Mike says

This was a collection of very mixed quality. There were good stories, though no truly great ones, but there were also several pieces (by Barlow, mainly) which weren't stories at all--just incidents, and not even well done. Not up to the usual Megapack standard.

However, for 99c, there are enough good stories to make it worthwhile.

Derek Davis says

Ya gotta l love the Megapacks – tons of mostly old-time reading for \$.99 each on Kindle. This one is (naturally) an uneven collection but generally good, with stories ranging from early in the 20th century to the 1980s. Two tales – by Lester del Rey and Robert Bloch – deal kindly (del Rey) and humorously (Bloch) with the diminutive supernatural inhabitants of the Catskills and Adirondacks.

Marylois Dunn's "Yellow Eyes" sees the a world of medieval scope through the sardonic outlook of a cat and an unusual dog. Edmond Hamilton's long piece, "The Daughter of Thor," was written in the midst of World War II and envisions the ancient Norse Gods deciding to help liberate Norway from the Nazis – a dicey try in the midst of such a fluid time, but well carried out. Two romances by Janet Fox come off as just sloppy. My favorite, and a most unlikely one, is "Of Withered Apples" by Philip K. Dick. This is nothing like the half-mad or cleverly fractured Dick of SF. It's instead a sad, straightforward tale of loss and regeneration. And if you haven't heard of John Betancourt, it may be because he's the publisher of Wildside Press that puts out the Megapack series and slipped in a few of his own. And they're quite well done.

Danielle Miller says

I was in the mood for some old fashioned fantasy stories - the sort of stuff that I used to read in my teens and twenties. These Megapacks are always a mixed bag, and this one was entertaining enough. Some of the stories are weak, some aren't really stories at all, a few didn't really work for me, but most of it wasn't bad. Can't really complain when the collection cost less than a quid!

Bill Herman says

Fantastic Fantasy Fun

Again, another enjoyable book with many stories that will entertain you with interesting plots. Of course not all the stories will capture your interest so proceed to the next one. Many many great stories.
