Ian but i have to say it was a very pleasant surprise to see him in Salvaging His Soul... not only i got to meet more of him and see his natural Dom side but also i got to see his gentleman side and that speaks very loud about him...

Jase was hiding from his past, trying to just live in the present and don't even want to look too much into the future. He works as a mercenary and that's one of the reasons he is not looking in to anything permanent or anything that has to do with relationships.. Jase has a "Friends with benefit" relationship with Brie. Brie is the owner of Daddy-Os a bar that is located on the Island of Caicos a favorite places among the tourist .... Jase and Brie where "comfortable" with their arrangement, non strings attached, until something happened that change everything forever...

Jase has been hiding for a while at the island, trying to build a new life, hiding from his past including people who knew him, specially close friends... Everybody though he was dead (except the TSS) but as i said everything changed. When Brie's sister disappear, she asked him to help her find her, together they take on a trip to search for Nadine, Brie's sister and thats when everything starts to collapse .. when people recognizes Jase, good old friendships are going to be at stake...

Salvaging His Soul has many moment that i really love, like: When Ian punched.... (not saying names) but lets say he totally deserve it lol ... when Jase gets super jealous after seeing the beautiful Brie wearing something super sexy, that highlights her curvaceous figure... i love that we get to see a lot of the TSSSMHG (Trident Security Service Super Mega Hot Guys) specially Jake and Nick (fanning myself over here) in action.. i love also that twist, which by the way i totally didn't saw that one coming (the guys of the pool...)

The best of the best was ... Carter and Jordyn scene Damn!!! super mega hot!!! i love these two .. and Jordyn is definitely one of my favorite female characters.. just because she kicks a\*\* big time...

Another hot one.. the scene when Jase is telling Brie what to do and where to touch ... Damn!!

AND the twist at the end WOW... lets me just say this .. next book seems like the sex and the chemistry of the characters is going to be B.A.L.L.I.S.T.I.C.... because the heroin is not only super flirty, she is also known among the Trident Men to be a very forward female.. so i can figure she is going to really be, very intune with her sexuality ... ok ok i'm getting way ahead and super excited but to tell you the truth since i read about her in the other Trident books I've been waiting to see more about her... hell to the yea!!!

what i like about The Trident Security Series is that in every new book, like Salvaging His Soul we get to see all the characters we've been in love with .. I've been reading this series since the beginning and i can tell you how nice is to see, the evolution of all the characters..

and last but not least .... there is a surprise at the end of the book, a bonus you should look into it... you are going to love it!!

---

### **Suzette Thurlow says**

Never discount the devious mind of Author Samantha A. Cole. Just when you think you know who the players are, in walks a man who is suppose to be dead! Shock and Awe doesn't come close to describing the surprises in store for you.

As always all hell breaks loose while Ian and Angie are on vacation with Carter and Jordyn. I am beginning to wonder if they truly know what the meaning of the word is. In walks Jase a ghost from the past and his lady love Brie, who are in search of her missing sister Nadine. Little did they know they have stumbled across a sex slave ring.

We are introduced to some new players as well as old favorites. Just when you think you have things figured out there is a new twists and turns. This story will keep you on your toes just clear your calendar you will not be able to put it down.

---

### **Debbie Hanson says**

Salvaging His Soul  
Samantha Cole  
????? stars

I gave up guessing what Samantha Cole would throw into her books a long time ago, so the huge surprise in this book wasn't as big a surprise as I had thought. In saying that, I in no way saw that coming. Once again Samantha pulls out a great story that I couldn't stop page turning.

I'm at a loss as how to review this book without giving everything away, so I'm just gong to say this is a 100% must read of you have followed the Trident crew. A story is a story but this one had a huge curve ball where I was left with the WTF look on my face.

Jase Atwood is running from his past, but rolls in the sheets with bar owner Brie Hanson, make everything better. Living life under the radar is one thing, but keeping safe is another. Life can change in an instant as this sweet as couple are about to discover. When Brie's sister goes missing everything is put on the line to find and save her. This process will see Jase come face to face with his past. That past devastated him and those around him. Feelings and lives were thrown into ruins, now Jase will find himself reliving that past while dealing with a kidnapped women. The sister of the woman he loves.

Brie will not only work through the loss of her sister, but the bombshell that could ruin everything that her and Jase have will have her questioning the man she had fallen in love with. Along with heart stopping action, the Trident crew, the sexy alphas and some serious heat and steam, you'll not want to put it down but be gasping for the ending.

Well played Ms Cole.... you caught everyone with that explosion! Can't wait for more.

---

## **Janine - The World Was Hers for the Reading says**

Salvaging His Soul was an incredible treat for fans and readers of the Trident Security Series! While Samantha A Cole has been focusing on her spin off to the original sexy six pack team, which has been phenomenal, she revisits members of the Alpha team when readers least expected it.

Trying to outrun his past, Jase Atwood, an ex-Patriot and sometimes contractor for Trident Security has been living on the island of Caicos. Knowing he has no real future to speak of, he opts for no serious relationships and hooks up with Brie Hanson, a local bar.

Brie has been living in Caicos with her sister since she was ten. She took over Daddy-O's a local bar when her father died and is enjoying her no strings attached relationship with Jase. They are both having fun and Jase has been slowly introducing Brie to some light BDSM. Everything changes, however, when Brie's younger sister disappears and Jase discovers there is much more to it than a simple kidnapping.

Jase's past and present collide when he and Brie are tracking down leads and happen to run into some of the Trident team and their significant others who happen to be vacationing in the Islands. Sparks fly as secrets unfold and truths are revealed. Plus, Jase and the rest of the Trident team need to save Brie's sister before she disappears for good.

I loved the characters of Jase and Brie. Jase's back story packs quite the punch and explains something Trident fans didn't even realize they were missing. Brie is sassy and independent, yet has to rely on Jase's help to find her sister. They are a fantastic couple, once they both realize what they really want and need from each other.

The plot is fast paced and suspenseful. It is also full of humor. Some of the interactions between the Trident team had me literally laughing out loud . . . especially as Boss Man Ian continues spice up his vocabulary with some colorful new insults as well as his delightful and ever present sarcasm.

If you are a fan of the series, Salvaging His Soul is not to be missed. As Samantha A Cole promised, it really is the story that no one saw coming! 5 stars!

---

## **Tina Todd shobe says**

This story starts out on the Island of Caicos in the British Virgin Islands. Brie Hanson is managing the bar, Daddy-O's. This was her father's bar that she inherited when her dad passed. Her sister, Nadine had no interest in the bar.

Brie is with her friend-with-benefits Jace Atwood when she gets a frantic call from Amy, who is Nadine's best friend and room mate. Nadine is missing.

Jace doesn't even hesitate he flies with Brie to St. Lucia. Jace has a secret pass. He presently is a gun for hire, body guard and does some work outside the US for Trident Security.

There is some intense build up of suspense and intrigue which the author always does an amazing job with. Trident Security teammates get involved so you know this is going to be action packed. Love that we get to catch up with the teammates.

The banter between the characters make the story more 'real'. I love the nicknames. There are also some very hot sex scenes. We also get another look into the BDSM lifestyle.

There is just so much going on in this book that is very hard not to give out spoilers. There are some twists!

I also love how this series just seems to get better with each book. I consider this series a 'must' read and highly recommend you read them in order.

---

## **Cathy says**

I can honestly say I have never cried twice over a character in a book until this one. Samantha Cole was so right when she said you wouldn't see this twist coming. I spend an entire two-hour drive cussing her out over this little "twist" but even saying all that it was the best kind of surprise.

I don't know how she started out writing perfection and just keeps getting better and better. I have a lot of favorite author's and those I simply one-click because of who they are but Ms. Cole is one I actually clear my schedule for. I don't care how busy I am or how much else I have to do I will do it so I can sit down and simply enjoy whatever sadistic ride she has chosen to take me on because it is always worth it in the end.

Her latest is no exception. THE TWIST included. Salvaging His Soul is simply perfection. It starts out with a bang and then it gets exciting. We get to see our favorite Dom's and their ladies and we get to watch at least one of those ladies put all the men through their paces. While this is a stand-alone you really should read the entire series for the full effect. You will cry but it will be worth it in the end.

---

## **KnottyGirl Reviews says**

The Trident gang is back! The super sexy Doms (and Dommes) from Trident are back on an all new

adventure, and for those of you lucky enough to have pre-ordered the book and buy early on, you get a great short story at the end!

This time around we visit the island of Caicos in the British Virgin Islands. Brie Hanson owns a bar named Daddy-O's and has inherited it from her father along with her sister Nadine. But Nadine isn't interested in running the bar and is off on another island with her friend Amy.

Gun-for-hire Jace Atwood is Brie's friend with benefits. Neither of them wants a relationship, so Jace doms Brie whenever he's around between assignments. He also works for Trident part-time. Brie tries to get in touch with her sister one night and finds she can't. She knows something is wrong, especially when her roommate Amy says she hasn't seen her in days. When Brie finds out her sister has a job stripping as well, her and Jace get the red eye out to St Lucia. Things get a whole lot more interesting when they run into Ian Sawyer, and he's not too happy! You'll just have to find out why and it's a doozy!

As Trident, Jace and Brie try to find Nadine, the book heats up! If you are a fan of this series, you are just going to LOVE this book! Simply AMAZING!

---

### **Rebecca Austin says**

Brie Hansen owns Daddy O's with her sister, Nadine, but Brie is the one on charge of running it while her sister does her own thing. Brie is involved in a no-strings BDSM relationship with Jase Atwood and is somewhat unsure of where she wants that relationship to go.

When Brie's sister Nadine goes missing Jase volunteers to help her. But when Jase comes face to face with his past things are about to go sideways in more ways than one!

Can Jase be forgiven for his past mistakes and can they get to Nadine in time?

This was a great book with some twists that I definitely was not expecting!!

I loved both Brie and Jase and both were so casual with their relationship even though they did both care about each other it was obvious neither wanted to get too emotionally involved due to their respective paths.

The big OMG moment was awesome at the beginning and it totally took me a moment to put everything together and then I was like - yes!! I loved how Ian came down on Jase about Brie and their lack of rules and boundaries!

I loved how everyone came together to help get Nadine and stop all the illegal stuff that was happening.

This is such a great series and I love every time there is a new book!

---

### **Rhonda says**

Okay, this book totally blindsided me. And this is going to be a short review because I don't want to spoil it

for anyone but Jase and Brie are PERFECT together. What comes out is shocking and it leaves you wondering if they will make it and if Jase can make it up to the one person he was forced to leave years ago. Hearts were broken years ago and scars will be ripped open when his secret is revealed. Is Jase strong enough to survive and will he still capture Brie's heart. I loved Ian and the rest of the Trident guys in here and wanted to reach through the book and smack a few of them upside the head for their part in the secret. Do yourself a favor and pick up this book. Then make sure you have the time to read this because once you start, you will NOT want to stop until it's finished!! The books by Samantha remain some of my favorites. She knows how to draw her readers in and get them hooked on the story. If I could give this 10 stars I would, it's that good!!

---

## **Pam says**

Imagine yourself on Caicos in the Caribbean. Soft breezes, white sand beaches, warm sunny days. Perfect, right? Well, not so much for Brie Hanson, owner of Daddy-O's, a popular bar and restaurant. Yes, her business is booming. She's definitely enjoying the BDSM with her incredibly hot Dom, Jase Atwood. But she has no idea where her life is headed. And while Jase is hot, built, and to die for in bed, what they have is just a short-term "friends with benefits" arrangement. Jase has his own problems. He's definitely NOT into long-term relationships. In fact, he's not into long-term anything. He's a mercenary for hire. So what's this mutual pull that Brie and Jase feel for each other? As feelings inch toward something deeper, Brie's life is upended. Her younger sister, Nadine, has disappeared from St. Lucia. There are no clues. The police aren't even investigating. Brie's desperate! As Jase steps up to help, things go from bad to worse. Who do they run into on St. Lucia? None other than Ian Sawyer, head of Trident Security, his wife, Angie, T. Carter, a U.S. spy and the Dom who trained Jase, and his submissive/fellow agent, Jordyn. Just great! Even though Jase works for Trident from time to time, things have always been tense between Ian and Jase. What a time for these four to take a vacation, and on St. Lucia of all places! But when Ian, Carter, and Jordyn hear what's happened to Nadine, their SEAL and undercover instincts kick in. As Ian, Carter, and Jordyn work their contacts, they soon learn this is no simple kidnapping. As if things weren't bad enough, the chemistry between Jase and Brie ratchets up to blistering proportions. As the group examines each clue, a plan begins to emerge. But there are unknowns in this mix. Jase, Ian, Carter, Jordyn, their associates are the best. But even the best can make mistakes. Can they find Nadine? If so, can they save her? Who has her and why? When the unknown makes its presence known, all hell breaks loose and nothing is certain. Who will live? Who will die? Will Brie lose everything she holds dear? What is Jase willing to sacrifice? How can any of them survive when they have no idea what's waiting for them? Ultimately, just what sacrifices will Jase and Brie have to make? Who will win? And what will be the cost?

Samantha Cole is brilliant! She has the ability to combine military ops, suspense, thrills, BDSM, and romance in a very unique and special way. I knew I'd love this book the moment I started it. Ms. Cole is one of my favorite authors and has never disappointed. From the moment I picked up my Kindle, I couldn't stop reading. The complexity of the story, the totally unexpected events, the individual relationships, and the unique locations make this a riveting story. My favorite parts of this book involved the complex relationships between the Jase and Brie, the Sawyers, and Carter and Jordyn. I adore the BDSM lifestyle, and Samantha Cole is always on point with all the details regarding the lifestyle. This book is literally a roller coaster of highs and lows, ups and downs. I was captivated by the fact that nothing is as it seems in this book. I laughed, cried, wanted to scream in frustration and slap a few heads too. I fell in love with every character in this book. Samantha Cole's talent as an author is unparalleled. In my opinion, this is the best book yet in this series. I give *Salvaging His Soul* my very highest recommendation!

One final note. Please be an informed reader and consumer! This is an ADULT book. It contains explicit language and sexual scenes. If you don't enjoy this genre, think hard before buying any book you know you won't enjoy. There are book synopses and reviews available on Goodreads and all booksellers' websites. Use these resources. DON'T LEAVE A NEGATIVE REVIEW WHEN YOU KNOW YOU WON'T ENJOY THE BOOK. It's not fair to the author! She works extremely hard to provide a quality work product. If you know you'll object to the book's subject matter before you buy it, you're doing yourself and the author an extreme disservice.

Thanks for reading my review and happy reading!

---

### **Milynn Napolis says**

Salvaging His Soul is the next story in the Trident Series. The story revolved around Jase and Brie who met on the island of Caicos. With the story set on the island, I can't help but fall in love with these characters. The chemistry and the easy banters between them remind me of how possible it is to find love when you least expect it. Jase thought that he is incapable of loving someone with his heart and soul. But with Brie's sister's life at stake, he will stop at nothing to help her. Brie can't help but fall in love with Jase. But is she really willing to give it all to a man who proclaimed that he is unsalvageable?

I must say that Ms. Cole did not disappoint. This story is fast-paced and has the right balance of wit, humor and emotional angst. She understood the emotions of losing someone and the fear of the unknown. Along the way, she warmed our hearts with characters who are strong, yet gentle, caring and protective to a degree. This story has light elements of the BDSM lifestyle which were interpreted as accurately as possible with simple creativity. Ms. Cole re-affirms that the lifestyle requires trust, honesty, respect and open communication for the relationship to work. As I have come to know Ms. Cole's work, she never writes perfect characters. She made it possible for her readers to connect with characters who are flawed. After all, it wouldn't be fun if you can't laugh or get angry with the characters that you want to hit them too. I love the HEA ending wrapped neatly for this couple--- a must for me. Ms. Cole likes to tease her readers with a glimpse of possible future stories, so be ready for the next one! Ms. Cole, job well done...thank you for sharing your stories with us!

---

### **Dimple says**

5 stars aren't enough! This book was amazing!

Jase Atwood is a hot as hell, Alpha male with a mysterious past (I'll say!) who moved to Caicos for some peace. All in all, he seemed to have a pretty good life, a job that more than pays the bills and keeps the adrenaline pumping, a side job that let's him get away from it all, and a FWB arrangement with a local bar owner that keeps them both more than satisfied, except there are things he can never share.

Brie, owner of Daddy O's and all-around good girl, didn't have time for a real relationship anyway. She's too busy trying to run her bar, keep her father's legacy alive and keep her kid sister out of trouble. No, the arrangement she and Jase have suits her just fine. The man lights her up like no one ever has and it'll go until it fizzles out.

Things take a different turn when that kid sister of hers falls head first into the trouble Brie works so hard to keep her out of. She's missing and now Brie & Jase need to find her before her time runs out.

Chaos ensues as they chase her down when Jase runs into his past face to face. Literally!

OMG this book was so good!! Brie & Jase were awesome together & it was so great catching up with familiar faces! Ian and the guys are a riot in this book and the banter is off-the-charts! So great!!

Also, there's a little treat at the end for true Trident fans!

---

### **Kim Anne says**

#### **Perfect addition to the series**

The twist is just an amazing surprise, and Samantha does not disappoint in this Trident book. Love reading more about Ian and Angie and Carter and Jordin, definitely a must read not only for Trident series fans but anyone looking for a great read.

---

### **Bookgasms Book Blog says**

I don't know what it is about these *Trident Security* series books, but they just keep me wanting more and more from these characters! And *Salvaging His Soul* was no exception.

Bree and Jase are enjoying quite the hot and heavy and sexy AF friends-with-benefits relationship. It's easy, it's casual, it's all fun and games and hot sex until Bree's sister is missing.

Now it's Jase's turn to show he's not just a Dom, but he's also a trained special operative with amazing skills and contacts. It's these contacts that have kept Jase both hidden in the super secretive special ops world and from his past life.

Unfortunately, the past quickly becomes the present. Jase and Bree need help—and the Trident team is the answer. But in confronting his past, will Jase jeopardize all that he's fought to hide and what about his future with Bree?

I loved Jase and Bree together—loved seeing them finally accept the reality of their relationship, their love. They were fun, smart and oh so very sexy. I also loved revisiting with some of my favorite characters from the series. Such fun to reconnect with them, see them all work together toward the goal of rescuing Bree's sister. I am so thrilled Ms. Cole is keeping the *Trident Security* team alive through other interconnected series. I love keeping up with them and their antics. ~ Missy, 4.5 stars
