## From Reader Review Irresistible Lines for online ebook

### **Emma Pocock says**

Rrrrr I'm so frustrated right now that the book ended before I was ready.....please tell me that I won't have to wait a month for book six and that book six is not the last.

I'm so torn between which John I like more...I'm string to really think I like Zane more.

Will Zane come back? Or is he gone forever?

Was it because of john cruze snooping around that got solokov picked up by the lapd,which resulted in Zane talking off?

So many more questions I need answers too that I think I will need a giant book 6 if its the last one.

Oh by the way I love this series

---

### **? Eyes On The Stars ? says**

[What trouble is Zane in? Who is Sokolov? I somehow don't hate him as much as I did in Books 1

---

### **Jamie (TheRebelliousReader) says**

3 stars. And we take 10 steps back with this volume. So sad.

This one felt more rushed than the others and the storyline seemed to be all over the place. Everytime the P.O.V changed between Cadence, Zane and John I felt like I was reading three different books instead of one connecting story.

I especially had a problem with John in this one. I was starting to kind of sort of warm up to him a little bit in the last volume, but here he was just so weird and annoying. He reacted like a child who didn't want to share his toy and he just came across as creepy. I don't know how I feel about him now. I think I'm back to not liking him, not sure yet.

Zane was great, but with this story being so damn rushed that I didn't feel as if his character was consistence. I like what he did in the end but there was something about his character here that seemed a bit off than usual. Can't place my finger on what though. Still Team Zane though.

Cadence is so confusing that she drives me insane. She flip flops on her feelings between Zane and John and I really wish she knew what she wanted because she's really annoying.

This series is so quick and easy to read and that's the only reason I keep reading it.

---

### **Calien Laure says**

This is the first novella in this series that I've read. It was a very quick read with some great sex and teases about other sex scenes. It left me with questions and wanting to know more about the characters and story, which are all good things if you are trying to sell books.

However, it was such a quick read that it felt more like an excerpt. If the other books are similar to this one, I would be hard pressed to justify to myself paying for them.

I gave it pluses for the story, sex and characters but minus for the length. I may try one other volume to see if this one was just an anomaly in length, but I will be putting it on the back burner to read.

### **Stephanie (Bookfever) says**

That ending! What. The. Hell. I need part six now!

Okay, you might have noticed I have this one star less than I did the other. I just didn't enjoy it *as much* as the other parts but I still really liked it. I was so thrilled to see Zane's point of view. I might've squealed... It also had Cadence's like always but also John Cruze's. Anyway, I really liked seeing the points of view from also the guys. Very interesting to know what they think and I am more than ever team Zane which made the ending even more heartbreakin!

---

### **Julie says**

Very limited hot action in this book, much different from the first few books in the series, and still an extremely short read. But there is a lot of story going on so things are starting to change in a new direction. John Zane was furious with Cadence over her performance with John Cruze for the movie & threatened to hurt Cadence's estranged brother Travis. In the end Zane tells Cadence what happens to Travis & I don't quite believe it - I feel there is a bigger story here that we'll find out in subsequent books. Zane doesn't have any of the serious tone & anger from the last book; as a matter of fact he has some serious problems with the illegal world he lives in & knows his time with Cadence is brief. He turns extremely loving towards her, hence the limited hot action. Cadence knows something is going on with Zane since she has streets smarts & knows how to read people. I also got a vibe from Cadence that she is emotionally attached to Zane - not the same as the attraction she feels for John Cruze but still very connected. The ending is a shock since I figured if Zane was separating himself from Cadence it would end up being something violent. Cadence has the world of luxury in her lap, the entire studio to run, Zane is on the run, and she can have Cruze to herself?? I don't think it is going to work out that easily but can't wait to read the next book to find out!

---

### **Brittany says**

WOW! WTF is going on?!?! I'm so confused and torn about this change of events. It sucks about Travis but more so that she doesn't have choice of which John anymore. Geez, I just need some more dirty, rough sex and to see what's going on.

---

### **Sarah Driggs says**

Ok I totally support this series, LOVE IT! Breena has explained it well, it is exactly like a tv show. And it leaves you wanting to watch the next episode ASAP!

The series is HOT and very intriguing. You get mixed feelings with Cadence- sometimes you want to yell at her for the choices she makes; then you want to hug her for what she endures.

Holey Hotness for Zane and John!!!!

This volume: Irresistible Lines, was heavy on my heart- almost a panic attack- but in a good way. Ha! Panic attacks good? Bahaha. Cadence's world is turned upside down yet again, but is she happy? We will have to see what's to come in Volume 6!

### **Roz Ward says**

This made me cry. Without giving too much away, the end made me so very sad :-( BUT what made me sadder was the fact that number 6 isn't out yet. I hate waiting, and I especially hate when there is no warning given to the reader. I would have much rather waited for the whole series to be finished before I started. That being said, this was a fab book and my sadness can't take away the fact that I was hooked from the start x

---

### **Christine says**

**THAT WAS TOO SHORT!! I NEED MORE!!!!**

---

### **Holly Douglas says**

Quick to read, captured my attention and left me wanting to read the next book of the series.

A steamy sexy story of Cadence a woman with a tragic past life that becomes a hooker to raise money to follow her dream of going to college. As one last date for her pimp she goes to a High class Hotel and to the wrong John.

Has the most amazing night discovering that she really likes John Cruze and that he is the wrong man she leaves.

Finding herself in more trouble than she wants to be in she is kidnapped by the man she was suppose to have the date with, John Zane. Zane holds her for five days introducing her to pain and pleasures she has not tried before.

Once release Cadence is back to the her real world with no money for college and having to go to work, finds herself in jail. The only one she can turn to is Zane.

Zane makes her a deal that she cannot refuse and in six months she'll be free of him and have the money to go to college.

Cadence life soon become more complicated by the connection between the two Johns'. One she know she has feeling for that can not be explored until she finishes her work for the Zane.

Lots of steamy Hot sex. Lots of twist and turns.

Interesting romantic triangle leaving you wondering who will Cadence choose or will she have a choice?

You can find this review at [My Favorite Things](#)

Irresistible Lines by Breena Wilde is the fifth book in the *Blurred Lines* series. This fifth serial novel is a little different from the others because it gives you different point of view (POV) each chapter. In this short, yet magical novel we are granted a look inside the inner workings of Zane's and Cruze's minds, in addition to Cadence's. It makes for some interesting tidbits about the hotties in here.

This book picks up where Dirty Lines left off and will definitely leave you in anxious anticipation for Twisted Lines.

*Never in my life have I felt such a strong need to keep someone safe, to f'ng protect her like my life depended on it. But as I lay Cadence on my bed, that's exactly how I feel.*

**-Zane**

*There's no question I want Cadence. From the moment I saw her standing in the doorway to my hotel room all those weeks ago, I knew.*

*The girl is different.*

*She's the one.*

*Grab hold of her and don't let go.*

**-Cruze**

### **S.M. Stryker says**

I absolutely love these books!! I couldn't put it down. I was up until 3:30 in the morning finishing it. I was a little tired a 6am when I had to get up for work. It is a very quick read and loved all the ups and downs. These books stirred all kinds of emotions in me from laughter to crying. I just recently stumbled onto this author and love him!! Not only can he write from a guy's prospective but from a woman's as well. I can't

wait until the next one comes out to see what will happen and who she will pick!! Very steamy!!! The only negative is having to wait. I didn't think I was going to like John Zane and was rutting for John Cruze, but now...I don't know. Can't wait for the next one

I LOVED IT!

★★★★★

Breena Wilde did it again, and I'm left wanting more!!! Again, we pick up right where Dirty Lines ended, and we start to see a new side of Zane, and for me (this is hard to admit) I begin to like him a little..We see John Cruze, Zane, and Cadence's points of view in this chapter of the series, and I loved it. I think this helped me like Zane a little more (He's still not John Cruze, but he's not as big of a monster as I thought he was).

You can tell Cruze really cares for Cadence, and wants to get her away from Zane, and Zane is starting to break down walls, and I think he's starting to fall for her, which is not what I expected at all about him! After Cadence's break down in Dirty Lines, Zane ends up taking her to his house (instead of the hotel) and while she's out of it, we find out that its just not Zane's sexual tendencies that are not on the up and up, but he is more then likely involved in some other bad shit. (still waiting to find out what though..)

When she wakes up, she gets to see this wonderful home that Zane has created, and they have their crazy hot sex in the pool! WOW that was a really great scene from this series! But when Cadence wakes up the next morning, everything has changed, and now its waiting until Twisted Lines is out to see what happens next.

Again Breena Wilde pulled us in and didn't let go, she gives us just enough and leaves us wanting so much more. I cannot wait till Twisted Lines is out, as it will be on my Kindle and reading it ASAP to see what happens next. I love this series!
