Isabella Jennifer Foor

One year ago Isabella Mitchell moved to Kentucky to live with her cousin Noah. Like her mother at her age, Isabella is drawn to men she shouldn't be with. When she travels back to North Carolina to see her parents, she and her ex have a one-night stand. She knows they are through, but sometimes what happens in the bedroom doesn't always stay in the bedroom.

Eight weeks later Isabella finds out she's pregnant. She can't tell anyone, because she knows how upset they'll be. While struggling with decisions, Isabella catches the attention of the mysterious Rusty Tillman, a ranch hand for the Mitchell family. He's handsome, hardworking, and ten years older. When Isabella refuses him, he takes it upon himself to claim the child as his own. Since she doesn't want the family knowing the real father she goes along with the lie. The only problem is that Rusty wants more.

Can Isabella open her heart to a new love, or will she go back to the only man she's ever loved?

I will divide this review in two the grammar and the story. Why? Because that's how I had to read it.

Normally this authors book have one or two grammatical errors that I can get over but this story was full of them. I felt like I needed to give the editor a dictionary or explain that just because that's how it sounds to you, that's not how its written. I love southern accents but that does not mean I want to read a book were every then is written as than making me re-read sentences over to understand what it said and that is on top of all the your/you're issues. There are even WHOLE WORDS use the wrong way. I'm not the queen of grammar but I expect better in a publish book that I'm paying to read. A better editor or a good beta reader would have fix that issue.

Now lets go to the story. The Mitchell series was one I read because most of the characters were likable, the situations were ridiculous but the story line more than made up for it. I say most because I completely dislike Savannah she is a self entitle brat that thinks the world revolves around her and for some reason everybody charters to her every want; other than that I love the characters. Now this spin-off seems to follow the same tract. I was expecting some character growth and original stories for the new generation. Instead I got a slightly alteration of the same. Noah's book already was a case of same issues different character making the old generation of Mitchell look like they forgot about their past. Now Izzy's book is the same thing different name. At the end of "Loving her" we were showed an Izzy that with the love of her dad grew to be an intelligent well love woman. Why are we presented now with an adult women with a case of unhealthy men attachment normally presented in a daddy didn't love me case? This is a generation that come from couples that love each other deeply, that went through hell and back to stay together and that show that love every day. How come their kids don't know how they should act or how a person that love them should treat them? Yes I expect mistakes and struggles but I expected a young woman that respected herself and demanded that respect because her dad show her she deserved it. I couldn't buy her because I love him excuse or the my family wont stand by me mentality. She acted like a brat not a strong woman and to top it off we didn't got more than a glimpse from the awesome father/daughter relationship she have. Rusty was a great character

but I really didn't get the big reveal yes is a painful story but nothing that will cause people to fire you or alienate you like he made it seem it will happen. The whole Tate angle of the story was pitiful and laughable doesn't matter the circumstances a cheater is never the victim. The whole story felt like a regurgitation of her mom story, I think fans of this series deserve something original and better edited. Just because we like the books doesn't mean we will be happy with anything that gets thrown together. Hopefully the next book gets better or I may just stop reading this series.

I recommended for Mitchell fans others will be just lost in the sauce.

There were aspects of Isabella's parents that I liked, but I didn't expect her story to mirror theirs in so many ways. I found the way that Bella acted for the first half of the book to be childish, which annoyed me. I did like that Bella owned up to her actions and tried to help someone else, was so disappointed with how Bella treated Rusty. Bella kept changing her mind I got whiplash from the back and forth.

The whole clan annoyed me too when Bella finally revealed her secret. Instead of being the supportive family all they seemed to do was shout at her, then give Rusty the stink eye. It was only when Bella really made the choice to be with Rusty by protecting her secret that I was finally on her side.

Even with my issues, I like how this one ended, like that Bella is home and the future that she has.

Renee says

3.5 stars - Love this family. I am really enjoying reading about the kids now that they are grown. So happy that they each have their own book. I loved Ty's and Isabella's relationship in the previous storyline when she was younger. I can't say that I loved Isabella in this story. She came across as so bratty and self centered. I don't remember her that way. The story redeemed itself for me, but it definitely was not my favorite book of the Mitchell/Healy series so far.

Vickie* says**

wow she really is her mother's daughter.

"the apple didn't fall far from the tree."

2 stars?

Oh dear lots it pains me to write this review, but this was hard to get through...

I wanted to reach through my kindle and strangle Izzy/Bells/Bella/Isabella almost every moment while reading this

The only saving grace to this story was 2 things: a) Rusty and b) Jake and Jax

Noah even pissed me off in this book. I think I am done with this family and spin off series after the last 2 books.

Kim Brewing says

I love this family....but having said that, I'm not Isabella's biggest fan. Indesive and spoiled brat come immediately to mind. I couldn't get over how much her life was mirroring her mother's. I actually wish she had been honest with her parents sooner so they could have helped her put her mind at ease. I liked Rusty, but at one point I wanted to scream "walk away". Best part of the book....the bond between Iz and Ty.

0.0% Going to start this later - really nervous as while I enjoyed the last book I never loved it
Although I enjoy Jennifer Foors book they never totally capture me so I never read them back to back but I really wanna get up to date with this series as Ive made a rule to myself that I need to get up to date before I start a new series :)

10% **While everyone in my life called me Isabella, Bella, or Bells, he'd called me Izzy. He always had and he always would. It was just something that made our bond so special.**

I love that bella and Ty are still so close :D

14% **Did he know how dark it was in these parts?**

Yh I didn't like Tate before but now I really really don't like him! -_-

18% **In all of the years that my brothers had annoyed me, I'd finally gotten to a point where I could appreciate that I had them. They'd saved my butt, and comforted me when I needed it. If there was some way to tell my parents how they'd come to my rescue, I would have done it.**

I love the relationship these three have :) they bicker like all siblings but they have each other's backs :D

22% **After all, I wasn't just running from my old life, I was running from everyone that had ever known the man I used to be.**

?! Oh I'm SOOO curious

24% **If she only knew that I longed for the company of a beautiful woman. I just knew that I didn't deserve it. This was my punishment for my past. There was no way to rectify what had been done, therefore I refused to give myself hope.**

What is his past?!?! IM SO CURIOUS! I NEED TO KNOW!

26% **Personal reasons. For the most part it's because I grew up around alcoholics."**

Oh? I'm so curious about rusty?! I definitely enjoying this more than noah :)

30% **It still gave me chills when he called me that.**

I love that he calls her that and she hasn't told him not too! :D

34% **this man was clearly in so much pain that he'd tried to bury it, by running away**

Oh rusty! :'(

37% **I went through the motions, with no real life coming out of me. For the most part I was dead inside. How anyone expected me to pick up those pieces and move forward was beyond my reasoning. They obviously had no idea what it was like to wake up one day and be without air.**

Oh poor rusty! :'(

38% **but I also know that I'd be lying if I tried to deny it.**

I love that he just told her the truth instead of trying to deny it! :D

40% **I had to look away when the heat of his words overwhelmed me. I could feel my heartbeat increasing, and knew that my reaction was only verifying what I could already feel was happening between us.**

I'm loving these two together - it was definitely building before but now that he's revealed his past it's definitely sped up their relationship! They're connected on a different level if that makes sense :D <3

42% **My nerves were taking over, and I wasn't sure whether to stop or push on.**

Oh rusty! I'm really loving him!

45% **I'd never connected on this type of level, and didn't know if it would ever be like this again.**

I really love the connection these two have - loving this so much more than the last one :D

50% **There was nothing that could bring me down from this high. Nothing but hearing my cousin's voice getting closer.**

Oh shit....

56% **My choice was always the right thing to do. I really didn't have to think much about it at all. The time for being irrational and overthinking my decisions was long gone. If I wanted this second chance at happiness I was going to have to make sacrifices to have it.**

Oh shit I know what he's gonna do... I'm just really scared about how everyone's gonna react - especially izzy! :/

58% **Don't bother apologizing to me. There's nothing you can say to give me back my life. Just lose my number. I can't deal with hearing from you, Bella. No matter how much I cared about you, I can't bring myself to ever forgive what's been done. It was bad enough losing you, but her too? Was it really that necessary to destroy me?**

Yh I hate Tate! He's a dick, I don't even feel sorry for him!

60% **I refuse to live my life as someone's replacement, Rusty**

Oh izzy! You're not a replacement! Listen to her rusty you know the truth n if you listen to what she's saying you'll know why she's denying it!

61% I watched an upset father begin to get emotional in front of a crowd of people. He sniffled and leaned his face down onto his daughter's shoulder. My heart broke for the bond that they shared, and I finally realize why she was so afraid. I didn't know their history, but clearly they were close. Her mother joined in, putting her arms around both of them.

I love this family! <3

66% "I don't care what you say, Iz. I know exactly where you want to be."

You know you love him izzy! Listen to what he's saying to you - he's nothing like Tate izzy!

70% My mother used to tell me that if I loved something I needed to let it go to see if it would come back to me. This was what she meant, and I knew it was going to be difficult.

Oh poor rusty :/ I think he's right though he needs to make izzy see that they're worth the risk and that he's not Tate :)

74% This was about the life that I wanted us to have together. It was about being in love with her.

Then tell her that! You're both so scared of being each other's consolation prize that you're not seeing what right in front of you! :(

76% I'm ready, Rusty. I'm ready to admit that there's somethin' real between us. If that's really what you want."

Yay! Finally! :D

84% I can't tell you how good it is to hear the voice of my son again."

Awwwww! I'm glad we get to see rusty reconnect with his parents - I hope we see them meet again!

85% The bottom line was that I knew I couldn't move forward until I left the past behind. In order to do that I had to face it. With Isabella by my side I was going to do it, because her love was my reason for wanting to live again in the first place.

Awww I really love rusty! <3

87% "I thought you were better, son. I thought you'd finally been able to move on, but it's clear that you haven't. Why else would you pick a woman that looks just like the wife you lost?"

Oh no! Please don't let this set them back! They were finally happy! :(

90% I wanted him to know without a doubt what he wanted before the baby was born.

I hate this but at the same time I know izzys right! :(

91% I didn't have to think about it, because the answer was obvious. "Never." "There's your answer. If Rusty had some hidden complex about you becoming his ex wife, he would have slipped by now."

Woo! You show her! Go Ty! <3

94% This secret stays between our immediate family. You don't need to share it with anyone else."

I love that they know now but that it'll stay between them :) colt and connor and their sides of the family won't know :)

97% In a matter of seconds everything had changed. "He's having two children at the same time?"

She shook her head. "No, Rusty. He's having one child." She grabbed my hand and put it on her belly.

"This little girl is yours."

Awwww izzy!!! <3 <3

100% I really loved izzy and rusty! I enjoyed this book a lot more than noah and shalans :D 4 stars!

Stacy Chambers says

holy crap this was a horrible book. now first off, let me say that I loved the entirety of the original Mitchell series. I have read them repeatedly. I was a bit taken aback when I heard that Ms Foor was writing a storyline for the younger generation of Mitchell's, but I figured I would love them as much as I did the first series. not so much. I barely made it through Noah 's story, and I cannot make it through Isabella's. this book is just junk. Isabella is an indecisive, irritating, pain in the ass. this entire storyline is ridiculous, but the fact she can't freaking make up get mind whether she wants to be with Rusty or not by 80-some percent through the book is just the last nail in the coffin for me. somehow each of these books seem to be getting worse. no thanks, I'm done. it seems that Ms Foor has indeed jumped the shark. adios!

Vallykes says

Sometimes, as a reader, I continue with a series or a spin off of a series because I loved the previous characters so much and harbor the hope that future stories will have the same magic as the first ones.

Of course I know that ain't always so...

Isabella presented a plot where it was like mother-like daughter. This happened a little with *Noah*, but it was almost identical with Isabella, so that I was reluctant to read it.

In the end, nothing really popped from this Mitchell/Healy story accept the awesome way Izzy and her father continued their unique relationship and the fact that the Mitchells/Healys are growing.

From the first series, I am pretty much vested in seeing what unfolds in the "next" generations. That doesn't mean I won't rate downwards when I feel the current installment of the series to be a *blah* disappointment.

K3 says

A fun series filled with drama, angst and romance. Great characters.

Kellie Maddox-Ward says

I love this crazy family...

This wasn't my fav but I still enjoyed it.

I wonder who's next...

Can't wait for Jax or Jakes book personally

Nicole says

It pains me writing this review as the Mitchell series is an all time favorite of mine and Ty is one of my favorite heroes. Isabella on the other hand... I do not like her one bit. She's so selfish, self centered and just horrible. Rusty deserved so much more and I started disliking him for being such a doormat for that little brat. Tate is displayed as a victim which disgusts me. Of course it's Isabella that thinks of him this way while the rest of the family wants to kill him.

"Isabella" is night and day from Ty and Miranda's story. So far this new Mitchell/Healy series isn't touching the original Mitchell family series one bit for me. I will of course continue on with the series since I do enjoy most Jennifer Foor books, although her latests (last few of the Kin Series included) haven't been at great as her past ones.

Rebeka Duran says

Ahhhhh!!! I love Is!! And Rusty is the shiz!

Definitely loved this one more than Noah's book.

It had the angst. I wanted to cry a lot in this book.

The love Rusty had for Iz was something epic!!!

Iz finding Rusty when she needed him the most was just perfect.

The whole Tate thing was such a big reminder of what all Miranda and Ty went through with Iz when she was little.

It was a great story of love and loss. I'm so glad Rusty found Iz

I couldn't help but be jealous for Iz and the things she felt about Rusty's past hurt! That's always GREAT when you can FEEL everything the characters are feeling.

Rusty had me hurting for him as well. Running away from his past like he did is something I could really understand him doing.

I CAN'T WAIT FOR MORE OF THIS SERIES!!
