Dear Dash, do you believe in fate? Well, I do.

One day Quinn finds a bottle that's washed up on the beach. Inside is an adorable message from a young kid. Turns out, that little kid has grown up to be the superrich, superhot guy that Quinn's been crushing on. Quinn and Dash finally meet at the club where she works a summer job, and they hit it off instantly. It's fate, right?

Not really. Quinn and Dash are from totally different worlds. So when the waters get rough, can they keep this summer romance from washing out to sea?

this book wasn't good but it also wasn't bad... i thought it had a very predictable plot line but was a cute story... I think that in the end something more dramatic should have happened to the main characters and also the "bad guy" should have been madder...

Ruth says

Allyson says

I liked this one, but it was a little too fast paced for my taste. The third and first ones are definitely the best.

Fouzia says

Read it years ago but it was cute. I'm a sucker for the romance.

Katrina Knittle says

It was a cute, fast, and short read. It is a mixture of romance and bringing two different people together. Definitely, a sucker for these kinds of romance novels.

Breanne says

I'VE BEEN LOOKING FOR THIS BOOK ON GOODREADS SINCE I WAS IN THE 7TH GRADE!
OMG!

Seriously though, this was a really nice, quick read. I still remember it well and I would totally read it again.

When I picked up this book, I seriously had doubts but decided to give it a try and see if I was wrong. But as it turns out my doubts were correct. Message in a Bottle was everything I'd thought it to be, dull, sappy love story with no meat. Message in a Bottle felt really hollow, and basically only determination to finish reading this book kept me going. There were seriously some scenes when I wanted to put the book down and sleep. There just wasn't anything captivating that kept me hooked onto it.

Quin has always imagined the "perfect" man, but never expected to meet one, especially not through a message in a bottle. But fate did just that and designated her to receive a message from her dream guy whom she met in her summer job. But with some misunderstanding and white lies her whole relationship with her dream guy could come crashing down and possibly ruin her whole summer. Truth is, she and her dream guy come from two very different worlds. Will her relationship with her dream guy be able to survive or will it be just a summer fling?
