## **SINS OF THY MOTHER** Niki Jilvontae

What do you do when you think you're cursed? How do you remain optimistic when tragedy and pain are around every corner and you're forced to carry the sins of your mother? Do you give up and become exactly who everyone assumes you will be? Or do you prove everyone wrong, including yourself and overcome it all? These are the questions Tisha and Terricka Lewis ask themselves every day as they face abuse and humiliation all because of the sins of their mother. Come on this emotional roller coaster with the Lewis sister's and find out whether the sins of a mother can be visited upon her child.

**Sins of they mother**

Fast paced read that keeps you turning the pages yet so much horrific pain these kids had to endure. This mother gives evil a new name. But the truth of the matter is many kids go through this torture and still fall through cracks because parents manipulate the system.

"Sins Of Thy Mother" by Niki Jilvontae

My Thoughts....

This read was indeed a sad literary fiction read for me. It really left me thinking wow, how can a mother treat her children like that! I will say this author really knows how to get and keep your attention with her descriptive well written dramatic 'emotional rollercoaster' story. My heart hurts to read about all of the pain these children [Tisha, Terricka, and Sha] went through. ....from 'mental, physical, verbal to sexual abuse. This title is so true to its name of the 'Sin Of Thy Mother.' When will enough be enough for this Lewis family? How and why did the system not protect these children? Thank goodness we just may see some help coming so I will stop at this point and say you will have to pick up this good read up to see for yourself what all the author has planned for the readers.

My goodness! The horror thee girls went through at the hands of their mother was sickening! Just horrible! I felt soooooooooo bad for all 3 kids but the girls got the worst of it for sure. I don't understand why they didn't run away or seek help. Good book if you can stomach reading about gruesome rapes or beatings.

I have real issues with this...genre of fiction, its basically the non ironic literary equivalent of blaxploitation films of olde. This kind of thing 100% plays up to stereotypes of hoodrats, gangsters and etc. In one way that's cheap and offensive but in another way I always hope that these authors legit are trying to give a voice to people who do live these lives.

Anyway, as a woman this was hard to read...very graphic descriptions of rape. This isn't for everyone if you have a weak stomach or are triggered by abuse,rape,violence in general then don't read it guys it'll fuck you up.

I don't think any of this was very well researched, the way CPS works, the legal system in general, the way actual schools work and god knows mental health issues were never googled. That's one thing in books and movies that annoys the hell out of me...characters who are as crazy as the plot needs them to be. There is a wealth of information out there and there is no reason to not portray mental health issues properly, it can be scary as shit when done right!

The writing was weak as hell too, there was a lot of time and description put into the beginning of the story but the end was VERY rushed, so you didn't feel the same emotion you did in the beginning. Also, certain character actions didn't seem to really fit them at all especially toward the end.

To be honest though I did enjoy myself, I like these kinds of fucked up stories so at the end of the day that's what won out and got it three stars from me. this shit was fucked.

I'm currently reading book 4, within the same week or 2 , I finished books 1-3....Absolutely great read! I don't want to spoil it so I will just say, I could not put this book down! To think that somebody somewhere, some innocent child is probably experiencing this evil. Mental illness is real! All the evils in this book are real! A must read!

This book touched me in so many ways. I couldn't imagine going through what these poor girls went through all because of their mom. If people only knew the damage they did to their kids because of their own selfishness, the world would be much better.

This is my first book by this author and it was a little ruff but I can't wait to get to the second book.

I don't know how people can mistreat anybody especially their own flesh and blood. This was a good read but I wanted to beat tf out of their mother myself. I can't say too much because I don't want to give too much away.....READ THIS BOOK TODAY!

Denise is the most evil mother I've ever encountered in a book. Her vile actions caused her daughters & son nothing but pain & grief....She is the poster child for mental illness! Niki Jilvontae did a superb job with her writing by making me feel the girls torment & suffering. This book was well written with a captivating & devastating storyline that had my emotions all over the place.. Jerrod & Mrs. Cunningham were lifesavers to these kids. I'm hoping Denise's madness will soon be put to rest as I anxiously await to read part 2

Omg let me start off by saying this was a very good book. This book was so emotional it took me there trust on on that. That mother was no mother she was the damn devil. I must commend her kids for sticking together no matter what. The life those kids had to live is a damn shame I know that mother had something wrong with her but got damn enough is enough. Now on to part 2. This book is a must read trust me on that
