From bestselling mystery author Stephanie Caffrey comes Sin City's most unlikely detective...

When a heartthrob lounge singer gets passed over for a big promotion, who does he call for help? Raven McShane, the most unconventional detective in Las Vegas. When Raven isn't working at her gentlemen's club, she's stirring up a hornet's nest of trouble as a private detective, but this time she might be in over her head. When her investigation turns bloody, she enlists outside muscle (who just happen to be drop-dead sexy) to help her navigate Nevada's seamy underside and help her client beat a murder charge. Intrigue, betrayal, and colossally bad luck challenge Raven's spirits, but she charges ahead with her chin up and her heels poised to do maximum damage.

Kelly says

Fun from start to finish. Raven is a sharp, funny character who's learning the ropes as a private eye. Her insider's view on the Vegas entertainment scene is crucial as she solves another Sin City whodunnit.

Chande says

Raven is back again. Striping by nigh and working as a PI during the day. This is the second book in this series and it is just as good as the first. Raven has a big case she is doing for one of the Vegas singers when he is accused of murder.

Loved it!!

very funny and entertaining. It was fun and a pleasure to read a book that wasn't annoying in any way. I also love a girl who loves to eat, read it! Hope the next one is coming out soon.

Raven McShane is a private detective, and she's also a Las Vegas stripper. When a heartthrob lounge singer gets passed over for a big promotion, who does he call for help? This time though, she might be in over her head. When her investigation turns bloody, she enlists outside resources to help her client beat a murder charge. Intrigue, betrayal, and colossally bad luck challenge Raven's spirits, but she charges ahead with her chin up and her heels poised to do maximum damage.

I read the first book in this series and really loved it. I couldn't wait to get my hands on the second one. I was not disappointed. I really enjoyed this one.

I liked the mystery; I have to say I didn't solve it before hand like I usually do. It was nice to be surprised at the end. I hadn't figured it out at allllll.

I like a little romance with my mystery, so I kind of wish the author will step that up in future books. But still I really enjoyed this sexy las Vegas read and recommend it to anyone who loves a good cozy mystery.

Carolyn Valdez says

I really enjoyed the second book of this series. I read the first book and thought it was great and this one is

just as good as the first one. It keeps you guessing all the way through. I can't wait to see what is going to happen in the third story.

I received an e-ARC of this book for free from the publisher in exchange for an honest review.

Gwendolyn Tierney says

Wanting to see Las Vegas

Once again, this book kept me guessing who done it! I enjoyed the inside look of a Las Vegas most people do not get to see. Hope to see more of this series.

Jessica Berry says

Already read this book when it was called Ring of Fire by Caroline Dries

How can Amazon sell the same book under two different names? Disgusting trick. Don't buy this one. What a ripoff.

Karen Boyles says

Good ending nice plot twist.

Ross Homer says

This is the second in the Raven McShane series. Loved the first one, love this one. Raven's one of those characters you'd love to know. She's funny, smart, and pretty much fearless. She finds herself falling into situations that lead the reader on a merry ride. Kimchi? Not often you see that in a mystery book. Enjoyed this one as much as the first and, like the first, I am waiting patiently for the next one. Read it. You'll enjoy it. It's fun...not meaningful lit-tra-ture.

Joanna says

Fun, spunky mystery w a twist.

Holly says
