**Taming the Billionaire - Part 1** Alice Ward

**This is Part 1 of "Taming the Billionaire" – a five part Hot Alpha Billionaire Romance Series by Alice Ward.**

I'd never been the type of girl who craved attention from men. In fact, I'd been accused many times of shrinking away from it. I was happily single and content to stay that way when my brother brought Drake Waters into my life.

Drake was a devastatingly handsome billionaire architect—playboy extraordinaire according to the tabloid. He was the exact type of man I always tried to avoid. But when my brother got the opportunity to become his exclusive real estate agent, I was forced to play nice for the sake of family.

As I'd expected, Drake was arrogant and a bit out of touch with reality. Everything had always come easy to him. But I soon realized that there was something deeper there, something that drew me to him.

And from the moment he kissed me, I knew—good or bad—my life would never be the same.

*This book is intended for a mature audience, 18+ only.*

I received this free for my honest review. Chelsea is quiet, intelligent and beautiful but she hides her looks because she wants people to look her in the face not elsewhere, then you have the gorgeous Drake the billionaire who likes to stay private but everyone thinks they know him but do they. This is a great start to the series with great characters a believable story with humour, I can't wait to see what happens next.

### **Hmmm...**

Story so far is kind of aggravating. Makes me wanna skip pages or go to the last couple chapters of book 5. I do like the chemistry between Chelsea, her brother, and friends. I'll read on, for now...

Cute series, quick read, easy flow. There are many characters with interesting stories that add to the entire enjoyment of the book. Major cliffhanger though. The entire series can be read in a few days.
