Suddenly Dirty

J.A. Low

Suddenly Dirty J.A. Low

He was everything she wasn't looking for ...

Finding a naked rock star in my bed was not how I saw my new life starting. Especially when that rock star is Evan Wyld, guitarist of the hottest band on the planet, Dirty Texas.

He looks dirty as sin with colorful tattoos, muscles and piercings in all the right places. Summer is about to heat up as I join Dirty Texas on their European tour.

She was everything he wasn't ready for...

Sienna Hayes is off limits, but ever since the blonde bombshell accidentally climbed into my bed, I've been fantasizing about the ways I could help her get over her ex.

She has baggage, but I'm known for being a good time. Maybe I can be her rebound, help put her back together again. ??

One little taste can't hurt; can it?

J.A. Low says

What can I say Evan Wyld stole my heart!!!!

Erin Lewis says

4.5 star review of Suddenly Dirty (The Dirty Texas Series #1) by J.A. Low

Not only is J.A. Low a new author to me, this is also her debut novel and one I hope to read more of in the future.

From the start of this book, I just knew I was going to enjoy it. When Sienna Hayes suddenly finds herself confronted by naked rock star Evan Wyld I just knew that this book was going to be good and I wasn't disappointed. Add in the fact that he is pierced and it just gets better and better. There is only one problem, he is her new boss.

Evan is the guitarist of the band Dirty Texas; an intriguing pierced, tattooed man with muscles in all the right places. Sienna is trying to recover from an extremely public divorce and has a lot of baggage. She is totally the opposite of what Evan wants in a woman and yet he immediately wants her.

Sienna knows it is wrong but she is unable to resist her attraction to him. What follows is supposed to be a simple hook up. But nothing is ever that simple. The sex between these two is sizzling and despite themselves, they cannot keep their hands off each other and it soon turns into something more even though secrets from their pasts threaten to destroy them.

I really enjoyed the chemistry between Evan and Sienna. Overall I enjoyed Suddenly Dirty and will certainly be on the lookout for more from J.A. Low and I look forward to reading more of the members of the Dirty Texas Band.

Congratulations on a great debut novel.

Natalie Miernicki says

I received this book for an honest review.

Wow for a debut author JA Low blew this one out of the park! Hard to put down from start to finish this book kept me entertained... the explosive chemistry between the two main characters was sizzling, hot as hell and funny too! I would highly recommend this book to anyone who likes hot dirty talking rockers and their sassy sweet sexy leading lady!

Danielle Harris says

Holy cow!!!!

This was freaking hot!!!!!! Evan is a super sexy man beast with a sexy Prince Albert yummy! I am so Jealous of Sienna. Oh you lucky girl! I can't wait to read more from this author.

Dani says

4 Dirty Stars!

This story starts off with a bang... Literally! Sienna wakes up in bed with a famous rock star. Isn't that what any girl would want? Sure! Unless he's your boss.

Sienna has a lot to work through. She's been heart broken and she has to now come to terms with her newly single life. But when things take a turn for the worst, she has to pack her bags and leave her home. Her best friend works for one of the hottest rock bands in the world, where she finds her new life, but nothing is that easy... Is it?

Evan is the rock star known for enjoying his status. He's single and doesn't want a relationship. When he sees a photo of Sienna he sets his sights on the blonde beauty. The only problem is that she's going to be on tour with them. The rule is, do not get involved with staff.

Rules are meant to be broken right? There is some scorching scenes that will leave you needing a cold shower. After getting a taste, neither Sienna or Evan can deny the attraction. But when the past comes knocking, Evan's trust issues are tested. Can they get past the hurt and pain of former partners?

Aubree says

DNF @39%... I hate doing this. I hate not finishing a book. I promised a review, but I am just so bored! Evan and Sienna are 30! What is wrong with them? I'm 30! She just came out of a divorce which is sketchy and fast and creepy with the way Beau claims it wasn't his choice. Now she's drunk, on a stripper pole, and

having "temporary" sex with a rockstar? I get him. Rockstar, party boy. Makes sense. She was apparently married to an uppity asshole for 10 years. Let me repeat...TEN YEARS!!?? And suddenly she's some little sex kitten with no priorities or I don't know maturity? She didn't have a kid that entire time, but Beau's mistress had no problem getting knocked up by accident.

They aren't children or even young adults! The author should have made them in their early twenties and had Sienna come out of a long-term relationship, maybe one from high school...then, I would have less trouble believing the behavior. Next, add a plotline that involves more than disjointed sex scenes and angst commitment issues.

One girl's opinion.

Book-Bosomed blog says

DNF @26%

The book started out on a sexy and intriguing note. In the prologue we find Sienna discovering a naked Evan in her bed. Things heat up and I felt like the chemistry was already building. But then chapter one reverts back several months. Instead of the brewing chemistry between Evan and Sienna, readers get Evan having a ONS with a groupie and Sienna getting humiliated by her husband on her birthday. All of these 'several months past' sections were a real roadblock for me in terms of connecting with the main couple. In fact, all it did was establish that both of them came with a ton of baggage, which I didn't find endearing. And unfortunately that continued even after Evan and Sierra meet which is why I was unable to finish reading. With all the OW/OM drama I think this story would be best categorized as erotic rocker drama rather than simply romance so enjoyment of the story will depend a lot on your style of reading. All in all, it wasn't for me and contained tropes I do not enjoy in romance stories.

3.5 stars

Dirty Texas is a rock band with roots in Texas and a reputation that follows them everywhere they go; Suddenly Dirty features band member Evan Wyld and Sienna Hayes whose life imploded on her birthday, their story is pretty messed up, they make a lot of mistakes, but through it all they find they can't live without one another.

There was much I liked about this book including the camaraderie between Evan and his band and Sienna and her friends. I did like Evan and Sienna together, but I felt like Sienna was always the one giving and Evan was the one always holding back. They had a fling that was suppose to end when the band started touring and she started working for them as a designer, but that didn't work out to well. I didn't like that Evan disrespected Sienna on numerous occasions and yet if she even hinted at being with someone else he went ballistic and created problems. For me the relationship was very lop-sided and while I have no doubts they both fell in love; I felt Sienna's love was pure, but Evan's love was built more on the fact he didn't want anyone else to have her. As this is a series, I'm sure we'll see more of them in books to come and hopefully that will put my mind at ease about their relationship.

They both have things in their past that have made them wary and distrustful so when they have issues, their issues are big. In my opinion Sienna is way too forgiving and she lets Evan off the hook too easily to many times.

I enjoyed Suddenly Dirty very much, despite my issues with it; this is a very eclectic group of people and I look forward to reading the books to come.

*Reviewer's note: This author is from Australia and as the book is set in the US some of the language and grammar usage is off and there are quite a few misused words and some other editing issues. While it didn't lessen my enjoyment of the book, a thorough proof reading and editing would make this story stronger. Overall though it was an entertaining first effort!

Kara says

Sigh. The heroine has sex with the hero for the first time literally minutes after she's watched him get blown by another woman. And of course the hero also got pissy that she was trying to hook up with another man and dragged her away. So of course, instant fucking, right? I like my heroines to have a little more self-respect than that.

It's not a bad read aside from that, so if you're not as sensitive to that shit as I am, go nuts. Sorry, I'm just sick of that shit in romance novels.

Tammi says

This is my favorite type of story a bad boy rocker turned good by love!! And this is a great one. Sienna was so sweet, innocent yet so strong. The thing I loved most was the amazing support system she had. When her whole world was crushed her best friends were right there for her. Ready to kill him and hide the body type friends.

Evan was a the typical arrogant, cocky full of himself rocker. Different Groupies every night. A total hit'em, quit'em #sshole. But he softens at the first look of Sienna on a phone screen.

They start as a hook up but neither can get enough of the other. They have their ups and downs, their highs and lows but through all of it I wanted them together. I have to say the fact that they were HOT AS HELL together didn't hurt.

This is the first I have read from this author and she definitely has a new fan! Seeing this is the first in a series excites me. I loved this whole group of friends and can't wait to read more of their stories.

Beneath The Covers Blog says

Salacious, bold, and passionate! J.A. Low gives "getting dirty" a whole new meaning!

After her marriage falls apart, Sienna Hayes needed a fresh start. What better way than to join a European tour with the hottest rock band on the planet! But when she comes face to face with her hall pass, Evan Wyld, and the electric chemistry they have, Sienna begins to wonder if this fresh start is the right path for her.

Finding a woman in his bed is nothing new to Evan. But when that woman is the gorgeous new stylist hired by his band, and the latest star in his lewd fantasies, Evan is all too willing to be her rebound guy. But as the tour starts and their relationship becomes strictly professional again, can Evan shed this bad boy reputation, and become the man worthy of Sienna? Or will she only see him as her rebound?

Suddenly Dirty is hot and filthy, but in the absolute PERFECT way! Sienna and Evan's relationship has an explosive start. The way both characters craved each other before they actually met in person was realistic and very true to how most "crushes" develop. The connection between these two kept building until you knew something was going to happen. Fresh starts don't always mean your past disappears...for either of them. Emotions run high, misunderstandings occur, and secrets are revealed.

Sienna and Evan complimented each other wonderfully; their desire for one another was scorching, and left me wanting more well after the story ended! I also loved how the supporting cast of characters have their own stories forming. It gives more strength to this book, and substantial anticipation for the continuance of the series. We're going to be seeing a lot more Dirty Texas, and I can't wait!

5 Seductively Dirty Stars!

review to come

Ruthie Taylor says

~~I received a free copy of this book to read and review for Wicked Reads ~~

I have to confess I did not like the start - I am not a fan of books which start now and then go back in time, so that you know what is coming - it's like a too detailed blurb ... However, I kept going, and I am glad that I did, as Ms Low tells a good story.

The playboy rock star story is not new, but the injection of some entertaining and interesting characters into both the band and its entourage make this stand out from the crowd. That the female lead, Sienna, has a whole load of baggage too, works well at levelling out the crazy. We get the story told from both sides - although at times I did have to remind myself which one was speaking. Between the two of them stand plenty of self erected barriers, yet the chemistry and feelings of possessiveness give us some very heated encounters. At the heart of the story are friendships and camaraderie, which support Sienna and Evan through the chaos and towards each other.

As the first in a series, it is not difficult for the reader to see plenty of opportunities for future stories - which is great, as even after just one book, I am engaged with the motley band of musicians and their crew.

5 Wyld-ly Wicked Sexy Stars!

A heady lustful combination of sex, sin & swoon, Suddenly Dirty is J.A. Low's stellar debut and explosively sexy start to what is sure to be one hell of a hot series! Sex, ~~drugs~~ and Rock & Roll, what's not to love?! Packed with sexy rock stars that I can't wait to ~~bed~~...err, know. This book is all about Evan Wyld and his rock star life. He's one book boyfriend you definitely don't want to miss out on!

Exceptionally well written with well versed characters, each bringing uniqueness and adding to the overall experience of this exposition. It was love from start to finish. I devoured this book and was left begging for more.

Dirty Texas is gearing up for the European leg of their summer tour.

Sienna's life is crumbling before her very eyes, very publicly.

He was her "hall pass".

When their two worlds collide it's an explosive plot of fiery passion. The sexual tension between Evan and Sienna is enough to disintegrate the panties right off of ya! HOLAAAY! With the ups, come the downs and these two definitely have some baggage to contend with and sort through. BUT as always, in my happy bubbly little literary world, love always wins...eventually *wink* This book left me reeling with a permanent

goofy grin and bouncing around like a giddy school girl *siiiigh* It was perfect!!!

"I tried to show her a piece of my soul, laid bare, just for her."

Swoooooooon!
