# Max's Redemption

L. Wilder

**Max's Redemption** L. Wilder

**He has his second chance, and this time he's not letting her go.** Harper Campbell was beautiful, smart, and innocent. I wanted her to be mine. There was just one problem. She was my best friend's sister. She was off-limits, but I couldn't help myself.

We were just kids when we fell in love--young and carefree. Then tragedy struck, and I felt I was to blame. I did the only thing I thought I could--I left, leaving everything I cared about behind.

**Harper:**

I'd loved him for as long as I could remember, and losing him almost broke me.

I tried to move on.

I tried to forget.

But I could never forget Max, the boy I loved with all my heart and soul.

I never thought I'd see him again, but with one unexpected encounter, he was back. He wasn't the same boy I fell in love with all those years ago. He was that and so much more. As much as I wanted him, I had to wonder... *could my heart survive another break?*

*Max's Redemption is a standalone, second chance romance that will pull at your heart strings, and while it isn't an MC, it will still take you on a wild ride. So, hold ladies, here comes Max. Intended for reader 18 on older for explicit language.*

## From Reader Review Max's Redemption for online ebook

### Jos says

4 -4.5 Stars which could have easily been 5

SPOILERS AHEAD!!!!

OK, I love this author and this again was another very good read. What stopped me from a 5 Star rating was some personal and very minor issues:

First, 10 plus years separation for me.....just a no, I love a good second chance romance but this was way too long and the fact that he never sought her out after ripping out her heart.....ya, that's just a no. Second, the "drama" that ensued once they were together was very lackluster, I failed to even "get" it really, it was a weak twist in the story that didn't work for me. Third, she took him back too fast and too easily, uhhhhh, also a big no for me. He needed to do some serious groveling and after 10 years I was already not "impressed" but that was ok cause she needed no groveling whatsoever and that was disappointing.

OK, so now that I had my rant on to the positives. The writing was great, I loved the storyline but wished it had been executed slightly different but all in all a good one with the exception of that ridiculous drama that ensued. The characters themselves I absolutely adored and loved and wished he had been man enough to come back for her and that she had some pride in making him work HARD to get her back. Other than that, I LOVED them both believe it or not. I loved them entirely but wasn't fond of some of the ways they had been "portrayed" if that makes sense! I sound so on the fence BUT I really liked it so much but there were just parts that I wished had been written differently because the first quarter to half of the book had makings for a total 5 Star read, I especially loved the flashback, the back story of them, it was written brilliantly and I was 100% invested in them. Although I had those minor issues, I never once lost my faith in them, they were true soulmates for sure:)

Any whoo, as usual I am a huge fan of this author and will continue on with this series as well as any other books she writes in the future!

---

### Simona Misevska says

2,5-3 stars

Well this book just didn't work for me. The writing is not that good, and the story plot is interesting but the delivery goes wrong. I couldn't connect with the characters or the story, I didn't feel their chemistry. And the "drama" in the end was not convincing.

## **Nerdy Dirty & Flirty says**

This was a short story by an author I have really grown to enjoy. But being a bit on the short side didn't change how much I enjoyed everything I was given.

This Brother's Best Friend/Second Chance Romance was packed full of friendship that can feel more like family. It had heartbreak and grief. And most importantly it had love. All kinds of love. The romantic kind between Harper and Max. The love between friends with many of the characters. And even the love parents can feel for a child's friend who they feel like they've raised as their own.

This story had me smiling, feeling, and enjoying throughout which is a mark of a good story to me. Max and Harper were both extremely likeable characters. I really liked the progression of their relationship and seeing how it all changed. I also really liked the moments I got with previous characters from other books I've come to love.

Overall a story I'm happy to have had a chance to read. And one I would definitely recommend to L. Wilder fans.

---

## **Tpagirl says**

Max's Redemption was the second book in L. Wilder's Redemption Series, a spin-off from her Satan's Fury series.

Max Lanheart was the gorgeous second in command to Nitro, book one. He was ex military and had a story that he was running from, yet he never forgot his one and only love.

Harper Campbell was the beautiful author that came through loss and tragedy on the other side. She grew up with Max, who was her first love and first heartbreak but she hadn't seen him for ten years.

Wilder took us through the early years and then what tore them apart. She then fast forwarded ten years to their chance meeting. The storyline held a suspenseful vibe, true to Wilder's style, but the primary focus was on Harper and Max reuniting.

In the end, it was a quick and sweet read. My assumption is that we'll now get Ryder or Jay's story next as well as a deeper resolution to the secondary storyline that was brewing underneath. Either way, I'm all in and can't wait.

**Title: Max's Redemption**

**Author: L. Wilder**

**Genre: Contemporary Romance**

**Publication Date: November 5, 2017**

This is my first L. Wilder novel and I must say... I'm not a convert. YET.

I felt like this book had so much potential until it went downhill for me.

The first half of the book, I was hooked. I was excited, giddy and restless for more... by the end of the first half, I was a blubbering mess. oh! the sadness! my heart literally broke into millions of tiny pieces..... then... the second half started and I noticed a decline. Nope. It just didn't do it for me anymore. And the climax was so anti-climactic. I was promised a 'wild ride'!!! where the hell is it?!

But I will say this, this is a spoiler of sorts, the climax? granted it wasn't who we thought it was but still... come on! I don't want to be harsh but I could hear crickets chirping in the background after that 'revelation'.

Maybe I am being harsh because others seem to love this book. And, I know the star rating might confuse some but the truth is, I loved the first half, it's the second half that ruined it for me.

Why don't you give it a try and let me know... Maybe you guys will like it.

**Tanya says**

TO THIS DATE, THIS IS MY FAVORITE BOOK BY L. WILDER

MAX WAS A VERY INTRIGUING CHARACTER IN DAMAGED GOODS AND I WAS EXCITED TO READ HIS BOOK.

I LOVED THE BACK STORY, AND GETTING TO KNOW WHERE MAX CAME FROM AND HOW HE GOT TO BE THE MAN THAT HE WAS.

HE GREW UP WITH HARPER AND WAS HER BROTHERS, BRODY, BEST FRIEND.

BEING YOUNGER THAN MAX AND BRODY SHE WAS JUST THE KID SISTER. MAX WAS ALWAYS GOOD TO HER, BUT JUST SAW HER AS THAT, HIS BEST BUDS KID SISTER. OVER THE YEARS THAT CHANGED, AND HARPER GREW UP, CRUSHING HARD ON MAX. FINALLY MAX NOTICES HER AND THEY SLOWLY GET TO KNOW ONE ANOTHER ON A WHOLE NEW LEVEL.

MAX AND BRODY MAKE PLANS FOR AFTER HIGHSCHOOL, AND THIS IS WHERE THINGS CHANGE. THEY BOTH GO OFF TO THE MARINES, MAX PROMISES TO COME BACK FOR HARPER, AND SOMETHING HAPPENS THAT MAX BLAMES HIMSELF FOR. IT CHANGES HIM, AND HE FEELS HE CAN NEVER FORGIVE HIMSELF AND ISNT TO BE WITH HARPER.

A CHANCE MEETING YEARS LATER HAS ALL THOSE OLD FEELINGS COMING BACK TO BOTH OF THEM.

THIS STORY BLEW ME AWAY, I HAVE ALWAYS LOVED BACK STORIES TO BOOKS, BUT THIS ONE WILL BE MY FAVORITE IVE EVER READ!!! IT OPENED UP I FEEL FOR L. WILDER TO GO IN SO MANY DIFFERENT DIRECTIONS WITH HER WRITING. EACH BOOK SHE DOES JUST GETS BETTER AND BETTER! I CANT WAIT FOR OTHERS TO READ THIS STORY AND WATCH THEM FALL INLOVE WITH MAX AND HARPER AND THIS SECOND CHANCE ROMANCE STORY!!!

---

**Andrea Fleury says****Great read fabulous author**

Max is a sexy Hot as sin man. He had a rough childhood and his father was a drunk. He loved just one girl. He went into the marines but while he was gone he lost his way back home.

---

**Pelusa Rivera says**

Received an ARC at no cost to author in behalf of Enticement Book Journey Promotions..This one I recommend, it is a second chance story..Max and Harper loved each other years ago, but Max joined military and promised Harper he would return for her, that didn't happen. Harper was heartbroken, but tried to move on, and now Max is back, how can they be friends after so much heartache...Read my friends, it is pretty good. Enjoy!

---

## **Neringa Neringiukas says**

Honesty, I'm not a fan of second chance romance. But that doesn't mean that I don't read them. There is always exception. And Max's Redemption fits the bill.

It was a bit different then others L Wilder books. More sweetnes and lively moments. But that said, there was a heartbreak and since Max is connected to Nitro we get some trouble.

Max... He was everything. Years ago or present. It didn't matter. He always was special. Protective, tender, loving... He won my heart, but... I'm not sure how to express it. To say that I was dissapointed in him seems wrong. So, I just stay with, that I was dissapointed of time Max and Harper lost. But guilt can break your soul. And maybe it wasn't a mistake, for him to walk away, no matter how much painful it was for both of them. Max needed his soul to heal after tragedy hit. Otherwise, neither Max nor Harper could have a forever at the end.

---

## **Julie says**

Max had known Harper for years, she was his best friends sister. They were close, she was off limits but he couldn't help himself and their friendship became so much more.

Then Max joins the marines promising to return, leaving Harper broken hearted and alone, awaiting for his homecoming. But tragedy strikes and nothing will be the same again.

This was a beautiful story, told sometimes with such heartbreaking, gut wrenching emotion, tears are inevitable and then there's tears of joy as every thing falls into it's rightful place, tissues are a must. Ms. Wilder's story telling was phenomenal, the chemistry was out of this world and the characters were delightful, Max started out as a very charismatic guy, his experiences away had harden him, but he still wanted Harper. But Harper had moved on, and Max's return confused her. This is a second chance romance not to be missed. I highly recommend it!

---

## **Mel Allen says**

Wow just wow Max's Redemption is fantastic, I love how we still catch up with the characters from book one. L wilder never disappoints she's done it again with Max's Redemption I recommend this book to everyone.

This is the story of Max and Harper, it's full of Romance, love, alpha men, sadness and happiness, I couldn't put this book down once I picked it up it had me from page one.

What happens when you love your brothers best friend but he doesn't see you that way that is Harper's reality. But when he finally sees her he joins the marines but when a terrible tragedy happens Max disappears so when Harper bumps into Max after ten years she's can't believe she's actually seeing him after all this

time. But the big question is can she be his friend like he wants after he broke her heart.

Max can't believe his luck when he sees Harper again and can't let her walk away, but knowing how badly he hurt her he still has hopes she will be his friend or more cause he realizes he still loves her she's always been his He just never thought he would get the chance at a second chance with her.

## **Bette Hansen says**

### **Good read**

This one is a good read but for me it's missing the suspense and action I've come to expect from this author. It's well written with great characters but it just left me wanting more.

Max and Harper

Another great story from from Ms. Wilder and as always we loved it from cover to cover.

One of the things I love most about this author is that she creates characters for us to love and fall in love with. We have seen Max beforehand as he has graced many pages of her MC series Satan's Fury series and also his boss Nitro.

This was really as sweet love story filled with love, romance, a bit of suspense and second chances as we loved the plot and it had everything we love reading about that makes a great story. The story had amazing characters that were like-able as well as love-able that added humor and emotion to the story.

For me I always pick a favorite character and mine is going to be Harper. I just loved her from the onset she was filled with spunk and had an awesome sense of humor and was also just so sweet, kind, and loving. I loved how strong she was to survive the loss of her brother as well as her true love.

I already had a secret crush on Max from the other books he graced and especially the part he played in saving Tristen from a horrible fate. Max is a character of many layers as he can be sweet, kind, has a sense of humor, is loyal to those he loves but, he has a whole other side of him where he is deadly and dangerous and mixed up in a world filled with danger, violence and death.

Max has a second chance to win back the heart of a girl that he once loved with his whole heart yet walked away from her without a second glance. Max is up to the task of making up for lost time and a whole lot of groveling on his part. Harper has other ideas when it comes to Max and as much as she still loves him she is not willing to revisit that pain and suffering she has already experienced by him leaving her once as she barely survived the first time around.

A battle of wills collide for both Harper and Max but, one thing is always been true for this couple and that they were soul mates and were meant to be together. I love being on their journey at finding their way back to each other. The story was filled with humor and tons of emotion that caused me to tear up more than once. One of those sweet romances stories that touches one's heart with some really hot sexy love scenes making things even hotter!

The story has a few twist and turns and even a few surprises but most of all we saw Max walk away from one life to start a new one which for him will be more meaningful and loving for sure. Even though this story is a standalone Max's story he is still connected to the Satan's MC and a brother at arms just not an actual brother so we were able to catch a glimpse of a few of those characters from the Satan's MC series as well.

I love when you can connect with the characters you read about and I was able to do that with this cast of characters as they were easy to love from the onset and had me rooting for their happily ever after knowing they were meant to be together and were true soul mates who deserved to be together.

We loved each and every page. Another page turner that we thoroughly enjoyed.. Another job well done MS. Wilder.

Goes into the keeper pile....
