### **Anna says**

A good read, and fairly similar even in storyline to the previous book but I still enjoyed it for what it was. I always like the men, and Will, Lach and Xavier were as good as any of Becca Van's characters, and I was really pleased for Kylie when she decided to take a chance.

#### **Love this series**

All the books can be read as stand alone so but are so much better if read in order. Love this series and how the books come together. If you love hot dominant men and strong women who know how to handle them you'll love this series.
