Huge X3 Stephanie Brother

Imagine getting a chance to live out your filthiest fantasies.

Would you take it?

I dream about **twins; four hands, two mouths and two other things HUGE enough to blow my mind**. So when a set of deliciously sexy identical brothers suddenly appear in my small town nightclub, I don't know what to do.

Should I take the gift that fate is offering?

They look like Bryan; the man I've been secretly in love with for years. Maybe that's why I end up blindfolded in their pool house, discovering reality is a whole lot more stimulating than fantasy.

It's only later, when I'm doing the walk of shame, I realize that the likeness wasn't just coincidence.

Bryan is their half-brother! And he's been keeping a big secret too.

Suddenly I'm in triple trouble.

This is the story of three HUGE men and one very lucky girl. Happy ever after guaranteed! Well, there are three of them! What could possibly go wrong?

ARRESTED - A Stepbrother Romance is included as a **bonus book** for a limited time only.

This is the story of three HUGE men and one very lucky girl. Happy ever after guaranteed! Another fantastic read my Stephanie Brother. I was given an ARC of this book for an honest review.

Eve Recinella (Between The Bookends) says

So I went into this one thinking I was going to get some hot menage action, with a little storyline thrown in. What I ended up with was a WHOLE bucket full of serious drama llama real life issues. Talk about depressing!

For that reason I just never connected with the characters. There was WAY too much going on and the relationship (if you want to call it that) just wasn't believable. Bryan was a HUGE pussy that let his father pressured him to stay away from the woman he apparently "LOVED" for three years. Not until she started banging his two half-brothers did he grow a pair. Even then, it took over half the book.

"Too many of my BFF's have partnered up. First Jenna with her step brother Harrison, then Carrie with her step brothers Ethan and Nathan. Maybe that's my problem. I don't have a stepbrother to seduce me. I need to get me a step brother!"

On top of that, the ending was rather abrupt and it left us with a ton of unanswered questions. Kaitlin is facing this HUGE real life issue throughout the entirety of the book, but the aftermath of it is totally glossed over in the epilogue like that author couldn't be bothered to write about it anymore. The title is also misleading because they are not step-anything. Katelin's mom and Bryan's, Ethan's and Jason's dad are just in a relationship, NOT married. In fact we NEVER find out if they actually ever get married (see unanswered questions comment)

In summary WAY too much real life issues that overshadowed what could have been a really good menage romance.

Doris says

With Huge X2 we had Carrie realizing what she had with Ethan and Nathan so what could make more sense than her best friend, Katelin upping her by one. This wasn't just about how twins along with their stepbrother taking Katelin to places she had only read and fantasized about. We were dealt the cancer card along with almost losing a best friend who was bringing new lives into the world. Austin and Jason were the twins that were the catalyst to bringing their stepbrother Bryan into Katelin's life when she most needed all three of them.

As in true Stephanie Brother form this book was SMOKIN' but it brought a lot more to the table than just the fantastic sex. This book seemed to not only add another player to the table so to speak but it made you stop and think about how important life is and how you shouldn't waste any time worrying about what others may think or say and try to live out your fantasies whenever possible.

This book was provided as an ARC from the author for a honest review.

10+++ *MIND-BLOWING STARS!!!*

I'm sitting here, my jaw to the floor, wondering how in the world I'm going to articulate how this book *DESTROYED* me. It was perfection, in every sense of the word. Stephanie Brother manages the seemingly impossible by getting better and BETTER with each book. I read Huge & Huge X2, thinking that there was NO way that she could top that... and I was SO wrong.

Huge X3 was phenomenal.

It was an emotional roller coaster, an on-the-edge-of-your-seat, **IMPOSSIBLE TO PUT DOWN** read that had me devouring this book like a starving man at an all you can eat buffet.

There aren't many books that I can say GRAB me by the throat emotionally. I definitely feel amazing when I read awesome books, but Huge X3 ripped my heart out of my chest and took a big bite out of it. It was THAT good.

Huge X3 picks up with Katelin (who was introduced in the second book). The Huge series can be read in any order, really, but it definitely makes for a richer, more addicting reading experience if you read them in order. (Believe me, they're ALL fantastic and worth reading.) Katelin sees the amazing relationship that her best friend Carrie has with her twin stepbrothers, Nathan & Ethan. She finds that she wants something similar. She has longings that she never really realized that she had until she saw Carrie and her boys. Polygamous relationships aren't something that society really smiles upon or looks upon favorably, but Katy can't help but be drawn to them like a moth to the flame.

Readers of Huge X2 will remember that Katelin has been secretly in love with Bryan for years, a delicious guy that seems to have put her squarely in the friend zone. She's frustrated because everyone knows that Bryan seems to like her but doesn't seem "brave enough" to pursue Katy.

Katy finds herself going to the town club/bar, "The Red Devil", & sees a set of twins that look incredibly similar to Bryan. They introduce themselves as Austin & Jason and mention that they are from New York & are in town visiting family. Little does Katy know that the twins are half brothers of Bryan. There's an instant, fiery connection between her and the twins and soon she finds herself going home with them. But just when she thinks she's struck gold, her whole world comes crashing down in a dark reality.

The drama and angst in this book was perfectly written, along with the character development. We get a closer look at why Bryan has been avoiding anything romantic with Katy and the emotions that Katy feels is like a knife to the heart— it's so relatable, *SO* intense.

The way that Stephanie delved into everything that the characters went through made for SUCH a rich experience. It made me feel as though I *KNEW* the characters, like they're my best friends... people whose numbers should be on my phone and I can call them at any time. She fleshed them out *SO* well & so thoroughly, including other characters from the previous books. It was an incredible experience.

The writing in this was golden, absolutely perfect. It flowed effortlessly from page to page and was incredibly addicting. This book was so much *MORE* than the past two books in a way... It had a *DEPTH* to it that the others didn't quite have, which I **LOVED**. Stephanie Brother becomes a better writer with each and every book she publishes. It was an absolute pleasure to devour this whole and I absolutely recommend it.

Do yourself a favor and *****READ, READ, READ***** this book!!!

10+++ STARS!!!

Morilyn says

HUGE X3: A MFMM Menage Stepbrother Romance by Stephanie Brother is another in the multiple stepbrother trope and I honestly feel this outline has run its course. There is hardly anything new or fresh left to cover, except that Stephanie Brother does write an erotic tale.

Katelin had been trying to get Bryan's attention for a while - they were friends, but that was all. She's been fantasizing about a menage experience for a while too & when a pair of incredibly hot twins, who are uncanningly like Bryan catch her eye at a club one night, she's all in! They are Bryan's half brothers, who grew up without their father, who was obviously a busy man 21 years ago, because they're all the same age. Katelin & the twins worked well but the addition of Bryan brought nothing to the menage imho. He was really just a 4th wheel in a simple M/F/M story. It's an exciting & erotic story and includes a 2nd story as a

bonus, which is always nice

Steph's Romance Book Talk says

I wanted to love this book and I started to really enjoy it but then it ended at 47%.....HUGE PET PEEVE!!! Especially since the book is advertised at almost 300 pages. I would have given this book 4 stars had it been a full story. Yes, there was a bonus book but I think that if a book is advertised as a full novel it should be just that a full novel!!

For the short story that it was it really was hot, sexy, sweet, funny, and touching.

There will be no video review for the book.

Threes the charm!

HUGE X3 is a standalone RH. It's a fast paced novella which takes us through a budding relationship between Katelin, Bryan, Austin and Jason and ends with a HEA. Katelin however is going through some tough situations that lead to her emotions being all over the place and the comfort and support these men are just what she's (also let's not forget their HUGE assets don't do to bad either).

L Morales says

Wow!! I was pleasantly surprised with the storyline and I loved the characters. This book is intense and it has steamy sex scenes. I recommend reading this book!!
