Dragon Knights, Volume 9

Mineko Ohkami

Dragon Knights, Volume 9 Mineko Ohkami

An enduring hit spanning 10 years of publication in Japan, Dragon Knights incorporates street style and contemporary humor in a farcical tale of dungeons, dragons, and some rather fashionable warriors. Rath, Rune, and Thatz--the Dragon Knights of Fire, Water, and Earth--do their best to look good while doing good, not always succeeding as they squabble with each other as much as with their enemies.

Starbubbles says

it's really tough to keep up with all of the twists the plot takes. very interesting, but more than a little difficult to keep up with everything

Hana Eka says

Jilid gila.

Nadil ternyata...

Rath ternyata...

Natalie says

Now we come to the conclusion of Gil and his fight as the One-Eyed beast of the mountain. This volume has no big battle or anything exciting in it. There is more information revealed as secrets are unveiled and more questions arise. We find out about the issue with the Wind Dragon and the Wind Dragon Knight (how the Wind Dragon Knight became a dragon knight in the first place, I'll never know since we never get to hear that story).

We do see a little bit of Gil's backstory, but that ends up in disappointment because we only see bits and pieces of this Laamgarnus guy who apparently saved Gil from going mad until he was killed by Shyderman. That was done in flashbacks but even then, there were only three pages of him shown and that's a tiny amount of space in manga.

There's also the Star Princess and Kharl the Alchemist but after reading the whole series more than once I'm still wondering why they spend so much of their attention on Rath. We do find out later in the series but even then I'm still a little confused. Maybe the Star Princess (view spoiler) and Kharl (view spoiler)

Then the scene where Fire stands in front of Gil to protect him from Rath killing him. From that and plus the scene with the Star Princess we find out that Rath's guardian dragon is not the Fire Dragon but the Light Dragon who is dead. How this happened or how any of this works, I have no idea but we find out that the Wind Dragon can save Rath (since we found out that he was dying in the first few volumes). But that proves useless because it's dead.

There's a lot of information to take in and our heroes quests are just about over. So stay tune and join me in the next volume!
