Just Bob Stormy Glenn

My name is Bob. It's just Bob. Not even Robert or Roberto or anything as exciting as that. It's just Bob. Bob Mills. It's not a fancy name or a name that inspires great romantic tales. No one writes odes to Bob. No one screams Bob during great heights of passion. There are no great masterpieces with Bob as the main character. I can't even think of any fictional characters named Bob.

To make matters worse, I'm an accountant and I wear glasses. I own a cat. I have a library card, and I actually use it. If the karmic universe could have crapped on someone, I was it. Exciting, right? Yeah, no. There is nothing exciting in my life. Ever.

That all changed when someone put a contract out on my life.

The story was quite unbelievable! First off, it started with the blurb. Why would the author do that? Start a book with a huge part of the blurb itself? And the events that happened can only be called believable if you live in a crazy world! Bob and Mustachio, okay, Shade too, were cute, but the plot was just.....whoosh!

2.5 Stars

I love Stormy Glenn and her cheesy goodness but this was not a favorite of mine. It was a bit rushed and something was missing for me. I liked that they're true mates and drawn together right away. But, the rest of the story was just okay. I think it could have benefited from being longer.

I really wanted to like this story....and I didn't hate it, but. The character Voice of Bob is annoying. Not only is he annoying, but he doesn't feel like a real person. And beyond that, he's a grown man that been reduced to a child. He is constantly asking his mate questions and "No, Baby, blah blah blah" "Yes, Baby, blah blah blah" questions about everything and the response sounds like his mate is helping a child learn. Then you've got the fact that his mate has a fascination with his name and loves to add Bob into every sentence.

I LOVE the world building-I love that shifters put mates first, I love that the other two assassins stopped hunting him, I love that they aren't mercilessly crazed evil. I do not love the interactions between Bob and Shade and how Bob sounds like a child most of the time, and not like a real person the other times. It's told in alternating povs, and while Shade's is bearable and better, Bob's pov is choppy, and uses "I" too much, and just no.

It's not a terrible story, I've read worse. And I kept reading because I loved the premise. But the characters themselves? At least Bob and anyone when they're interacting with Bob? Needs work.

Okay, I have to say that I had fun reading this and loved the comedy in the book. The biggest reason I didn't give it five stars is because I found it very similar to Stormy Glenn's Assassin's Pride series. Both have an assassin after someone. Both have the assassin falling for their target. Both have a cat shifter. Finally, in both, the person being targeted is kinda uptight and regimented. I guess just the way it played out made me think of the other book a little too much.

Now, I'm not saying they are identical. They aren't. There are differences. Those differences are what got this book four stars. I like that the main character is an accountant. You wouldn't normally think of them being an assassin's target unless they work for the mob.

I guess all I can say is that I had fun reading this. Sure, most of it is unbelievable, but I tend to like reading that. I just like reading something light and fun sometimes. This book felt that way to me.

Bob Mills is just Bob – not Robert or Roberto but just Bob. Even worse, he is an accountant, wears glasses, and has a library card that he uses regularly. You cannot get more humdrum than that. Then someone puts a contract out on his life and his life goes from boring to explosive.

You cannot help but fall in love with Bob. He goes through life thinking everything about him is unremarkable. Then in one day all that changes. For some reason, there is a price on his head and the money just keeps going up. He is so endearing as he struggles with all the baffling changes. His rescuer comes from a source completely foreign to him and it is fun to watch as he tries to come to grips with all the changes. A delightful tale from beginning to end, Stormy Glen shows once again that she is a master storyteller. Don't miss Just Bob. It is the first book in the Assassins Inc. series.

This was so adorable. Hehe, Bob! I loved him and his personality. Thought he was perfect for Shade! Loved them both. Great start to a new series...

This was... weird. I'm normally all for the weird, but I felt like this story had no body and therefore it was just the weirdness that was left.

Bob is a young guy, a shy virgin with a somewhat boring job as a junior accountant. That's why he is very surprised to find the hot guy he saw at the diner in his bed one morning. Turns out this guy is Shade, who is sent to kill Bob. Of course it seems Shade doesn't want to kill Bob but ravish him instead..

I do have to admit there were some parts I did like about this. I do love a big stronger man sweeping in and claiming the young innocent virgin and we had plenty of that in this.

Unfortunately I had the idea that Bob was not that smart. He just accepts that a man breaks into his apartment and has sex with him in the middle of the night. And when he wakes up he doesn't remember said sex, and simply gets seduced again. There was also biting and claiming without any consent or knowledge of Shade being a shifter. It was more of a, hey, I want you, you're my mate, I'm gonna sex you up and claim you, and I don't really care what you think about it.

Luckily for Shade Bob was all aboard this plan, despite only having agreed after the fact..

It had potential, but it was still a weird book.

*** This is a cute, short, shifter tale with a snarky vibe !

The story of Bob. Ordinary accountant, Bob.

He's fired and then finds out he's on a hit list. He's too plain for anything this exciting to happen. The stranger he saw at the coffee shop, shows up at his house, and Bob thinks he dreamt about the super sexy sizzle. Nope.

Mr. Sexy is real, Shade is a Panther shifter and * something more.

Hit men start showing up to kill him, but when he's scented, they protect him instead. There is a bad guy, a kidnapping, some violence, a rescue and a twist, plus more sassiness.

This is a fun novella with everything we like. It's book one of Assassins, Inc., Stormy Glenn's new series, and I like all of these interesting characters. I will be waiting for more.

ENJOY !

3.75 Stars Dream Mate - True That

This was a fun quick read. It was reminiscent of Glenn's THE CAT'S MEOW, which I so thoroughly enjoyed that I purchased both the first and revised editions. Bob is the male version of a Plain Jane. He knows he's vanilla - just the Brown version. Brown hair and brown eyes. Neither are exceptional, no highlights or hazel flecks. Dark framed glasses. Ordinary looking. Nothing stands out. Bob considers himself boring, but he's greatly loved by the parents he has dinner with every Sunday and his huge cat, Mustachio. His parents are very proud of their junior Accountant son.

But Bob wishes he had something - anything that would bring the love of of a man into his mundane existence which consists of a very staid routine. A routine that includes going to work, grocery shopping, cleaning his apartment, taking care of his cat, spending time weekly with his parents, as well as going to the library. Oh and going to a coffee shop across the street from his job during his break. It is during one of these breaks that his life changes forever.

Panther shifters are an integral part of this story. Their animals are known to live solitary lives. This makes them excellent contractors in the Assassin business. The reader is introduced to several Panthers and the coalition leader. The shifters are large, cunning, stealthy, and ruthless. Many seem to have names beginning with the letter "S" which can be a bit confusing: Shade, Stone, Samson, Stryker, Sinclair just to list a few.

One notable exception to their extreme independence and loner existence is finding a True Mate. Something that rarely happens, but when it does it is a cause for congratulations, incredulity, and possessiveness; protective instincts emerge, as does joy and envy. The person who is most effected by this mating is a very deserving junior Accountant. The effects are both positive and negative, because finding his "Dream Man" turns into a Nightmare.

I hope this is the beginning of a new series. A couple of the Panthers in particular Sinclair and Samson, I hope find their mates. I look forward to reading their stories.

Hello, huge Stormy Glenn fan here and she didn't let me down with this one! Bob is not "just" a junior accountant... he is sweet, charming, a little needy and a lot thoughtful and caring... just what his would-be assassin, Shade, really needs in a mate! *sigh*

I look forward to reading the stories about the rest of the gang... Sinclair intrigues me! ;D

3.7 stars. Cute, sweet, and too short. Plain nerdy Bob reminded me of Bob in the Bob Newhart TV show. This story was similar to Stormy Glenn's The Cat's Meow. Even though Shadow and Bob were fated mates, the first sex scene could be labeled dub con since Bob was asleep.

Christy says

The fact that I am an avid Stormy Glenn fan is only a small part of why I wanted to read this novella. The much bigger part is the blurb. Seriously. How could I possibly resist that? I needed to get to know Bob and to

find out what happened. I rarely deny myself much, so it was a given I'd be reading Bob's story.

I fell for Bob right from the start and the feeling just continued. I was angry on his behalf when his company fired him because someone accused him of falsifying records for a former client. Bob is far too honorable and honest to ever do something so unethical. What he doesn't understand, though, is how he wakes up to the gorgeous man from the coffee shop, naked in his bed. Wait. Bob is naked, too. What is going on?

Shade is a panther shifter and an assassin. He's very, very, good at his job but he's going to have to skip his latest million-dollar contract because the mark is his mate. Now he has to figure out why someone wants Bob dead, and protect them both. Of course, first he has to explain that he claimed Bob, he was here to kill him, and he's a panther. Oh, and that Bob's ginormous cat, Mustachio, is a Maine Coon, a fact Bob seems to be clueless about.

“You...you...” Bob’s eyes were saucer wide. “You’re not human?”

I cocked my head slightly, confused by the growing fear in my mate. “No, I’m a panther.”

“Holy bunny bits.” Bob gasped. “You really are the more dominant cat.”

Loved this! Seriously. The conspiracy was suspenseful, the love was real, and the sex was hot. Not to mention meeting a few of Shade's co-workers, so to speak, and I would dearly love the opportunity to see more of them. Bob is absolutely perfect and it made me very happy to see him and Shade together.
