Second in the Dark Promises series Faced with a killer vampire and a chance meeting with a stranger who leaves her frightened and aroused in equal measures, Ellie is forced to question everything her upbringing has taught her-including the belief that absolute evil doesn't exist. Fed up with lukewarm relationships that go nowhere, spending a few hot nights in Eric's bed seems like the perfect solution-until she finds out the truth about what Eric is, and how it's going to affect the rest of her life.

### **Lisa Nelson says**

Book two in the Dark Promises series. Not quite as good a read as *Midnight*. I found Ellie to be just a bit too ... inconstant is the word I think I want. Still, it made for a fairly pleasant afternoon distraction.

### **Kate says**

It started out really good, but started dragging about half way through.
