## **Writ of Mandamus** Rick Robinson

2011 International Independent Author of the Year, Robinson's newest novel, Writ of Mandamus is named Grand Prize Winner at the London Book Festival 2012 Rick Robinson's award winning political thrillers are as current as today's headlines. Drawing from over three decades of experience in law and politics, Rick's latest in the captivating and fast-paced Richard Thompson series, Writ of Mandamus, is already being hailed as his best yet. Writ of Mandamus will keep you up at night as you weave your way from Washington, DC to the countryside of Ireland following Thompson and the CIA as they chase Middle Eastern conflict and Kentucky horses.

### **Bob says**

A lot more fun than I expected. Yes, I stayed up late to finish the book in one day. Interesting characters, good development, and enough action to keep things moving right up to the end. Robinson has some political points to make, but they are more about integrity than Democrat vs. Republican, and he does not beat you over the head with them. If I had one criticism, it would be that there are enough characters involved that some don't get the coverage in depth I would have enjoyed. Jane Kline in particular. Excellent job of slipping in necessary plot pieces from the previous book; much smoother than other authors. Thank you for not making it a cliff-hanger, but still leaving enough plot for another book. I liked "Writ of Mandamus."

### **Julie says**

Read for a book club

---

### **LeeAnn says**

This book begins with more twists and turns than the streets in San Francisco. I have only read the Prologue and Chapter 1, so no spoilers here! This could literally do anything, go anywhere. However, I was most disappointed that the author found it essential to use language at the very beginning to merit an R on the big screen. Not an easy decision, but I decided to put it down in favor of another book.

---

### **Chris Comte says**

A very good book- just fun ! Well written and kept moving

---

### **Patti says**

Not recommended. Little to no character development. Adolescent sex scene. Skip it.

---

### **Terri says**

Since I lived in Covington so many references to places I know (Main Strausse, the ladromat my husband used to own, Amsterdam Rd, also Keenland Race Track) this short thriller had no problem keeping my attention. The author is local and doing a book signing at the local library soon. I will be checking out his

other books

**Terry Knight says**

**Great**

I enjoyed this book very much. It is a book like this that takes you to another world and makes you become part of that world. Thank you for a good read
