## **Love & Hollowtips 2 Jenica Johnson**

Hollow was so busy chasing Love that he didn't realize his enemy was chasing him.

Love and Hollow are everyone's favorite couple. With Love pregnancy on the line, she doesn't know if her love for Hollow will last. She can't trust Hollow because he's being untruthful about the incidents that happened. Love tries her best to move on but something keeps pulling her back. When an opportunity arises, Love takes the bait leaving Hollow in the dark.

Hollow is out in the streets trying to get back everything was taken from him. It's hard for him to keep loving Love when she's pushing him away. He gives her a taste of her own medicine to get her to understand that he's the only one for her, until she does the unthinkable. Hollow loses it when he finds out the woman he loves is not the woman she's been portraying to be.

Somebody has to die when the lines are crossed. Who will it be? Love holds them together but a hollowtip separates them.

Man I thought Love was gonna die cuz Hollow was gonna kill her messing around wit his uncle smh. I can't believe that she really was trying to kill him by herself. Hollow n Love relationship was crazy as hell n I stayed laughing at Hollow cuz of his rude ass mouth lol. I can't believe that the uncle really wanted to kill Adore Hollow smh. I luv how they set his ass up. I'm so glad that they made it cuz their relationship was rocky as hell man. I really enjoyed reading this book. Great job mama! This was fire right here! ????

I was hoping Hollow & Love would get it together for they were made for each other. Drex was dirty as they come. Whodie was mature when it came to his feelings for Adore. Enjoyed this series. Good ending

### **Boring**

I really skipped through the whole book. Love was very annoying when it came to her thinking that man was cheating, like girl shut up. You ain't even do all that with ya last dude. I keep skipping her part cause she just always over reacting to nothing. Idk I'm not gonna comment about anybody else cause no excitement in nobody but Hollow's life and that was kinda boring as well. Had to skip forward so that I could leave a review and go find me another book.

### **Good read**

Hollow and Love act like teenagers. I thought I wanted them together but the love they have is crazy to say the least. It seems to work for them but I couldn't handle it. I wanted to go shake some sense into both of them. Unc was certifiable and his karma found him. I loved Adore and Whodie together despite the age difference. They had a great friendship and sometimes it's not good to cross that line but this exception was good. Nice ending to this crazy tale.

### **Review of Love & Hollowtips 2**

Part 2 was definitely worth the wait! Hollow and Love eventually got it together after all of the bickering. Hollow also kept me entertained with his wreckless mouth. After all the turmoil they went through, they were finally able to relax and enjoy their lives together.

Love got on my last nerve this whole book. She was doing way to much for me. I didnt like her in this book. Im all for dont let your man run over you but she was overboard and sneaky. Issa a no for me on her. Hollow is bae for sure. He did what he had to do for his family. I hope Adore let Whodie love her friend r.

Loved it, Love and Hollowtip definitely had the craziest relationship ever they worked my nerves at times but it was great and definitely one of my favorites. Adore and Whodie need to stop playing and do them. I loved these characters craziest, loyalty, and the fact that all four of them always kept it real  
Awesome job Ms. Jenica

???

Ive never read about a more petty ass man ever! Hollow supposed to be so hard, so smart but the only 1 he get crunk with is Love. He rude, & disrespectful af. He also jacks her up, and cheats. So im tryn to see the difference between him & Rowe. Did all that talking about how he could love her better and he just as bad if not worse. The hell? But if she loves it, I guess! Crazy storylines... Good book.

#### **Good Read**

I really liked this story. Hollow was rude, crazy and dangerous. He loved his family and his women to death. He was still trying to adjust to a relationship and so was Love.  
His sister and her right hand man had the right type of relationship. My first series by author and pretty good. Loved the cover too... good job
